

When the Family Woke Up

When dad swung into a waltz; when mother tried the fox-trot, and Bill and the girls jazzed through many graceful steps quickened by the music from the Columbia Grafonola, that's when the family woke up.

Come in and see this beautiful instrument, pleasant to look at and delightful to own. Hear it played. Ask us about the exclusive Non Set Automatic Stop. Nothing to move or set or measure. Just start the Grafonola, and it plays and stops itself.

We are always pleased to demonstrate the Columbia Grafonola. So be sure to come in. You are always welcome.

This week-end we again offer you a genuine COLUMBIA GRAFONOLA. Type X—was \$125.00—now \$85.00. Mahogany or Fumed Oak finish; Automatic stop and other exclusive features.

DOMINION FINAL OF JUNIOR RUGBY

Queen's III and St. Aidan's at the Stadium Tomorrow.

It's going to be cold, but the colder it is, the faster they'll move. St. Aidan's have shown throughout the year that they can move fast, also and, as champions of the Junior O.R.F.U. will make the college junior champions live up to their best performance.

Captain "Eddie" Dolan, of the tri-color squad, saw the "Saints" defeat Bellwoods in Toronto last Saturday and he is confident that his team can show them up. Many are of the opinion that St. Aidan's will be much heavier than the Queen's boys but "Eddie" expresses the opinion that the averages will be fairly even. All the Queen's squad are in good shape for the game as "Billie" Hughes has kept an eye on them. Smith has a slight injury to his hand and Ritchie is still having trouble with a bad knee but all are expected to be in fine fettle for Saturday at 2.15 when they walk on the field.

St. Aidan's have a snappy back division and a good kicker, to put against Quinn, Smith, Bell, Holt and Dolan, so things will hum tomorrow afternoon.

Queen's seniors will be the guests of the local Kiwanis Club at a banquet on Monday night with representatives of the second and third teams also invited. The football men at Queen's much appreciate this and the banquet will certainly prove a success. Should Queen's juniors defeat St. Aidan's it would be a fitting celebration.

Shown Less Speed in 1921. There was a falling off of speed in the Grand Circuit last season for some unknown reason. Certain horses attained better marks than checked up in previous years, but the number of performers giving fast exhibitions was considerably less.

Only sixteen trotters did 2:05 or better and only fourteen pacers qualified in 2:03. Greyworthy among the trotters and Single G. among the pacers attained the honors most frequently. It is the first time in many years that fast trotting heats exceeded the paces.

Trotters entering the speed hall of fame for the year included Greyworthy, Jeanette Rankin, Periscope, E. Colorado, Jane the Great, The Toddler, Princess Etawah, Millie Irwin, Rose Scott, Kilo Watts, Emma Harvester, Great Britton, Peter Manning, Eliza Dillon, Guardian Trust and Peter Coley.

Pacers will a mark of 2:03 or better included Single G., Roy Grattan, Sanardo, Jimmie McKerron, Hal Mahone, John Henry, Dardanella, Juno, Sir Roche, Uriko, Senator Wilkes, Walter K., Jim B. and Prince Looee.

Good Cause To Beat Ump. A friend of Joe Tinker's once attended a ball game in the grounds of the Ohio state penitentiary at Columbus. Everything was regulation, including the equipment and the umpire. The Safelowers were playing the Pickpockets.

The game started and on the first called strike the entire team of Pickpockets rushed from the bench and went after the umpire. They called him everything they could think of, which was plenty—and nagged him exceedingly.

Tinker's friend turned to the warden. "Do you allow such actions here? What are they up to?" The warden laughed. "Oh, they're only trying to get put off the grounds," he replied.

EXTERMINATOR STAYS AT HOME

While there was a story going the rounds last fall that "Exterminator" Willie Sharpe would be sent to England during the present winter to take part in the long distance events of the British turf next season, it is now regarded as certain that he will be seen on his native heath in 1922.

LIKE SCRAP OF PAPER.

Will U. S. Treat Canadian Residence Rule as Such?

The amateur hockey team of the American Soo is trying hard to secure two good forward players in Montreal, and promise them fine positions. Its friends in Montreal openly say that the residence rule in use in Canada will be like a scrap of paper in the United States. They have a letter from Joe Guilbault, of Winnipeg, who has gone there to play hockey and who seems to be well satisfied.

WILL NOT COMPETE.

The Harrowerith and Wolfe Island hockey club have announced that they will not enter any series this winter in competition for the Edwards Cup, as they claim that there are many conditions attached which are displeasing.

There is a rumor going the rounds that the U.F.O. people will put up a trophy for competition in county hockey circles, and in this case, both these teams will enter. It would be a very good thing if some U.F.O. leader or club would offer a trophy, in order that all clubs in the county may enter the series. If any have such intention, action should be taken immediately.

