## CHANGES IN RUGBY RULES

Shaughnessy Would Allow Unlimited Interference on Line of Scrimmage.

The Montreal Gazette has the following: Now that the rugby football season in the dominion has practically closed for another year, officials, players and followers of the game are reviewing the past fall's activities and directing particular attention to the game as played under the revised rules during the past three months. With a view to making modifications to the existing rules, should it be deemed necessary, W. Foulds, president of the Canadian Rugby Union, is gathering data from the various authorities on the game in Canada, which will be given due consideration before any revision in the regulations is made for the 1922 season.

Coach Frank Shaughnessy, of the McGill University Rugby Club at the request of the president of the Canadian Rugby Union, has submitted a number of suggestions, which he considers will act towards improving the alleged weaknesses which existed in the game under this season's rules. The McGill rugby authority has made two important proposals to the executive of the governing body of rugby, the first dealing with interference on the line and the second regarding officials.

Regarding officials, the McGill coach has stated that he believes it would be in the best interests of the game if changes were made in the duties allotted to the various men handling the play and suggests that officials be appointed in the various leagues, who have no direct affiliations with the organizations concerned. For the intercollegiate series he has proposed that officials from Hamilton and Ottawa be picked, men who have not been directly concerned with any of the universities in the league, while in the interprovincial he favors the appointment of former university players to handle the games. These suggestions, he adds, are not put forth as a criticism of the past performances of officials in either league, but simply as a more efficacious way of eliminating any suggestion of unfairness. In this regard he would have all minor officials, as yard-stick men, touchline judges and goal judges disinterested parties.

### Defining Duties.

In defining the duties of the officials, Shaughnessy proposes that the referee will function on the field as before. The umpire he would station behind the defensive team to watch for offside interference, holding and rough play, also being called upon to keep time and watch the touchline on the opposite side of the field from where the head-line man is situated. The latter official he would make responsible for watching offsidings on the line of scrimmage, besides carrying on with his present duties.

That the three yard interference rule was not properly observed by all teams, especially in the interprovincial is the statement made by the McGill coach, who claims to have the authority of two coaches of "Big Four" teams that line players were used to cut down opposing outside wings, that the running backfield plays might be worked with greater ease.

Shaughnessy advocated that the men on the line of scrimmage should be allowed to interfere without limit, as long as they go forward. He does not believe in interference behind the line of scrimmage as countenanced in the American game. The present three yard rule he claims

### Deep Hollow Coughs Are Mighty Dangerous

That same cough is everywhere you go, deep and hollow, why—because consumptive. First it was a cold, next came Catarrh, vitally decreased then the trouble was very serious. Never neglect a cold, not even a little one. Never trifle with sore throat or Catarrh. Get out your "Catarrh Inhibitor." Breathe deeply into your lungs the healing, soothing vapor of Catarrh Inhibitor. Let Catarrh Inhibitor clear out the nostrils. You'll wonder all the change when you use this healing remedy. It's really splendid for coughs, colds, bronchial irritation and catarrhal trouble. Sold everywhere. Two months' treatment, \$1.00. Small size, 50c.

leaves the defence too strong and penalties too numerous to allow of good offensive play, besides being wholly unfair to the officials, who cannot possibly judge accurately whether a play is correct or not, the decision necessarily being left to guess work.

### Severer Penalties.

That there is considerable rough work in Canadian rugby is a further point made by the McGill coach, who suggests a more stringent method of penalizing offending players. He would have the player in question ruled off the field for the balance of the game, although allowing a substitute, but besides this, would penalize the offender's team, half the distance between its goal line and the point where the foul was committed.

Regarding the forward pass which has been suggested as a good play for adoption in the Canadian game, he claims that the three yard rule would have to be considerably modified before the aerial game could be adopted.

### LITTLE BITS.

Eddie Livingstone, who is the Editor of the new magazine called "Sport," is said to be dickering for the use of the new Arena in Toronto with a view to having skating there this winter. The new arena was built primarily for the live stock shows.

Ottawa rugbyists, who saw the Argo-Varsity game declare that the Scullers would have won more easily on a dry hard field.

The Canadian professional team has been ordered to report at Montreal for training on December 9th. If ice is not available at the Mount Royal Arena the team will likely go to Ottawa to Dey's Arena.

It is not at all improbable that major league ball owners will insist that their players sign an all year round contract in future. This matter will be taken up shortly. Its adoption would mean that there would be no further challenges of authority such as that exhibited by Babe Ruth recently.

Smith's Fall will form an amateur Athletic Association, Kingston is forming one and Brantford is now considering the formation of one.

