 Terribly wearing on the system is the cough that comes at night and prevents sleep.

 You will find in

 a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against serious pulmonary disease.
 Mrs. John McKerney, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied with a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your wonderful remedy to others."

When questioned about the Frontenac election, members of the U.F.O. executive stated that all of the election machinery was in the hands of the Tory government and if there were irregularities the onus rests upon the government and not on the U.F.O. as they conducted a clean and honest campaign.

 An interesting event will take place on Dec. 13th at the manse, Terrace, B.C., when Mrs. Gordon, a prominent lady at Glenvale, Ont., and active in the Sunday school and Y.P.S. of the Methodist church, becomes the wife of Rev. W. J. Parsons, the pastor at that place. Mrs. Gordon is peculiarly fitted to share in her husband's work and carries with her good wishes from numerous relatives and friends who hold toward her feelings of the most affectionate regard. Writing about Terrace a correspondent says:

"There is no doubt that Terrace has an assured future. It will soon be the foremost town on the G.T.P. between Prince Rupert and Prince George. We are ninety miles east of Prince Rupert. The future of the district is certain, as Terrace has established itself now as a fruit-growing district, we are situated in a most lovely valley at the junction of the Skeena river and the Kitsamgulum river. The town derives its name from the contour of the land which rises in terraces from the river bank to the adjacent mountains, on these terraces the fruit orchards are being established. So much for the place."

Park a Ford alongside your Big Car
 Let the Ford Take the Hard Knocks—Keep the Expensive Car Home

YOUR big car is not suited for winter driving. Lay it up for the winter and drive, in perfect comfort, a Ford Coupe or Sedan. Winter driving is treacherous—and costly. It takes its toll in big repair bills and frequent "break downs." The Ford in winter days, will not only go where your big car cannot but it will take the drifts and icy ruts with less effort, less strain and far less wear and tear.

PUT the big car up for the winter. Drive a Ford—as many prominent people are doing—all through the hard winter months. Let it take the hard knocks—let it stand out in stormy weather; let it "buck" the drifts—and behind the closed windows, drive all winter in comfort.

THE investment will more than repay you. The initial cost of the Ford is small. It will save you depreciation on the big car and expensive repairs as well.

PLAN now on putting away the big car for the winter. Spend less this winter and drive more—by getting a Ford Coupe or Sedan TO-DAY.

WE will be glad to consult with you upon the cost of buying a Ford in relation to the depreciation costs of running your big car throughout the winter. This service obligates you in no way. We will be glad to call at your home.
