AN ANNIVERSARY TO BE CELEBRATED

The 21st Battalion Club Will Honor Memory of Splendid Raid.

The 21st Battalion Club will, on Tuesday evening, celebrate the anniversary of the Colonne raid, in which they were associated with the 20th Battalion on the Bully Grenay front on Jan. 17th, 1917. A supper will be served in the recreation room at the Armouries. An orchestra and the pipe band of the P.W.O.R. will be present. This established a record on the western front, up to that date, 100 prisoners being taken. No record was obtainable of the number of Bosches killed. Nine hundred and thirty officers and men of the two battalions were engaged.

INCREASED ENTHUSIASM

Among the Merchants Over Convention Which Opens Here Tuesday.

The committee in charge of the arrangements for the entertainment of the delegates to the Retail Merchants' convention that opens here Tuesday, report increased enthusiasm among the members of the Kingston branch, and the event is expected to mark a great advance in the progress of the retail business here. In speaking of this today, a prominent member stated that there are many citizens who hold very erroneous ideas respecting the association as an organization. For instance, it does not exist for the purpose of price fixing and price regulation, but for the supreme purpose of looking after the welfare of its members by endeavoring to overcome conditions that are injurious to trade and by enabling the business man to become a better business man the whole benefit of which is translated into service to the buying public.

The foremost idea of the association is service and no merchant can be an up-to-date business man who does not avail himself of the opportunities to keep abreast of the times, and by meeting those prominent in his own line in different parts of the country learn what is taking place in business methods and the effect of legislation affecting his position. The association is not political, but is wholly business and it is only necessary for a business man, no matter what line he represents, to attend the meetings to see what is their character and what is being accomplished for him. The association has increased in usefulness and its influence is at the command of every member for the asking. Whether he wants advice, bad debts collected, information respecting transportation by express or freight, insurance, confidential reports, in fact nothing that affects his business is neglected, for the association has the machinery and it is at his service.

FIFTY STATE GUARDS AT KENTUCKY TRIAL

The Relatives of the Murderer Planned to Prevent His Conviction.

Manchester, Ky., Jan. 14.—Armed with rifles and two machine guns, fifty state guards this morning went on duty to Clay county court house where the circuit court will convene for the trial of Steve Martin, alleged feudist, charged with the murder of Wood Burge. This action followed reports that relatives of the defendant planned to march here to prevent the conviction of Martin "even if they had to blow up the court house." The Burge clan also plan to attend the trial. Three persons were killed in the Martin-Burge fight Christmas day.

A little child perished in a fire at Windsor Mills, Que., while her mother was in the next block.
