RHEUMATISM
All Torturing Pains and Swollen Joints Quickly Vanish When Rheuma is Used.
At last a real remedy for rheumatism! And a good one it must be when druggists everywhere sell it on the no-cure-no-pay basis. Rheumatism should halt this news with a remarkable remedy and has a record of almost unbelievable cures. Read what I. B. Shaw, Prairie City, Ill., says about it:
"I was affected with Sciatic Rheumatism, suffering for months with such terrible pains and burning sensations that it almost crazed me. It affected my left hip, running downward to the end of my toes. It was too painful to permit my foot touching the floor. Tried medicine after medicine without relief until an old friend who had been similarly troubled said: 'Why don't you use Rheumatism? It is the best remedy for Rheumatism I ever heard of.' He had visited mud baths and other places, but nothing did him any good until he used Rheuma. After this information I sent for a bottle and before using more than half the contents I experienced a change for the better. Less than two bottles made me a well man of me. Having followed railroad work for 32 years and being well acquainted in several states, I will answer any inquiry regarding my case."
If you have rheumatism in any form, don't delay—try Rheuma today. McLeod's Drug Store will supply you and guarantee money refunded if it does not give quick and blessed relief.

Navigation Near Close.
Announcement is made that all U. S. buoys on the St. Lawrence river and Lake Ontario will be withdrawn after December 1st without further notice. Lights will be discontinued on Lake Ontario at the close of navigation, except those at Charlotte and Braddock's Point.

Among The Islands.
Lindsay Island has been sold by Fred Lafaire to D. F. Williams, of Scotland, Pa., who will erect a summer home upon it. Pine Island, the property of the C. G. Emery estate, has been sold to M. Sharples, of Philadelphia, Pa., who will erect a summer home.

To Help North Townships.
The U.F.O. have a programme prepared along the lines of social betterment for the residents of the north townships, as conditions brought to light by the U.F.W.O., it is said, call for action. Better supervision will be exercised over the schools and a community worker will be engaged to carry out a systematic investigation.

Neither Refused Nor Invited.
Leaders of the U.F.O., who attended J. J. Morrison's meeting at Sydenham, deny that Hon. Dr. Edwards was refused permission to speak. Dr. Edwards was present at the meeting as a spectator, but as the programme was arranged the week before he was not invited to address the meeting. They say that care was taken not to mention his name so that he could not claim the privilege to speak.

Put Motor Boat in Main Street.
Some time during the night boys

or young men moved a motor boat from the village dock between Wilson's and Charlebois' docks to the street in front of Breslow's store in Clayton, N.Y. The boat was about twenty-four feet in length and required considerable ingenuity and force to move it to its new location. Other Halloween pranks were the daubing of the store fronts and every business block in town with red paint. Awnings were let down at Levy's and Hufstater's stores, the wind whipped the awnings to pieces.

Everybody at Work.
Caleboogie makes the boast that there is not one man in the village, willing to work, who is out of employment. Twenty-five men from Renfrew, all of them skilled mechanics, are employed building a sea wall to protect some of the summer cottages that were threatened when the water in the lake was raised by the construction of the power dam. Extensive improvements have also been made in some of the cottages. The work will last for some time yet.

Entertained by Gen. Macdonell.
Capt. M. W. Plunkett and the members of the "Maple Leaf" company were entertained by General A. C. Macdonell at the Royal Military College on Thursday afternoon. Lunch was served in the new officers' mess, and after going over the buildings, with which the theatrical people were delighted, the general and his guests spent a happy hour or so reminiscing the days in France, where they had served together for some time.

Two Months for Bigamy Then Deported.
At Belleville, Perry James Ringo, arrested here a few days ago on a charge of bigamy came before Magistrate Masson, pleaded guilty to the charge and was sentenced to two months in jail. Ringo is wanted by the immigration authorities, and will no doubt be deported back to England at the completion of his sentence here. It is alleged that he has two wives in England. The third matrimonial experience was in

Montreal recently, when he married a young woman, who came out from England and met Ringo at Montreal. He represented to her that he was a widower.

U.F.O. Canvass of North.
President James Bell left Thursday accompanied by the U.F.O. candidate, W. S. Reed, for the northern townships where several meetings will be held. The executive is carrying on a thorough campaign, and Mr. Reed has shown unbounded enthusiasm since his nomination.

Sub-committees have been appointed to organize the election machinery in every polling subdivision. The ladies have an important share in the work.

Queen's Alumnae Election.
Proceeding the meeting of Queen's University Alumnae Association, to be held at Kingston on Nov. 5th, the Toronto branch held their annual meeting this week. The following will form the executive for 1927-1928: Honorary president, Mrs. Thomas MacMillan; past president, Mrs. George Young; president, Mrs. C. Ross; vice-presidents, Mrs. Robert Laird and Miss Flora Stewart; recording secretary, Miss Jessie Fraser; corresponding secretary, Miss Mary Taylor; convener membership committee, Miss Hilda Brown; convener residence committee, Miss O. G. Somerville; head of Century Club, Miss Charlotte Wharton.

A Howe Island Opinion.
A prominent resident of Howe Island, discussing the address of J. J. Morrison, secretary of the U.F.O., before the Frontenac convention on Saturday last, stated his conviction that the farmers could not survive as a political party. "This was shown by the address of Mr. Morrison on himself, who," he said, "had tried to manipulate the old Conservative and later the Liberal parties. When he failed, he started to organize the U.F.O. Just now they are carrying on an agitation against middlemen, dealers, etc., but they have got to come back to the regular channels of trade and do their business along the lines of business methods, irrespective of what they may think, and they will find that business and politics don't mix."

