

# Your Bicycle

This is the time of the year when most people put their bicycles away.

### WHERE WILL YOU PUT YOURS?

Dampness and cold are the great enemies of bicycles and tires. DON'T PUT YOURS in your shed and in the Spring have a poor bicycle.

### For \$2.50

We store and clean and overhaul your bicycles inside and out. Clean, dry storage, safe from dampness, cold weather, fire and burglary.

### WE TAKE ALL THE RISK!

Phone or write us and we will call for yours any time you say. Is your bicycle worth \$2.50?

### SOME IMPROVEMENT IN PARKDALE STOCK

They Gain More Favor as Contest With Argos Approaches.

As the time for the second clash in the eastern rugby finale approaches, the two teams Parkdale and Argos, are getting on a closer basis as regards favoritism with the fans. Argonaut supporters are still doing a lot of talking but their money is not following their words, a fact shown by the drop in odds offered by them.

Paddlers have a much better chance to form a line of battle than had Varsity because they have seen what is necessary to stop in the Double Blue machine. Batstone will receive almost as much attention as Conacher in the game on Saturday, as last Saturday's game clearly showed that he was as formidable as the big fellow.

Then, too, the Parkdale backfield looms larger all the time. Brophy has been kicking in a manner that attracts attention and it will not be any easy matter to catch his spirals, especially if the Parkdale wings keep up the good work which they have been doing all year.

In the game here on October fifteenth, although Queen's outplayed them, the Paddlers' line showed up better than either that of McGill or Varsity and it has since been strengthened. On the other hand, the Argos' line was not showing anything wonderful against Varsity and the Blue and White line stood out to poorest advantage in the college series, so that Parnell and his colleagues may be depended upon to give the Oarsmen a big fight.

One other fact presents itself which cannot be forgotten and that is that "Joe" Breen is behind the Parkdale line. Outside his individual ability as a player Breen stands out as one of the best field generals of the present day. Locally it will be remembered that it was his generalship which took the intercollegiate championship from McGill here last year and he is still the same clever handler. Argos' will never be sure of a victory until the final whistle blows while Breen is behind Parkdale line.

**TO OPEN RINK WITH CANADIAN TEAM**  
Manager George V. Brown, of the Boston Arena, is negotiating with a Canadian team for an exhibition game to open the rink on Saturday night, December 3rd.

**Paddock's Record Approved.**  
At Chicago, approval of the world's sprinting record in the 220-yard dash, made by the sensational Pacific coast runner, Charles Paddock, in the national games last July, was given by the A.A.U. convention, in session.

Paddock also was given credit, it is stated, for tying the 100-yard dash mark, stepping the distance in 9 3-5. The new world's record hung up by the Californian in the 220-yard dash is .21 4-5.

**Sherbrooke Gas Rates.**  
Sherbrooke, Nov. 24.—At last night's session of the city council, the aldermen adopted the proposal to establish new gas rates on the basis of \$1.75 a thousand cubic feet, less 10 per cent. discount if paid within 15 days. The meter charge of \$1.50 a year was abolished, and a minimum monthly charge fixed at 55 cents. The council hopes to be able to effect another reduction early in the New Year.

**Sidelights of Sport.**  
The O.H.A. has voted to admit the American Soo team.

Walter Newton won the Toronto amateur middleweight title. Laziness is the decayed fruit of philosophy.

### Corns, Warts, Bunions, Painlessly Removed

Don't limp any longer, don't suffer another hour from corns. The oldest remedy and the best, the one that for fifty years has proved a true success, will lift out your corns in a hurry. Putnam's Painless Corn and Wart Extractor is the one remedy to use. Refuse a substitute. 25c. everywhere.

### BROTHERS MAY FIGHT FOR BOXING CROWN

Phillip and Edward O'Dowd Are Both After Johnny Buff.

Brother against brother. That's what Columbus Ohio, boxing fans believe will come to pass in the near future.

The two fighting O'Dowd's, Phil and Eddie, are both hot on the trail of Johnny Buff, who holds both the flyweight and bantamweight championships of the world. Phil O'Dowd is a bantamweight. Eddie is a flyweight.

Eddie boxed Buff recently and showed him enough boxing gloves to get the newspaper decision over the champion, although the judges ruled otherwise. Phil broke into the spotlight by lacing Joe Lynch.

If Phil wins over the champion, he will cop only the bantam weight title, because he fights only at bantamweight—118 or 120 pounds. Eddie is a legitimate flyweight, although he occasionally accepts a bantamweight match. If Eddie wins over Buff, he can claim both crowns for he can fight at any weight Buff prescribes. No matter which O'Dowd boy fights Buff, if he wins, his brother will be the logical contender for the first match.

### Refuses to Turn Pro.

Cyril Flanagan, prominent McGill rugby and hockey player, will be seen in action on the ice this winter with the Red and White Intercollegiate hockey squad, the speedy forward turned down the offer made to him on Saturday afternoon by Leo Dandurand of the Canadians, who offered the college athlete a tempting contract to jump to professional hockey and play with the real team in the National Hockey League.

