ROSS IN SEVEN YEARS HAS WON \$773,037

Winnings of Sir Barton, Billy Kelly, Boniface and Cudgel Helped Materially.

In seven seasons of American and Canadian racing—1915-1921—J. K. L. Ross' stable has won the enormous sum of \$773,037 and 381 races. Here is a compilation of the yearly value of turf prizes which fell to the speed and quality of the animals racing in the black and orange of the Canadian sportsman:

Year.	Am.
1915	\$ 4,095
1916	17,947
1917	22,198
1918	39,179
1919	209,293
1920	250,675
1921	167,642
Totals	\$773,037

Big Four of Ross Stable.
The stars in Commander Ross' stable have been keen figures in the seven seasons. Four were almost supreme in their ways and days. This quartette, Sir Barton, \$116,857; Billy Kelly, \$96,882; Boniface, \$96,062; and Cudgel, \$68,954, were the important contributors to the great Ross total. In five years these four horses won \$378,755.

Another.
For the present at least, the Kilty-Red Sox trade puts a period to negotiations by the New York and Boston clubs for Bob Veach, Detroit outfielder. The Tigers management was understood to be willing to part with Veach only in event Scott should go to Detroit and for a time a three-cornered swap, involving the Boston, New York and Detroit clubs was under consideration. The Kilties will continue to barter for an outfielder and either Jones or Bush or both, may be with a club other than New York when the season opens.

Simultaneously, Harry H. Frazee, Red Sox owner, announced he had traded firstbaseman "Stuffy" McInnis to Cleveland for, Outfielder Elmer Smith, firstbaseman Burns and Joe Harris, provided the latter is reinstated by Judge Landis. Harris "hopped" to an industrial league and was out of "organized baseball" last year.

It is understood that Scott, McInnis and some other Red Sox veterans demanded they be traded.

Failed to K.O.
For the first time, during 1921 Tommy Gibbons met an opponent in the ring and failed to knock him out within the stipulated number of rounds for the battle. Bartley Madden, of New York, went the full ten sessions with him at Grand Rapids, Michigan, on Monday night. Gibbons was unanimously given the decision by the sport writers present. Madden gave a wonderful demonstration of the art of absorbing punishment.

Torontos are going to start an injunction against calling the Tigers the Hams. They state it is an infringement of a well-known Toronto copyright.

Sometimes it is just as well to be on the outside of the exclusive circle, so-called.

1924 OLYMPIC STADIUM JUST OUTSIDE OF PARIS

The stadium where the 1924 Olympic games are to be held will probably be built in the Parc des Princes, just outside of Paris, between the gate of 'Auteuil' and the Gate Mollitor, if the recommendations of the commission of experts are approved by the city council, which is to meet for this purpose next week.

The commission, which was appointed by the city council to study sites for the Olympiad, suggests a great stadium along the lines of the Antwerp structure, where the 1920 Olympic games were held, but larger. The experts have practically eliminated the Pershing Stadium.

TURF NOTES.

At the recent Doncaster yearling sales, Major D. McCalmont, who owns The Tetaroh, secured his three-quarter brother for \$5,000. The yearling, like his famous relation, is curiously marked.

All signs of the coughing epidemic which approached almost a serious stage at Havana several weeks ago, has passed and there is hardly a single horse at Oriental park out of training at this time.

Spion Kop, the English derby winner of 1920, begins his career at the stud next season. He has been leased to Lord Rosebery, and his list for 1922 is already full. It is opined that the choice Rosebery mares will suit the son of Spearpoint and Hammerkop admirably.

Carson Cooper is being trailed by St. Patrick's scout, is the report that comes from Toronto.

Ray to Quit.
Jole Ray, six times champion miller, who in 1919 set a mark of 4.14 and 3-5, has retired from the track, according to a Chicago announcement. Ray's leg, injured in the Olympic races at Antwerp, has never completely responded to treatment. So says John Behr, of the Illinois Athletic Club. The little champion is, therefore forced to quit.

Ferjurers, Beware!
M. G. McNeill, Winnipeg sportsman and barrister, who is Chairman of the Special Committee of the Amateur Athletic Union of Canada on Affidavits, states that athletes will have to beware in the future. Mr. McNeill declares that, after careful consideration of the question, the committee has come to the conclusion that all athletes taking these affidavits and swearing falsely could be prosecuted for perjury in the courts.

This information will probably be interesting to every branch of amateur sport in Canada where affidavits are often necessary to declare an athlete's amateur standing.

Oshawa Juniors have signed up a goal tender with an artificial leg. He is Bert Crandall, of Cedarville. He is a fair skater and a really good goal custodian.

PREFER TO TRAIN IN TEXAS

Majority of Them Will Go There in Spring.

Texas continues to be the most favored training grounds for the big league managers.

With the exception of Connie Mack, all of the major pilots have selected training sites and six of the sixteen have chosen Texas. Florida and Louisiana are next, with three clubs each, Arkansas gets two and California one.

San Antonio will harbor two clubs, the Giants and the Tigers, and Hot Springs will have a pair in the Pirates and the Red Sox.

Eight of the clubs return to the scene of last year's spring activities. The Giants return to San Antonio, the Pirates go back to Hot Springs and the Cards work again at Orange, Texas.

The Braves, who worked out last year in Galveston, switch over to St. Petersburg. The Robins will go to Jacksonville, instead of New Orleans. The Reds passed up Cicero and will go to Mineral Wells instead. The Cubs will train on Catalina Island, instead of at Pasadena, and the Phils switch over from Gainsville to Leesburg.

Only two changes have been made so far in the American league. The Yanks are going to New Orleans instead of Shreveport, and the White Sox have chosen Soguin, Texas, instead of Waxahachie.

The Indians return to Dallas, the Browns to Bogalusa, the Senators to Tampa, the Rex Sox to Hot Springs, and the Tigers to Hot Wells, right near San Antonio.

NET PROFITS OF \$22,787 FROM SPORTS AT PENN.

The athletic year of 1920-1921 was the most successful financially that the University of Pennsylvania has ever had, according to the annual report of the treasurer made public today. The net profit for the year from the twenty sports supported by the school was \$22,787.

Most of the major sports showed the usual deficit, rowing, football, particularly costly. Boxing, football, track and baseball showed the greatest revenue. Franklin Field, university authorities said, is to be enlarged to accommodate 50,000 people.

Life Members.
At a banquet given to the Argonauts' football club by the club on Monday evening, "Sinc" McEvenue and Harry Batstone, coach and captain of the team, were made life members of the club. Only two men have been so honored before, one of them Wright, an old double blue standby. Many prominent members of the municipal and sporting world were present.
