MAYOR NICKLE PRESENTS HIS PORTRAIT TO CITY

Barbers and Pool Room Hours Discussed—To Kill Fire By-Law.

A feature of the city council session Monday evening was the presentation by Mayor Nickle of his portrait to the corporation. This portrait is beautifully done in oils by the noted Toronto artist, E. Wylie Grier, and is a true likeness of His Worship. Mayor Nickle, in addressing the council, said he took this occasion to present his portrait in accordance with the custom handed down for the past twenty-eight years. He thanked his colleagues for their co-operation during the past two years he had acted as chief magistrate. He had endeavored to treat all the people alike and to do his duty. He intended to serve the city in the future as in the past, whether in the city council or out of it. The remarks of the mayor were received with applause by the aldermen and spectators. On motion of Aids. Couper and Craig, the portrait of the mayor was thankfully received and ordered to be hung in the new Memorial Hall, of which His Worship is the originator.

Barbers Complaint.
A communication was received from F. J. McGinty, J. O. Elliott, W. J. Lemmon and William J. Glover, of the executive of the Barbers' Union, asking that Ald. Armstrong retract his statement made at the last meeting of the council that some signatures on the petition of the boss barbers, asking that the hour of closing be made seven p.m., were forged. They said that only one name, that of W. Wood, was not in the actual handwriting of the petitioner, and Mr. Wood had asked that his name be subscribed by the secretary. The executive members stated that they wished to act honorably by the aldermen who had supported the bylaw regarding closing time.

Ald. Armstrong said he referred to only one name on the petition as not being that of the boss barber, and the letter of the union executive bore out his statement. He presented another petition from eight bosses asking that the hour of closing be made eight o'clock. Among the names was that of Mr. Wood.

Mayor Nickle stated that seventy-five per cent. of the barbers had signed the original petition.

Ald. Stroud remarked that eight could not rescind what had been passed on the petition of eighteen.

It was pointed out that the whole question was out of order, and council agreed to take no action on the matter.

Pool Room Hours.
In connection with the barber closing time, Ald. Angrove asked if it was customary to grant the petition of all callings as to the time of closing, when seventy-five per cent. signed. Mayor Nickle said it was.

"Then," said Ald. Angrove, "why is the petition of the pool proprietors not granted when they ask to be allowed to keep open until midnight?"

"They come under the heading of a licensed trade," replied the mayor.

"Oh, I see," said Ald. Angrove.

It was pointed out that the reason the pool proprietors wanted to keep open an extra hour was because of the additional tax by the Ontario government of fifteen dollars a table. This was in addition to the city tax of forty dollars for the first table.

Mayor Nickle said that there were nine pool rooms in the city and that in the past six years the business had been so profitable that the number of tables in these nine places had been increased by seventeen or eighteen. There were now about sixty-five pool tables doing business.

The finance committee recommended that the sum of \$1,030 be paid to Mrs. Edith Perry as damages for an accident she sustained by a fall on a walk on Elgin street, where she sustained a badly sprained ankle. As the report of the city solicitor was not given in writing, the recommendation was held over until the council's next meeting.

After the Fire Bylaw.
Ald. Graham wanted the council to withdraw the bylaw to the people for the expenditure of \$16,500 for fire motor apparatus, in view of the fact that both of the daily newspapers were opposing it. "The bylaw will be whipped ten to one owing to the stand of the newspapers," he said. "It would be whipped anyway, so let us withdraw it."

The city clerk pointed out that before the bylaw was put to the people another bylaw would have to be passed at the council's meeting on the 5th of December.

"Oh, all right," said Ald. Graham. "We'll kill the bylaw then all right."

A bylaw was passed eliminating Sydenham street between Princess and Queen streets, from the parking area, and adding Clergy street west side from Princess street to Queen; Clergy street east side south from Princess to seventy-five feet from Brock street; Clergy street west side between Brock and Johnson streets.

Mayor Nickle remarked that with such a number of autos standing on Clergy street between Princess and Queen on Wednesday night, people would think that the prayer meeting in St. Andrew's Presbyterian church was being largely attended.

Finance Report.
These recommendations of the finance committee were adopted:
That the communication of O. V. Bartels re the collection of accounts be handed to the city solicitor, and

that he endeavor to have same collected.