Those who delight in selecting all-star teams are still convinced that Snyder, Batstone, Conacher and Breen are the best backfield players in Canada. Harding of Queen's and McKelvey of Tigers are also given consideration.

### Gouverneur Horseman Sells His Clever Mare

Earl Johnson, a Gouverneur, N.Y., horseman, has sold Cegantle Girl, five-year-old bay mare, to Robert Latham, a Carthage trainer, who will start her in the ice races on Black River this winter. She entered five races in four weeks on the Northern New York circuit this fall and has a trotting record of 2:18 1-4. She is bred by Cegantle, her dam being Dreamworld Daredevil Girl.

Johnson gets a five-year-old green pacer, Kitty Kitty Scoopum, in the deal. She is a black mare from Jubilate II. Her dam is Slippery Lix. She will be trained by Charles Betters.

The Edmonton Eskimo football team, champions of Western Canada, left Edmonton on Tuesday morning for Toronto, where they will play the eastern champions for the dominion title on Dec. 3rd. This was arranged at a meeting of the Edmonton officials following the receipt of a message from President Foulds of the C.R.F.U.

### Get Line on Youngsters

They believe in grabbing them young out at the Pacific coast and the Patrick boys have an agent in the east now looking over the field of hockey and lacrosse players, with a view to having them locate in the west. The instructions the agent received were to not offer inducements to any veterans, but to get a line on youngsters who showed promise of becoming stars, and send them along. They are not all wanted for professional company as there are some good amateur hockey and lacrosse teams out at the coast, and, as the Patricks are interested in the arenas out there, it is to their advantage to see that the amateurs are looked after just as well as the professionals. The agent is in Hamilton at the present time, but as yet has not succeeded in rounding up any material such as he seeks.

### AT WOLFE ISLAND.

The Hockey Club Organizes for Another Year.

At a large and enthusiastic meeting held in town hall on Tuesday evening the Wolfe Island Hockey Club was organized for the season. Arrangements were completed for a rink and a committee appointed to look after the making of ice as soon as weather permits. It is quite probable the team will make a tour for three or four games during the Christmas holidays.

