A. B. CARSCALLEN CHOSEN

(Continued from Page 1.) His keen grasp of Canadian affairs, and of the administration of the affairs of the departments of government, have rendered him capable of being of immense assistance to the government of which he has been a consistent supporter. We also congratulate him upon his apparent restoration to health, and his recent happy marriage, and wish him many years of bliss in a joyous wedded life.

Addresses of Candidates.

H. A. Baker, Moscow, president of the county executive, presided. He stated that it was just seven years since a convention of that kind had been held in the county.

W. D. Black, M.P.P., the first candidate nominated, stated that a large number of people from the county had asked him to go before the convention but in view of the fact that many people had been instrumental in getting him into the provincial legislature he would be guilty of an act of ingratitude if he decided to run for dominion honors. He took occasion to compliment W. J. Paul, the retiring dominion representative, for his faithfulness. Before taking his seat he took a "swing" at Mr. Sexsmith, the U.F.O. candidate, who he claimed was a Conservative for a year then a Liberal and last of all a U.F.O.

W. J. Paul, told the gathering that it was only on account of ill-health that he was forced to withdraw his name. Last May he was very sick and his life held on a thread. The doctors advised him that he must retire from public life, if he ever expected to regain his strength.

A. C. Tummon, Selby, in a few words told the electors that if they saw fit to send him as their representative to Ottawa, he would do his best in the interest of the county, and if not, he would give his whole support to the choice of the convention.

J. W. Robinson, merchant, Napanee, said that he had come before the convention, and had not solicited a vote. If the gathering saw fit to vote for him, well and good, and if they didn't, then, well and good. He stated that he had never cast anything but a Conservative vote, and today he was enthusiastic over Meighen's policy.

A. M. Bell, stated that he had always been a farmer, and would likely die as such. He announced that he had been appointed deputy returning officer for the county, but had declined that position, and had forwarded his resignation to the chief election officer, Col. Bigger. When he declined the office, he was asked by a representative who he would recommend for the position, and he stated, J. M. Simpson, barrister, a returned man who at the present time was practising in Napanee. Mr. Simpson is crippled for life as a result of service in the great war.

C. W. Hambly, who ran second in the contest, said that he appeared before them without solicitation, and if they saw fit to elect him he would do the best that was in him; if not, he would support the candidate selected by the convention.

Cyrus Edgar, who has had considerable municipal experience, and had been warden of the counties of Lennox and Addington, asked the support of the convention.

Joseph Foster, Moscow, in a quite lengthy speech, said that Crerar, leader of the Farmers' party, had not turned over a furrow of ground in twenty-five years.

W. Adams, Joseph Hicks and Henry Dréw, thanked the movers and seconders of their nomination, but asked that their names be withdrawn.

Dr. Edwards Speaks.

Hon. Dr. J. W. Edwards, minister of health and immigration, dealt for

Liver Pains

Pains under the shoulder blades tell of liver derangements.

Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes:

"For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

some time with the financial situation of the dominion. He claimed that when Sir Wilfrid Laurier took over the government in 1896, the debt was two hundred and fifty-eight million, and during the term of office of that government the debt had increased by eighty-two million dollars. On the other hand, he claimed that the Borden government had reduced the national debt. He also contended that not one single cent of debt, with the exception of the war debt, had been added during the term of the Union government. The finances were more carefully handled by Conservatives than by Liberal friends, said the doctor. He took occasion to show how the Drury government, which was supposed to be a government of economy, had spent all kinds of money during their term of office. The farmers are around the government house, with their plug hats, etc., a thing which they have been crying down for years. When dealing with the cost of militia and defence in Canada, he stated that during Laurier's administration it cost nine and one-half per cent to maintain the militia, and last year this has been reduced to three and one-half per cent. He contended that the Meighen government had done more for the returned soldier than any country in the world.

Before taking his seat, Dr. Edwards asked the question if those present expected him as minister of immigration to allow foreigners to come into this country in untold numbers, when at the same time our own Canadian boys are out of work. With one voice the gathering yelled "No."

The election of officers for the ensuing year took place as follows: Cyrus Edgar, president; Dr. Stratton, secretary; Charles Hambly, first vice-president, and John Osborne, treasurer.

The meeting was brought to a close by the singing of the National Anthem.

THREAT OF A GIRL.

To Blow Out the Heart of Her Betrayer.

Windsor, Oct. 27.—"I have been living in this wicked city of Detroit for over two weeks and looked for work, and if I do not get help soon I will buy a revolver with my last \$25 and blow his heart out," writes a seventeen-year-old girl who signs herself "Jessie," and claims to be the mother of twins recently abandoned on the Windsor ferry, to M. R. Winters, Inspector of the Children's Aid Society. The girl claimed the man referred to is a prominent Windsor man and the father of her twins, but Mr. Winters refused to give his name. He states that if the girl will meet him, he will do all possible for her. He promises startling revelations if he locates the girl.

A CONSTRUCTIVE POLICY.

Of Racial Relationship is Advocated by U.S. President.

Birmingham, Ala., Oct. 27.—Right of the United States negro to broader political, economic and educational advantages, based on the pride of race but never on an aspiration for social equality, was championed by President Harding here yesterday in a plainly-worded enunciation of his views on the race problem. He appealed to the people to lay aside old prejudices and antagonisms, and support a constructive policy of racial relationship.
