LARGE BAKING BUSINESS SHOWS AMAZING GROWTH

Some Features of Doyle's Bakery—Among Largest and Best.

One of the focal business establishments to show amazing growth in the past two years is Doyle's Bakery. The advances made by this bakery in a very short period are truly amazing and when a Whig man happened to drop into the plant at 48 Mack street he was dumfounded at the things he saw and heard. One sometimes imagines that the bread he eats is made in some poky little place far removed from the sight of the public, but those who eat Doyle's bread are consuming the product of a large-scale, modern, sanitary and growing industry.

Vincent Doyle, the proprietor of the bakery, gladly explained the points of interest about his plant, starting in with the modern bread-making machinery, including one of the best flour-sifters between Toronto and Montreal, dough mixer, electric weighing machine, rounding-up machine, moulder and revolving prover, all operated by electricity under the most sanitary conditions.

The bake-shop is large and roomy with two giant ovens in operation all the time. Adjoining it is the new flour and dough warehouse, recently added to and improved, with room to store seven carloads of flour. Two shifts of bakers work here day and night turning out the well-made loaves, the favorite of all the varieties being the "Home-Made" loaf, with the name of the baker stamped on the bottom.

Vincent Doyle has been in the baking business for over eleven years. When he started into business for himself he had but one delivery rig and a small shop. Now he operates four modern delivery rigs and one of the best delivery trucks in the city, all of them carrying the well-known motto, "Use Doyle's Bread." The present business has grown to such an extent that additions to the buildings have been necessary from time to time and more are contemplated in the near future.

Doyle's Bakery is one of the most complete and up-to-date to be found in Canada today, and is a tribute to the hard-working and aggressive business qualities of its proprietor.

ROBERT POOLE DIES, FOUNDED THE RESORT

Elderly Resident of Escott One of First to Develop the Tourist Traffic.

Brockville Recorder.
After an illness of three months, the death took place on Thursday at his home at Poole's Resort, of Robert Poole, aged seventy-six, one of the pioneer people of this section who interested themselves in the development of the Thousand Islands as an international summer resort and who operated the well-known Poole's Resort for many years until his retirement from the business in 1900.

Forty years ago Mr. Poole conceived the plan of bringing about the establishment of a summer resort on the Canadian side of the river in front of Yonge township and to this end sold a number of islands to wealthy people who made the place their summer homes. It was largely to Mr. Poole's efforts that the tourist trade to the Canadian side of the river was developed to its present proportions.

Born on the farm where he lived and died, the late Mr. Poole was a son of the late Robert Poole and Jane Lithgbody, early settlers in front of Escott. He was engaged in farming the greater part of his life and was known as one of the most progressive and most esteemed residents of the township. He was a member of Mallorytown Lodge, I.O. O.F., and a trustee of the Mallorytown Methodist church for many years. Politically, he was a Conservative.

Mr. Poole is survived by his wife, formerly Miss Mary Wilson, daughter of Robert Wilson, Wilstead, and by two daughters and one son, Mrs. William Hovemann, New York City; Miss Edna, at home; and Albertus W., Toronto. James Poole, Grenadier island, is a brother, and surviving sisters are: Mrs. Margaret Cugan, Gananoque; and Mrs. Georgia Turkington, Mallorytown.

100 Young Men Wanted at Once.
We have been able to make a lucky purchase of a quantity of Young Men's Suits in a nice pattern. Made up in a very smart young man's model which was selling wholesale for \$25. Our special purchase price is \$18.50. This is a real bargain. These sizes only 33 to 38.

The Lion Clothing House, 356 King Street.

E. Dunphy Resigns.
E. Dunphy, president of the Kingston Trades and Labor Council, tendered his resignation at a regular meeting on Thursday night. Mr. Dunphy, who is an enterprising workman, has gone into business for himself as a painter, and decorator. His successor will be elected at the next meeting of the council.