WOOL PRICES UP AGAIN.

But Semi-Ready Prices Fixed by the Price in Pocket.
"There can be no corresponding advance in Semi-ready suits this season despite the increase of fifteen per cent. in the cost of wool yarns," said the President.

"Semi-ready prices are fixed at the beginning of each season. The price in the pocket, and the plain price on the custom tailoring samples cannot be altered."

"The Special Order Tailoring Department has behind it the choice of 350 patterns and a million dollar stock of fine woollens. There is not a cheap or cottony yard in the selection offered.—Adv't."

Two important periods in a man's life are when he finds the hair coming on his upper lip and when he discovers it going from the top of his head.

NEW WAY TO TAKE YEAST
In Convenient Tablet Form Combined with Iron and Other Health Builders.
Quickly Builds New Flesh, Strength and Health

No need to eat yeast cakes any more! Take yeast the new easy way—in pleasant, tablet form, as embodied in Ironized Yeast.

Everyone has heard of the seeming miracles performed by yeast, especially in cases of loss of weight, weakness, poor appetite, mal-nutrition and general "run-down" conditions.

The reason for these amazing results is that yeast contains a certain mysterious element called vitamins which we do not get in our present-day diet, but which are absolutely necessary for good health and proper physical development.

Ironized Yeast contains highly concentrated brewer's yeast, which is far richer in vitamins than ordinary baking yeast. In addition, it contains iron and other well-known health builders, so that you really get two splendid tonics in one.

If you want to put on good solid flesh if you want to increase your strength so that you can tackle hard work and enjoy it. If you want to put good healthy color in your cheeks, and feel "fit" all the time—then try Ironized Yeast. Fine for clearing up sallow and blotchy skin.

In most cases Ironized Yeast will bring a decided improvement by the third day. The sallowest complexions will usually be cleared up in less than two weeks. Find out how it is to be in perfect health all the time! Get Ironized Yeast to-day. Packed in convenient Sanitape packages that you can slip in your vest pocket. Cost no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10c a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.

Sold by all good Druggists.

Letters to the Editor

Protect The Pheasants.
Cape Vincent, N.Y., Nov. 1.—(To the Editor): I see in your issue of October 31st where Mr. Corkey, of the village of Bloomfield, shot an English pheasant. I hope they will be very careful not to shoot any female pheasants. About a year ago last spring a friend gave me from a pheasant farm about fifty pheasants, and I gave them to my brother, Jessie Cole, of Milford, to liberate. I hope the people around there will give those birds a chance to multiply, as they are a very beautiful bird, as well as very good to eat. I have been informed that several broods have been raised near Cherry Valley, as well as around my old homestead at Milford. I earnestly ask for co-operation for the propagation of the English Pheasants.

NEWS OF NORTHBROOK.

Potatoes Selling at From 75 Cents to \$1.25 a Bag.
Northbrook, Nov. 2.—Hunters are fast wending their way north and reports say game is plentiful. The community was shocked when one of their most respected and valued citizens died suddenly, in the person of Mrs. Samuel Cuddy. Deceased was sick but a few hours and leaves to mourn the loss of a real mother, nine children, four brothers, a sister and a loving husband.

Mr. and Mrs. J. L. Lloyd, Fred Lloyd and Miss J. Denulle, motored to Newburg Sunday, being the guests of Mrs. A. Shier. Mrs. A. E. Fletcher, of the Ore Chimney Mines, is spending a few days in Hamilton.

C. C. Thompson has purchased the property adjoining his new store and residence, which was previously owned by Mr. Elijah Thompson. Many from far and near, attended the public sale at T. Parfitt's, and prices were very high. The many friends of Mr. and Mrs. T. Parfitt and Miss Cella, are sorry to have them leave the neighborhood. William Both is in poor health.

Mrs. Gus. Wood, Barriefield, is spending a few days with her mother, Mrs. Edward Cummings. Mr. and Mrs. Charles Thompson have moved in with Robert Thompson for the winter. Miss Hazel Parks leaves next week for Toronto, where she has a position for the winter.

The roads north are being repaired temporarily and the people thank Councilman W. Cassada for many road improvements on these beats.

Mr. H. Scruton and three more travellers spent the week-end in the Brook, being held up by an accident to the car.

Miss Luella Hartwick is at J. Parry's, Harlowe. Mr. and Mrs. Bert Cassada have returned from Amherst Island, where they spent the past week with Mrs. Cassada's parents, Mr. and Mrs. Cochran.

Marsh hay seems real plentiful through here and many tons are for sale. One neighbor also has many bags of white beans for the market. Potatoes are plentiful, selling "at from 75c to \$1.25 a bag."

COMMUNITY CLUB.
The Annual Meeting Was Held At Cataragi.
The Cataragi Community Club held its annual meeting at the home of the retiring president, Mrs. George Nicol, Frontenac street, on Wednesday afternoon, when the officers for the ensuing year were elected as follows: President, Miss Mildred Segsworth; Vice-President, Mrs. Earnest Cook; Secretary, Miss Emma Sharpe; Treasurer, Miss Phoebe Smith. The club will endeavor to have a good skating rink at Cataragi during the winter and made plans for a useful and pleasant season. At the conclusion of the business meeting the hostess served tea to the thirty members present.