GOLF STEALS A STAR FROM NET PASTIME

C. J. H. Tolley, winner of the British amateur golf championship last year, is about as good a tennis player as he is a golfer. Many who are in a position to judge believe that if he devoted himself seriously to tennis he would become more famous than in a career on the links.

He was playing lawn tennis to the exclusion of golf until within three or four weeks of last year's amateur championship.

TAX ON SPORT.

Chicago Has Appointed a City Athletic Commission.

Mayor William H. Thompson, Chicago, announces appointment of a city athletic commission of three members. The newly-created sport governing body will levy a three per cent tax on all unlicensed contests, such as wrestling matches and billiard tournaments. A bill before the city council, however, would increase this tax to include all professional sports, even major league baseball.

200,000 Saw Pitt's Eleven.

Approximately 200,000 persons witnessed the nine football games in which the University of Pittsburgh team took part during the season just closed. In a statement Karl Davis, graduate manager of athletics, said that at home the Panthers played six games, the average attendance being 25,000. The three games abroad drew approximately 50,000. Two of the home games, those with Penn State and Washington and Jefferson college, brought out the largest attendance. Thirty-two thousand persons witnessed each contest, the capacity of the great stands at Forbes field being taxed on each occasion.

Willard Moves Away.

From Lawrence, Kan., comes the interesting information that Jess Willard has sold his home in that village and all his belongings, including furniture and livestock, and will move to California. This information came through an Associated Press dispatch. The presumption is that big Jess has struck oil out in the Golden state, or else he desires to get a little further away from Dempsey.

In India about 15,000,000 people go on but one meal a day.

GRAMMAR WAS NOT SO EASY FOR MORGAN

During the heyday of the Philadelphia Athletic, three of the star pitchers, Bender, Coombs and Morgan, went onto the vaudeville stage. They did a small act that took big all around the circuit. One evening the applause was so great that all three came before the curtain to make speeches. Morgan was the first and he started in to flatter the audience, giving it the impression that all were baseball fans. "Ladies and gentlemen," he began, "Many of you out there in front of me I have saw before"— "fore"— Coombs nudged him. "Nix on that," he muttered, "and the two escaped in a gale of laughter."

Park a Ford alongside your Big Car

Let the Ford Take the Hard Knocks—Keep the Expensive Car Home

YOUR big car is not suited for winter driving. Lay it up for the winter and drive, in perfect comfort, a Ford Coupe or Sedan. Winter driving is treacherous — and costly. It takes its toll in big repair bills and frequent "break downs." The Ford in winter days, will not only go where your big car cannot but it will take the drifts and icy ruts with less effort, less strain and far less wear and tear.

PUT the big car up for the winter. Drive a Ford—as many prominent people are doing—all through the hard winter months. Let it take the hard knocks—let it stand out in stormy weather; let it "buck" the drifts—and behind the closed windows, drive all winter in comfort.

THE investment will more than repay you. The initial cost of the Ford is small. It will save you depreciation on the big car and expensive repairs as well.

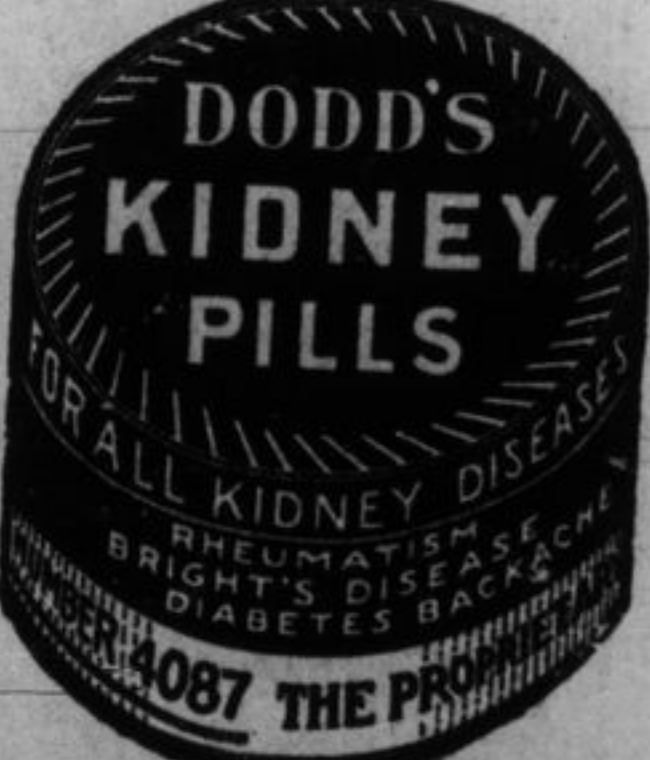

PLAN now on putting away the big car for the winter. Spend less this winter and drive more—by getting a Ford Coupe or Sedan TODAY.

WE will be glad to consult with you upon the cost of buying a Ford in relation to the depreciation costs of running your big car throughout the winter. This service obligates you in no way. We will be glad to call at your home.
