

# Gifts For The Whole Family!

By shopping now, you have the advantage of large assortments and less hurry and worry. Remember the rush last Christmas? Avoid it this year by shopping NOW. Here's a few suggestions:—

- FLASHLIGHTS
- SKATES AND BOOTS
- RAZORS
- CAMERAS
- CAMERA SUPPLIES
- PHONOGRAPHS
- RECORDS
- PHONOGRAPH SUPPLIES
- TOYS
- SPORTING GOODS

Prices are much lower now. Your Christmas expense sheet will show a lesser amount paid out if you shop here.

Pay us a visit—if you do not see what you want, ask for it.

But shop NOW. Avoid the rush.

Columbia Record Gift Certificates—the present everybody likes. Ask about them.

THE "FAMOUS FOUR" ERECTOR

## Queen's Hockeyists Now in Training

The Queen's students who figure on turning out with Queen's hockey teams this winter are getting down to real training. Every afternoon, "Billie" Hughes, trainer at the university, has the boys out for a run. "Billie" makes sure that they put their whole heart into the training. Last winter when Queen's intercollegiate and juniors won the intercollegiate trophies, it was clearly shown that the players were in wonderful physical condition.

The players who figured on the championship teams are all back in college and intend to turn out this winter. When the new rink is ready the players will get down to hard training. The ice surface in the new rink will be a great deal larger than the old rink which means that when new players go to Toronto and play on the large ice they will be right at home.

It is stated by those who are in a position to know that the management of the Varsity senior hockey team, which won the intercollegiate trophy last year, are "cock sure" that they will win it again this winter. At the meeting of the college representatives recently held in Toronto, the Varsity representative made reference to the playoff for the Allan cup this winter, in which as intercollegiate champions they would be one of the teams which would compete. The Varsity student was reminded that they did not want to get overconfident as they must realize that although they won the intercollegiate rugby championship this fall there was only one point advantage over Queen's.

### The Curling Rink.

The workmen engaged in overhauling the curling rink are pushing along the work as rapidly as possible. The concrete supports on which the rink will rest, were allowed to dry out for a week or ten days before the building was lowered down. For the past couple of days, masons have been busy getting the chimney properly supported. It had been expected that the chimney would collapse when the large building was moved, but it stood the test well. The chimney sank a few inches, but the masons were able to raise it back in place. A number of men have been busy whitewashing inside of the building but they expected to complete the work in the course of a couple of days. The plumbers are at work getting the heating pipes connected. The executive of the curling club are looking forward to getting the beds for the ice surface in shape in the course of a few days.

### Ice Ready McGill Practice.

McGill has already got ice on the open air rinks on the campus. On Saturday night last there was a good sheet on one rink and the ice-makers declared that there would be skating today if the cold weather continued.

Frank Shaughnessy called for the first turnout of the hockey candidates on the rink Tuesday afternoon. With no sign of ice at the arena as yet the college athletic authorities are doing their best to give the players a chance to practice and they promise to have the men in good condition before the other teams in the city get properly started.

### Lane Cocky.

Lionel Conacher was out to practice with Aura Lee, but contented himself getting his ice-legs. When he did take a notion to do some puck-carrying he breezed through nicely. And "Conny" packs a terrific shot, as young Moore, the junior goaltender, learned. Lane, the Cornwall boy, stepped into the "big train" a couple of times and spilled him all over the ice. He won't do that very much when "Conny" gets into hockey in earnest.

### Is Your Stomach Sour? Do You Belch Gas?

If you have sour risings from the stomach, feel bloated and uncomfortable, just try twenty drops of Nerviline in sweetened water. Relief will come quick. Nerviline dispels the gas, sweetens the stomach, makes you fit and fine in a few minutes. As a general household remedy for many of the ills that constantly turn up, nothing is more useful in every home than a 25 cent bottle of good old "Nerviline."

## Pictou to Have Two Teams in O.H.A. This Season

The Pictou A.A.A. met to deal with the hockey situation, it being decided to form a town league, and to enter both junior and intermediate teams in the O.H.A. series. A great deal of enthusiasm was evidenced among the younger players, and whilst there will be some difficulty getting together an intermediate sextette, it was felt that an effort should be made to run both teams.

The officers in the Pictou A.A.A. for the season 1921-1922 are: Hon. president, Judge E. H. McLean, Ben Leavens; president, John Hazel; vice-president, Nelson Hudgin; secretary, R. W. Sharp; treasurer, W. R. Adams; committee, J. Phillip Brown, R. Hadden, W. Pope, E. D. Purteile, H. Soanes.

### Golfer a Flier.

Hearken, ye golf fans, here's one for the blue book: The most novel freak shot ever recorded in the annals of golfdom was made Saturday at Chainless Lakes, Ind., when Dr. B. D. Cook drove his ball from the eighteenth tee. A heavy mist was falling and a flock of ducks was flying past just as Cook executed his swing, the ball squarely striking one of the ducks, breaking its wing and making its capture easy. It also provided "Doc" with his Sunday dinner. Cook remarked he never had much success in shooting mallard; on the wing with a shotgun, but undoubtedly had established a record with a golf ball. Incidentally, "Doc" lost the hole, as one of his opponents scored a "birdie," rimming the cup for an "eagle."

