Instead of the "fish tail" train, which is not particularly graceful and sometimes looks rather ludicrous, two narrow trails of materials are featured on the long evening frocks this season, one at each side. If there is only one of these apologies for a train, it is nearly always at the side. It hangs from the waist, sometimes looped up in sash effect, and it trails but little on the ground. Such as it is, or they are, these narrow sash trains are the accepted novelty in their line.

The Toronto Needle Work Guild was reluctantly obliged to refuse the plea of the latest organization which wished to go on the list of this truly wonderful hand of workers, which, while holding but two meetings throughout the year, contributed thousands of new garments for the inmates of the charitable institutions of the city. The demand this year is so great that the guild is unable to help any further additional bodies.

What Queen's Girls Are Doing

A few of the professors and their wives enjoyed a game of ground hockey with the girls of Queen's on Friday afternoon. If an opinion may be based on the practices, the game at the end of the season should be a good one.

Science '22 will entertain on Thursday evening in Grant Hall. This social evening promises to be no less enjoyable than that of Medicine '22.

The inter-year debates were held last Wednesday afternoon in Kingston hall. Arts '23 represented by Miss Edith Handier and Miss Gertrude Best, won by a close margin against Arts '22, which was upheld by Miss Mary Gourlay and Miss Sweetman.

The subject was—Resolved that woman should receive equal pay with man for equal work. The judges, who were Mrs. James Millar, Mrs. J. L. Morrison and Mrs. T. Seecombe, congratulated the final year on being so entertaining. Misses Hazel Argue and Vivian White, Arts '25, defeated Miss Whelmina Nobes and Miss Fauvette Kelly, Arts '24. The judges after a long session decided that the freshettes had won in one point, but that the delivery of the sponhomores was excellent. The freshettes certainly deserve credit for winning against '24. The judges were Mrs. H. A. Lavelle, Mrs. J. H. McNeill and Mrs. R. O. Joffe. The subject was—Resolved that railways are better handled under corporations than under government ownership.

ANNUAL MEETING

Of the Woman's Aid Association of General Hospital.

That this has been the most successful year in the annals of the Woman's Aid Association was the consensus of opinion at the annual meeting of this organization held on Monday afternoon. \$900 had been paid towards the salary of the dietitian; \$509 spent on linen and the cleaning of the basement and attic necessary to the comfort of those employed in the hospital cost \$240. The funds were derived from fees, a tag day, three concerts in Convocation Hall and the annual bridge and dance held in Grant Hall last week. The board of governors great value the work of this society and the association wish to thank the general public for their generous support. Appreciation was expressed to the University for the loan of Convocation and Grant Halls, and to all who had assisted in making the entertainments the success they have been. A committee has been appointed in the various congregations to ask for the annual membership fee of \$1. The results of the election of officers for the ensuing year will be announced later.

Heart Would Beat LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then you heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart retain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS.

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going up stairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near. A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In the second box, and now although I am in my 55th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 150." Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WOMEN'S INSTITUTES.

A Splendid Gathering in Ottawa Last Week.

The seventh annual convention of the Women's Institutes of Eastern Ontario was held in the Chateau Laurier, Ottawa, on the 25th, 26th and 27th with about three hundred delegates present. Mayor Plant gave the address of welcome to the delegates, and congratulated them for their services to the community, and said he considered them were moulding the nation, and realized their importance, not only in civic but in national politics. Miss McGee, Chertville, replied.

George Putnam, Toronto, superintendent for Women's Institutes, said they should make recommendations to the government in power and make themselves factors in securing desirable legislation and administration in lines of special interest to women and children. The chief speakers were Mrs. Todd, Orillia; Mrs. J. Muldrew, director of home department, Soldier's Settlement Board; Principal Bell, Agricultural School, Kempenville; Major Cowles, Ontario Department of Education, Toronto; Dr. Annie Ross, Macdonald Institute, Guelph; Dr. Helen McMurphy, department Public Health, Ottawa; Dr. P. J. Maloney, M. O. H., Ottawa; W. Sykes, librarian, Ottawa; Miss Chapman, Farmers' Magazine, Toronto, and the worthy superintendent, George Putnam, Toronto.

Everybody seemed to be alive to the fact that the time had come, when Women's Institutes were recognised as one of the most forceful factors in the development of the individual, and encouraging high standards for common activities by providing facilities in education, amusement and social intercourse.

The Local Council of Women entertained the delegates to a tea. When the time came to leave Ottawa, all went feeling more determined to uphold their motto, "For Home and Country."

Tips to Housewives.

If canned corned beef is chilled before being removed from the can, it will slice better.

If molasses in a pitcher has turned to sugar, set the pitcher in hot water for a few minutes.

Allow extra cretonne for bureau scarfs when buying it for bedroom windows.

Three tablespoons of cracker crumbs make a pleasant addition to an omelet.

Never grease the pan for a sponge cake, and bake it in a very slow oven.

Mint is useful to scare mice with. These pests cannot bear the smell of it, and will never eat any food if mint, either fresh or dry, has been scattered near. If a bunch of the herbs is hung in the pantry mice will never venture inside.

Grape juice can be bottled now and used for making jelly as occasion requires.

Beat coconuts with a Dover egg beater just before serving, and scum will not form on the cups.

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicines, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, but never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at night for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c. a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

Answers to Correspondents:

YOUNG MOTHER. What you must guard against is chafing. While there is no particular objection to using powder, it is much better to use CAMPAÑA'S ITALIAN BALM before powdering the baby. A liberal application of CAMPAÑA'S ITALIAN BALM to the affected parts after each bath will go a great way to prevent chafing and irritation of the skin. You will also find it a wonderful preventative of chapped or red hands. CAMPAÑA'S ITALIAN BALM keeps the skin soft and smooth and reinforces the natural oils of the skin in performing their natural functions. You can buy CAMPAÑA'S ITALIAN BALM at any drugist, 50c. a large bottle.

To-morrow's HOROSCOPE

By Genevieve Kemble

WEDNESDAY, NOV. 2

The prognostications for this day, according to the rule of stellar influences, are of splendid promise. There is every prospect of success and growth along all lines of endeavor, with financial increase and gratifying returns for all ambitious projects. According to the stellar sages, new propositions should be kindly received, and those in the employment of others may ask for advancement if undeniably deserving. However, change, removal or travel are, not under auspicious rule. Domestic affairs should prosper, with the help of classified advertisements.

Those whose birthday it is have the forecast of a prosperous year, of growth, advancement and the opportunity to save money. Domestic affairs should flourish. Any but the most imperative changes, removals or journeys may well be postponed until a more propitious time. A child born on this day will be quick, talented and generally fortunate, despite a possibly restless and changeable disposition. It will be ambitious and much respected.