That the application of T. J. Rigney on behalf of the Dominion Textile Company for an exemption of taxes for a period of twenty years, the same as formerly enjoyed, be granted, and that the city solicitor be instructed to prepare a by-law.

That the following resolution adopted by the municipal council of the city of Sarnia be approved:—

"Having regard to the very large amount of moneys necessarily spent by towns and cities in the construction and maintenance of pavements and improved roads therein, without financial assistance from an outside source and to the fact that such pavements and roads are used a much greater extent by residents outside of the town or city limit than residents of such towns or cities use suburban roads, be it resolved that the system adopted by the legislature of Ontario in charging a portion of the costs of suburban roads to towns and cities is hereby declared to be wholly unfair and places a burden upon cities and towns which they should not be asked to bear and from which they should be relieved, and this council protests against being called upon to contribute towards the construction or maintenance of suburban roads and request the legislature to pass an act abolishing such system."

That on the recommendation of the board of police commissioners no action be taken on the petition of the billiard room owners for an extension of the hours for keeping open.

The Board of Works.
The Board of Works made this recommendation, which was adopted:—

That notwithstanding anything contained in Clause 1, report No. 4, minutes of council of June 2nd, 1921, commencing Nov. 14th, 1921, and ending April 15th, 1922, the labor pay lists shall be paid weekly, at 11 a.m. to close on each Saturday night, and to be payable the following Monday.

Fire and Light.
These recommendations of the Fire and Light Committee were adopted:—

That the tender of Morris Yampolsky to furnish the fire department with sixteen pair of trousers, at \$9.00 a pair for firemen and three pair trousers for officers at \$11.25 a pair, also one officer's pea jacket at \$31, and two men's pea jackets at \$27 each, as per samples, was accepted.

That the account of the Northern Electric Company, amounting to \$134.43, which occurred as a result of the accident to the fire alarm system which burned out the boxes, be paid.

Communications.
These communications were read: Provincial secretary asking opinion of municipal councils regarding extension of the franchise.

Board of police commissioners asking for additional appropriation.

Public Utilities Commission requesting that Thomas and Toronto streets be re-numbered.

H. Harkness petitioning against smoke nuisance caused by the city's plant at the fair grounds.

A. Davis & Son Ltd. regarding purchase of a portion of Orchard street.

In attendance were Mayor Nickle and Aids. Armstrong, Chown, Couper, Corbett, Craig, Driscoll, Fleet, Graham, Kent, Phillips, Potter, Robertson, Rodger, Sargent, Smith and Stroud.

BUILDINGS ARE TO GO UP

Dominion Motion Pictures, Limited, is to Go Ahead With Its Plans.

The new buildings and studio to be constructed by the Dominion Motion Pictures, Ltd., are now assured and the architect's plans have been shown to many prominent citizens interested in the new industry. The building will be one of the largest, and certainly the most beautiful in Kingston, and that is a good deal to say. It will be of hollow tile throughout, of a color, or variety of colors, to be decided later, and the intention of the company is to construct an artistic building along the lines of the Los Angeles colony, which will be a lasting monument to motion picture work in Canada. Work will be started immediately when spring opens and the contract has already been awarded. The site has not as yet been definitely selected, and the property on Montreal and Rideau streets may be waived in favor of a more suitable ground.

This city is now in the fortunate position as the future centre of the Canadian branch of this wealth producing industry, and if the growth of California cities, which have had these colonies in their midst for the past few years, is any criterion of the success following the business, Kingston is in line for a big boom, which will incidentally attract other industries, besides hundreds of tourists and screen artists, who by the way, generally have plenty of money and are easy spenders.

Now at London, Ont.
The Kingston friends of Lieuts. P. W. Belsom, C. S. D. Winter, A. E. Prince and Rod. Keilar, Royal Canadian Machine Gun Corps, Toronto, who graduated from R.M.C. in June, 1920, will be interested to hear that they have been seconded for two years, the former three officers being now attached to the Royal Canadian Regiment, London, Ont., while Lieut. Keilar goes to the P.C.C.L. in a letter received in the city yesterday.

Lieut. Belsom remarks that they all like their new billet very much, though sorry to be away from their own unit for so long.

Enumerating Special Values in Dress Goods and Coatings for Wednesday

"Polo Coating"