### They Swapped.

While visiting friends in Montreal, a young Torontonian was presented with a quart of whiskey. He decided to take it home in his suitcase. As the train neared Toronto he became more and more nervous. Finally, in desperation, he confessed his fears to a fellow-traveller. This kindly individual offered to trade suitcases and assume all responsibility. The young man was vastly relieved, and the change was made. An hour or two later the two met outside the Union Station, on Front street. The young man was exceedingly grateful. "By the way," he observed, as they exchanged again, "you must have a lot of things in your suitcase. It's awfully heavy." "Yes," said the stranger. "I have twelve quarts in mine."

### Rolling Falls Count.

A new method of determining bouts by falls in wrestling was introduced at Madison Square Gardens before the Zbyszko-Lewis bout. An announcement from the ring disclosed that rolling falls and flying falls were to be recognized in reaching decisions. Heretofore, pin falls have been the determining factors in struggles on the mat, the grapplers being required to get both shoulder blades of a rival pinned to the mat before a fall could be allowed. Under the new rules of the State Athletic Commission, a winner is determined just as soon as his rival's shoulders are slapped to the mat, and a rolling fall, or a flying fall, counts just as much as a pin fall.

### Figuring It Out.

When "Packey" MacFarlane, the clever outside wing of the Parkdale senior football team, and who is a staunch supporter of Mackenzie King and the Liberal party, entered the dressing room after the Argo-P.C.C. game, instead of "grousing" over his team's defeat, he launched into an eulogy of tariff revision. Snapback Shoebottom listened to this oration for some time and then contributed the following philosophy: "Cut out that tariff revision talk. If we had given the backs more 'protection' on the line, we might have won the game."

### On Dec. 10th.

If Queen's juniors decide to come into the C.R.U. championship series, the St. Aidan's and Bellwoods will play a sudden-death game at Scarborough next Saturday, and the winner will go to Kingston the following Saturday for the last game of the season.

Constant Le Marin, Belgian war hero and wrestling champion, received decorations from Russia, Italy, France and England and was one of the few foreign soldiers to receive the Distinguished Service Medal from the United States.

## General Sport

Aten-round bout between Willie Jackson of New York and Jimmie Henlon, the crack Denver lightweight, is to be the star feature of the big boxing show at Madison Square Garden on Nov. 29th.

Charley Brickley has blossomed into a successful sports promoter in New York. The old Harvard star is piloting a professional football team and also a pro basketball outfit.

French champions are "out of luck" in America this year. Roger Conti, the French billiard champion, has followed Georges Carpentier and Suzanne Lenglen in their failure to annex American titles.

Sweeney, of Providence, and Delley, of Chicago, established the strike out record in 1884, when they each fanned nineteen men in a single game.

Harry Broadbent has signed to play for the Ottawa N.H.L. Club.

If, in pinocle, a player draws two cards at once, he may put the second card back without penalty if he has not seen it; if he has, he must show it to his opponent.

McGraw won the National League pennant in 1904, 1905, 1911, 1912, 1913, 1917 and 1921.

Frederick Wilson has declined to act as president of the Michigan-Ontario league.

Havana race results or race entries will not be carried by the papers, as there has been what looks like an attempt to overcharge for the service. The cost of carrying the same is not justified by the interests.

Down at New Orleans they have collared a lot of high class horses. The word has filtered out that the Trotter stable intends to knock down many a purse and many a price.

The Goldblatt stable should have things pretty much their own way at Havana till the good horses arrive.

Mike Gibbons, the St. Paul battler, is hot on the trail of Johnny Wilson for a match for the middleweight title.

Old Black Bay, now going on 14, is at New Orleans, and when the going is heavy the former star may win a race. If ever a horse earned retirement it is Black Bay whose many stirring struggles with Pan Zareta will be recalled with pleasure.

No Extension to Yale Bowl.

Professor C. W. Mendell of Yale University, Chairman of the Athletic Board of Control, said that the story of enlargement of the bowl to a capacity of 117,000 was an unfounded yarn.

"It won't be done while I am here," he said. "It would spoil the beauty of the bowl, as well as a large number of seats under the proposed gallery. Even with the extra 42,000 seats the demand could never be taken care of. The more you add to the seating capacity the more will the law of diminishing returns apply; the cost of maintenance of the enlarged structure would eat up the extra profits. It would cost at a guess \$750,000 to make the enlargement."

Professor Mendell said that the bowl had been paid for, the "Finish the Bowl Fund" given \$200,000, and a loan of \$40,000 temporarily repaid out of receipts from sale of football tickets.

### Training at St. Andrew's School.

Mike Rodden, now that rugby has ceased to take up all his spare time, has turned to the winter game, and last night had charge of the St. Andrew's, Toronto, workout. He had about a dozen boys out and while the Red and White will be short of practice when they meet Parkdale on Friday in the second game of the junior series, they will take a lot of beating. Mike stated that Cameron, upon whom the Aura Lee juniors were counting as a goalkeeper, will be with the Prep School.

BROCK STREET

McGill Out of Soccer. McGill University will not be represented in the intercollegiate soccer next season, according to a decision reached at a meeting of the McGill Athletic Association here.

Queen's and University of Toronto both recently asked McGill to enter an eleven in a series to be played off next year, but lack of interest locally has resulted in the above decision. At New Orleans the following are said to be in great shape: Doric, Mormon Elder, Troilus, Tom McTaggart, Duke John, Lord Herbert, Lively, Fibberty Gibbet, Poio, Toe the Mark.