Queen's won the junior college rugby title this year. Harvard's victory should be a good omen for a senior championship in 1922.

Tennis is going the way of all sporting flesh. To the fleshpots, New York promoters have offered tremendous salaries to Tilden and others to turn pro. Little else could be expected after the basketballers fell by the wayside.

They say Solly Green will meet the hardest opponent of his career in Marcé Denis, but they have said something to the same effect often before and nothing distressing occurred to Solly.

Montreal will have to be reckoned with in the Big Four next year. The recently-formed University A.A. has combined with the Montreal A.A.A. and the infusion of the college players should give Montreal a high-class team next year.

Today's rugby contest simmers down to a battle of boots and brains between Conacher, McCormick and Batstone one side and Breen, Brophy and Munro on the other. Every one of them can run and kick and Breen is just as wily as Batstone.

Judging by the suggestions of Frank Shaughnessy for the future, the plan of using graduates as officials in the college football games this fall was not a complete success. Shag suggests that disinterested officials from outside cities handle the college games next year and that college officials handle the Big-Four games.

Bobby Rowe, the clever defense player of the Seattle professional team, has again put his John Hancock to a contract.

Homer Smith, the Michigan giant, is preparing for his bout with Harry

Greb of Pittsburg at the Newark Boxing Club Friday night next.

Marty Silvers and Paul Dana are to box a 12-round bout at the 47th Battalion Corps of Engineers in Brooklyn on Saturday night.

Franky Jerome, who boxes Franky Fay, at the Commonwealth Sporting Club on Saturday night, has Benny Leonard helping him during his training stunts.

"Jack" Stark and Young Luby have been matched to meet for twelve rounds at the Walker Sporting Club on Saturday night. Eddy Crozier tackles Young Skies on the same card, for ten rounds.

Peterboro knocked Oshawa out of the running in the interscholastic series on Wednesday, and will meet the winner of the Toronto-Hamilton group, probably U.T.S., in a sudden-death game about the middle of next week. Oakwood Collegiate plays the Sarnia Collegiate in Sarnia today, and the winner will meet the winner of the Hamilton-Toronto-Peterboro series in the final a week from today.

The O.R.F.U. officials for today's games are:

Intermediate, at Galt—Lic Loftus and Charlie Lewis.

Junior, at Scarborough Beach—Hal and Cuthbert DeGruchy.

Interscholastic, at Sarnia—Bobby Armstrong and Bill Bailey.

President William Foulds, of the C.R.U., last night announced the list of officials for to-day's game at the Stadium between Argonauts and Parkdale, as follows:—Referee, W. A. Hewitt; umpire, Reg. DeGruchy; head linesman, Warren Corryell; yard sticks, Pendergast and Davis; touch-line, Dr. Lawson and Charlie Gage; timekeepers, J. Dolan and Dr. McCollum, and penalty timekeeper, Percy Scott.

Tyrus Cobb, manager of the Detroit American League Baseball Club and manager of the San Francisco team of the California Winter League, was fined \$150 as the result of an altercation with Umpire Phyle, formerly of the Canadian League, during Saturday's game between San Francisco and Vernon. Cobb was fined \$50 for abusive language and \$100 for delaying the game.

Didier Pitre has forwarded his signed contract for the coming season to Leo Dandurand, business manager of the Canadiens hockey team, and the veteran will again be seen with the Flying Frenchmen in the N.H.L. this winter. Pitre is the oldest player in point of years in the association.

The Ottawa "mystery" hockey player has been announced as Gordon Roberts.

Pro. Hockey Season Begins Dec. 17. Montreal, Nov. 25.—The annual meeting of the National League will be held here on Sunday next. Discussion will be confined to routine business and new subjects which may develop.

The meeting has heretofore been held on the last Saturday in November, but has this season been altered to permit of the attendance of delegates who cannot attend on Saturday evening.

It is proposed to start the championship games a little earlier this season, probably about the 17th of December. This will give the first and second teams plenty of time for the play-off before the Stanley Cup games, which are to be played in the east in 1922, starting about March 15th.

Arbor Turns "Pro." Brandon, Nov. 23.—Ty Arbor, the speedy left wing player on the Brandon hockey team last winter, will perform with the Eskimos in the new pro. league. It is stated that Arbor was given a two-year contract with a big salary to make the jump from the amateur to pro. ranks.

### Ladies Remove Their Corns in a Very Simple Way

No pain, no trouble, costs only a quarter. It is a very simple thing to paint on a small application of good old "Putnam's" night and morning. To remove corns, to get entirely free from them, use Putnam's Corn & Wart Extractor. It is guaranteed. 25c. at all dealers. Refuse a substi-
