ANNUAL SALE BIG SUCCESS

Large Attendance at Events in St. George's Mission Hall and at St. Paul's.

Crowds thronged St. George's Cathedral Mission Hall on Montreal street on Wednesday evening for the annual sale of the Mission Sewing Circle. Red and white streamers were caught to the dark brown rafters, the platform was a cosy tea room with chintz curtains and shaded lights and the visitors received a cordial welcome from the president, Mrs. Newell, and the members of the circle. Miss V. Ryder was at the door. Mrs. Hallam, Mrs. A. Jarritt and Mrs. J. L. Jones were at the home-made table, Mrs. W. Wolfe, Mrs. Phillips and Mrs. McKay were selling useful aprons. Mrs. W. Locke and Mrs. J. Ward were in charge of the fish pond, and the work table, with its fine display of wares, was in charge of Mrs. Fenning, Mrs. Delph, Mrs. G. Thompson, and Miss Hilda Fenning. The candy table, all red and white, St. George's colors, was presided over by Miss Hilda Kershaw, Miss Irene Allard, Miss Pauline Brooks and Miss Marjorie Thompson. Hot tea and coffee, very welcome to the visitors, was served by Mrs. Frizzell, Mrs. T. A. Silver, Mrs. Robert Anderson, Mrs. A. Ferris, assisted by Miss Marjorie McGinnis, Miss Ethel Dickson, Miss Mildred Smith, Miss Della Rodway and Phyllis Harvey. Rev. W. E. Kidd and Mrs. Kidd were present, making every one welcome and a number of members of the other cathedral organizations were to be seen buying the wares for sale. Brig-General Ross was present and gave a short address. The proceeds amounted to \$150.

Event at St. Paul's.

A successful tea and sale was held in St. Paul's school room on Wednesday evening and the sum of \$104.57 was realized. The hall, tables and booths were a blaze of color. The general color scheme was white and yellow with chrysanthemums, and the lights were shaded with yellow. An orchestra composed of six members of the R.C.H.A. band played throughout the afternoon. About three hundred members of the congregation were present, and they were welcomed by the rector, Canon W. F. Fitzgerald, and Miss M. A. Arthurs, president of the Women's Auxiliary. Members of clergy were Bishop Bidwell, Rev. J. O. Crisp and Rev. Dr. R. J. Wilson. The following ladies were in charge of the tables: Work table, Misses M. Spence, N. Cherry, K. Milton; candy table, Misses Mabel Thurston, Sybil Mitchell; home-made table, Mrs. W. C. Cookade, Mrs. K. McCullagh, Mrs. P. McCowville, Miss M. Asselstine; tea table, Mrs. M. E. Adams, Mrs. S. J. Keyes-poured tea, assisted by Mrs. Noble Thompson, Misses T. and W. Mitchell and the little girls of the Blue Bell Club. All were prettily attired. The officers who were in charge of the undertaking were: Miss M. A. Arthurs, vice-president; Mrs. F. Bush, secretary; Miss K. Miron, treasurer; Miss Marion Seale.

A BIG PORTSMOUTH RALLY

J. M. Campbell Was Splendidly Received—His Projects for Kingston Outlined.

A splendid rally was held in J. M. Campbell's committee rooms at Portsmouth on Wednesday evening. There was a large attendance of ward workers, residents and returned soldiers, all of whom were vitally interested in the election and especially in what Mr. Campbell had to say. James Halliday presided and introduced Mr. Campbell who expressed his great satisfaction over the progress already made in Portsmouth by the energetic committee. He dealt minutely with the various questions before the people and declared that the present government of Mr. Meighen has lost the confidence of all classes throughout the dominion. The effect of this was seen in the different political groups all of which were organized as a result of the loss of confidence due to the hide-bound protectionist policy of the government, the deplorable financial bungling, the riot of waste and extravagance, graft, pilfering and looting of the public treasury by the government's friends.

"Was it any wonder," asked the speaker, "that Sir Henry Drayton could not find a seat in four constituencies?" He was rejected in Kingston, Toronto, Ottawa and Carleton, and in the same manner and for the same reasons practically, the people are going to reject the government candidates everywhere in this election. There is nothing good that can be said for the Meighen government; farmers, returned soldiers, labor and Liberals are arrayed against it, but of all, the workman and the working woman, persons who have to depend upon their day's work feel the utter inadequacy, failure in the face of nation-wide problems, and are going to vote to put in power a new government that will inaugurate an aggressive business policy for the employment of capital, and labor and the fullest development of all our natural resources."

Mr. Campbell told of big projects for Kingston, what the harbor improvements would mean to the business men and the workmen. "These grain elevators will employ in their construction 500 men for three years and cost \$3,000,000. In addition they will mean an annual expenditure of approximately \$400,000. You can see readily what this really means in an industrial way, as well as improving real estate values, a natural result when money is put

into circulation. While this will benefit Kingston workmen it will stimulate business all along the line. This is fully realized by our merchants, and I have been congratulated on every hand upon my stand for Kingston and my determination to fight for our interests in this transportation matter."

MR. CAMPBELL ACTS.

Following the publication of the news sent out from Toronto to the effect that the Board of Directors of the Canadian National Railways had placed orders for the repairing of thousands of freight cars with the Canadian Car and Foundry Company, and the opening up again of the repair shops at the different divisional points, J. M. Campbell, the Liberal standard bearer in Kingston, at once wrote to D. B. Hanna, chairman of the board, pointing out that Kingston with its locomotive works should be considered in this connection.

As the matter is one entirely out of politics, Mr. Campbell took up the question directly with the board, and asked them to place an order at once for twenty-five or fifty locomotives to relieve the labor situation here during the winter season. This prompt action on the part of Mr. Campbell only goes to show the active interest he takes in the city and in its workers.

The news of the opening up of the repair shops at divisional points was announced yesterday, and a few hours afterwards Mr. Campbell's request that the Canadian Locomotive Company's works should participate in this business was on its way to Toronto. His thoughtfulness will be appreciated on all sides, and if any orders are received for the locomotive works, the workmen of Kingston and the electorate generally will know whom to thank.

A COMING EVENT.

Prof. Basil Williams and William Pitt, Earl of Chatham.

To hear the first living authority on his own special subject is always a rare privilege. Kingstonians will have that opportunity on Saturday next (26th) when Prof. Basil Williams will lecture to the Kingston Historical Society at Queen's University on "William Pitt, Earl of Chatham."

The personality of the lecturer is of unusual interest. Mr. Williams, recently appointed head of the history department at McGill University, is not only an eminent scholar, but he is also a distinguished man of affairs, a man of action. He is no mere "academic" who "seeks to walk the studious cloisters pale" all his days, one who works in an intellectual vacuum, without relation to outside practical life. Prof. Williams' brilliant studies of historical characters and movements are founded solidly and squarely on a real working knowledge of public affairs. The subject-matter of Mr. Williams' lecture is likely to prove every whit as interesting as the personality of the lecturer. The life and times of Chatham cannot fail to command and rivet the attention of all those who are interested in the story of the growth of the British Empire, the succession of the American Colonies, the rise of Prussia and Russia, the antagonism of France and Britain, etc.

Moreover a well-told biography is always acceptable. By deft touches of anecdote and apt quotation, Prof. Basil Williams has succeeded magnificently in his declared object of "giving a picture of Pitt true to life and 'captivating the people' whom he served and loved." An evening passed in the illustrious company of William Pitt, Earl of Chatham, under the guidance of Mr. Williams will not be time ill-spent.

Campbell for Kings' on. Come to the public meeting on Friday night in Ontario Hall and hear why Campbell is the man for Kingston.