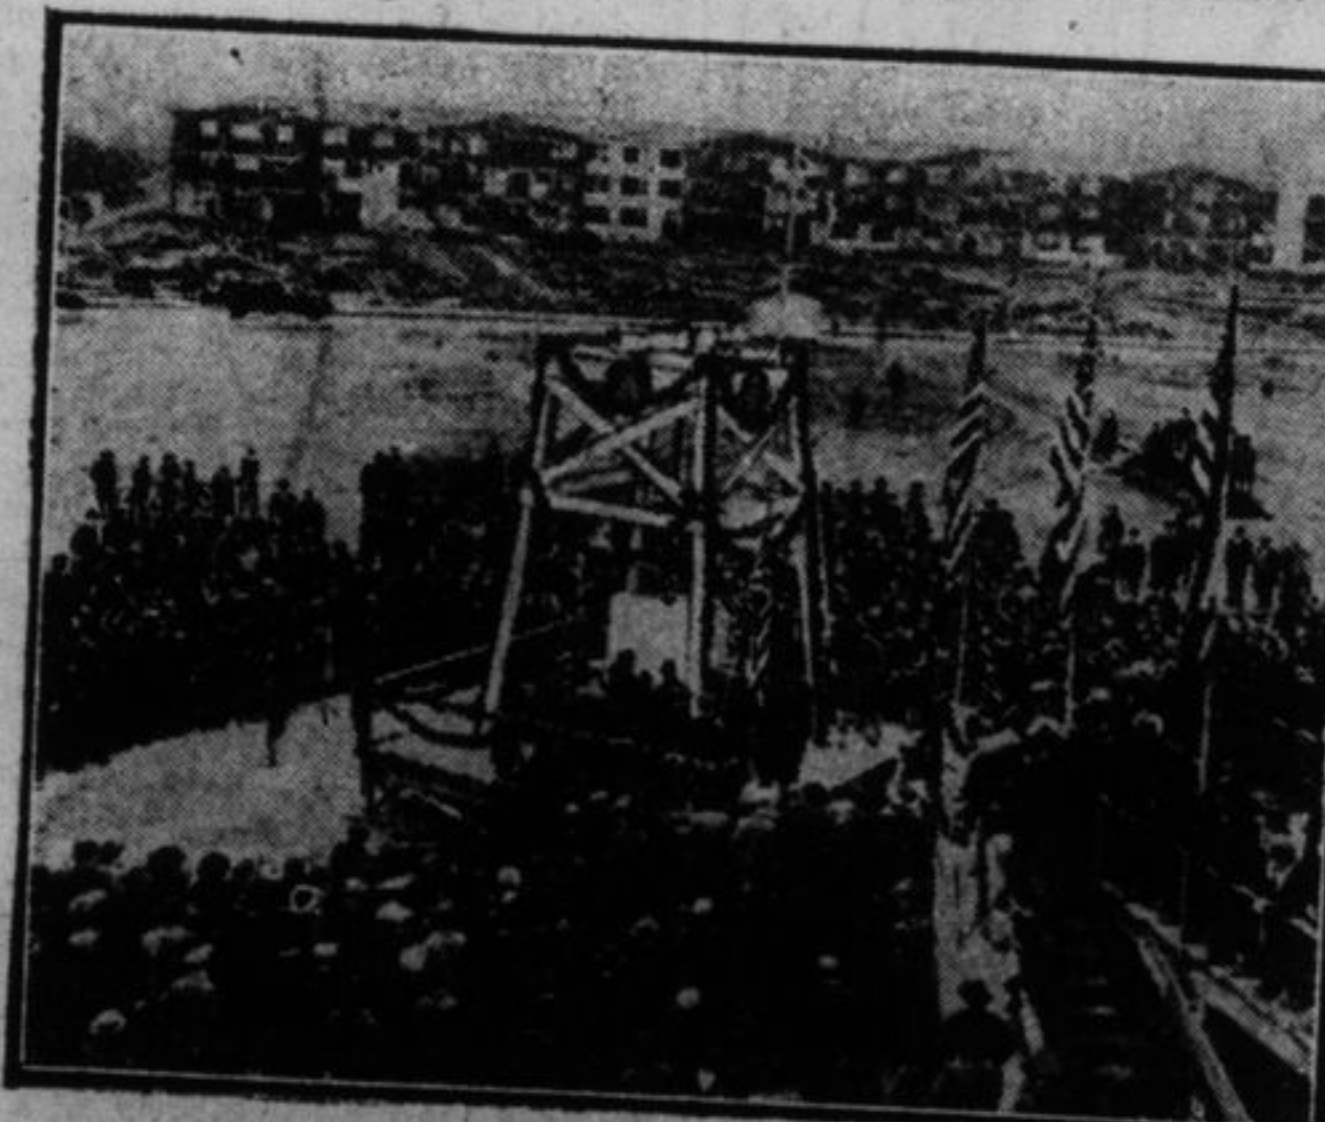

The secretary was instructed to communicate with other clubs concerning an inter-county league, and question of entering a team in city league was discussed but laid over till next meeting.

The following officers were elected: Hon. president, H. B. Card; president, W. P. Macdonald; vice-president, G. W. Keyes; sec.-treas., J. D. Cosgrove; manager, Wm. Davis; coach, Dr. B. V. Hunt; executive committee, Messrs. Ryan, Woodman, Allum, McAdoo and Dr. Hunt.

### Making Good as Wrestler.

Captain Frank Montour, an Indian, who was on the Hamilton police force for a time before the war and who went overseas with the 114th battalion, has followed his brother's footsteps and is making good as a wrestler. Montour was through the western states, meeting the best wrestlers in the business and had a very successful tour. He was a great favorite in Omaha, Neb., which he wrestled many times, and he expects to return and make his headquarters there shortly. He would like to wrestle in Hamilton before returning to the states and is willing to take on Max Smith or any of the local mat celebrities. Montour's brother, Arthur, did considerable wrestling around Hamilton some years back and gained a fairly good reputation, but he afterwards went to the United States and met all the top-notchers in his time.

Milton's new \$25,000 hockey arena is making good progress. Many thousand dollars' worth of building material is now on the ground and the bricklayers are all ready to build the walls. A meeting to arrange for the hockey season will be held.

**WASHINGTON LAYS CORNER STONE OF MEMORIAL HALL**  
Photo shows the corner stone of the national memorial hall to be built in Washington, being laid by Mrs. Harry Rogers Mallory. The hall is in memory of the nation's heroes, from the days of George Washington, down to the recent war.

**CANUCK SOCCER PLAYER BACK FROM SCOTLAND**

Arthur Halliwell, the former Ulster goalkeeper and hockey player, returned unexpectedly to Toronto from Scotland, where he had been playing for the Dunfermline Club in the second division Scottish League. He played five games for the club, four away and one at home.

Though he was playing for the Dunfermline Club he was not owned by that club. His services were at the disposal of the syndicate that took him out from Canada which was headed by Bob Connell, and Art was not satisfied that it was to his best interests to stay under these conditions. While with Dunfermline he was one of the highest players in the British Isles, and he has nothing but praise for Mr. Mitchell, the president of the club. There is a possibility that he may go back over the pond, but it is certain that he will want to know all the conditions before he leaves.

Easy to take back to relief CATARRH of the BLADDER with SANTAL MIDY. Each Capsule MIDY bears name of the Dispenser of Counterfeit.

**McNamee's Patent Bobsleigh**

Lighter draft and the only correct thing for pitch holes. Recommended by all who use them. It will pay you to give them a once over before buying.
