

LATER POEMS

By BLISS CARMAN

Canada has full right to be proud of her poets, small body though they are, but Mr. Carman stands high and clear above them all. Later poems must and will be regarded as the fine flower and crowning achievement of the genius and art of Bliss Carman.

THE KID

The boy or girl of to-day does not need to be handicapped in school from poor eyesight—many children who are backward at school and complain of the inability to study have headaches or eyepain, can be relieved by a proper pair of glasses.

Our examination will reveal the trouble if in the eyes and our glasses will enable them to keep pace with their chums, which is the ambition of most children.

THE FAIR ASSOCIATION HOLDS ANNUAL MEETING

Exhibition of 1921 Great Success—Finances Now in Good Condition.

That the past season was the most successful in the history of the Kingston Fair Association was evidenced at the annual meeting of the officials, directors and members held in the association rooms on Wednesday afternoon. The reports submitted by the various officials were statements of splendid progress over all previous years, and a high note of enthusiasm and optimism prevailed throughout the entire meeting. Manager R. J. Bushell was lauded by all the speakers for his splendid work, and in his retention of the office for the coming year, the association and district and city at large, are assured of a prosperous season in 1922.

Owing to the growing interest in the fair and its prospects, there was a record number of members and friends in attendance, and many valuable suggestions were put forward for the improvement of some of the departments. James Henderson, the president of the association in 1921, gave a short address reviewing the work of the past year, and of the success of the annual fair in September last. He told of the interest taken by the merchants and citizens of Kingston, and also of the increasing value that the big event is to the city and surrounding country. Every year more entries pour in from outside points, and the fair is gradually working up to a high place in the estimation of patrons throughout the province. He remarked that the financial condition of the association was highly satisfactory, and that Mr. Bushell, who had always worked unselfishly in the interests of the fair, deserved most of the credit for their success. Mr. Henderson also paid a high tribute to the directors and other officials connected with him during 1921, and expressed the hope that the association would continue to prosper in the years to come.

The treasurer's report was then read by Charles Adair, one of the auditors, which showed that the association had cleared nearly \$4,000 during the past season, which is a record to be proud of by the members. Mr. Adair also paid a glowing tribute to Manager R. J. Bushell, who had given unstintingly of his services, and had built up the exhibition to its present sound condition. Following are some extracts of general interest:

Receipts.	
Gate	\$9,527 53
Rent of stalls	3,435 00
Concert receipts	127 74
Grandstand	555 25
Entry fees	483 60
Rain insurance	999 00
Field-competition fees	25 00
Total	\$20,134 64
Total expenditures	\$19,536 50
Cash on hand	\$ 598 14

Before asking for any suggestions for improvement, President Henderson remarked that it was a wonderful undertaking to have such a good balance, after paying nearly \$4,000 on the debt of the association, especially in view of the depression of the past year, and the high cost of all materials and labor. Manager Bushell roused the members to great enthusiasm in his short address, in which he outlined the progress of the fair during the past few years, when it had grown from an insignificant affair to one of the largest events of its kind in the Dominion. He remarked that the exhibition this year would be the biggest ever, and that from the present prospects the debt of the association would be wiped out and a substantial bank balance shown at the end of the season. Mr. Bushell stated that there were already 165 paid-up members for the coming year, and that applications were coming in fast. In closing his address, he asked the members if they were desirous of retaining both the field crop competition, in oats and corn, which was unanimously approved, and a number of entries were then subscribed.

Owing to the satisfaction obtained by the departmental judges of last year, the same system will be used again for the coming season. General approval was shown with regard to the prize lists and no changes of any note will be made for the present.

The following officers were elected for 1922: Honorary presidents, Mayor S. S. Corbett, W. F. Nickle, K.C., W. S. Reed, M.P., A. M. Rankin, M.P.P., Dr. A. E. Ross, M.P., Col. G. H. Ogilvie, Reeves J. B.

Clark and J. S. Sibbitt, and Dr. W. Bell. President, J. J. Wilmot; 1st vice-president, A. E. Weiler; 2nd vice-president, J. B. Baxter. Sec. treas. and manager, R. J. Bushell.

Directors, James Henderson, J. L. F. Spry, Thomas Doyle, A. C. Day, Colin Rogers, E. Cook, A. Franklin, J. Wilson, E. Bradden, H. C. Orser, H. J. Simpson, B. Lancaster and J. S. Sibbitt. The auditors, Charles Adair and J. B. Quinn, were re-appointed.

James Henderson and R. J. Bushell were appointed to attend the convention at Toronto on February 7th and 8th.

The fire at the dairy school came in for much discussion, and it was unanimously decided to address petitions to the city council and industries committee to lend assistance in obtaining its reconstruction here, and also to the provincial government.

THE NEW PRESIDENT.

J. M. FARRELL
Who will be the next president of the Canadian Club.

MORMONS ANSWER REV. PUTTENHAM

Rev. John Puttenham: Your recent Anti-Mormon letter in the Whig reminds me of a conversation between a Heathen and a Christian missionary. Heathen: "The Bible is a very bad book." Christian: "Have you read it?" Heathen: "No." Christian: "Have you ever seen one?" Heathen: "No. But a Heathen told me it was bad." What do you think of this Heathen? Don't call him bad names. You are standing in his shoes. You say that Mormonism is bad. What proof do you give? You quote a Presbyterian! Suppose I should follow your example and judge the Presbyterian church by what the Catholics say about it, what would you think about me? Would you not think that I was narrow and bigoted? What then do you think of yourself, when you attempt to judge the Mormons by what the Presbyterians say about them? Really can't you see yourself? Don't you keep a looking glass?

In my Kingston sermon I said, "Mormonism is pure Christianity." I stand by that statement. I challenge you to erase one syllable of it, with logic, reason or the Bible. Jesus said, "By their fruits ye shall know them." That is the only just standard by which you can judge any religion. What are the fruits of the religion of the Latter Day Saints? Good health, prosperity, education, morality and spirituality. The devotees of this religion are the healthiest people in the world. Here is the proof. The United States census for 1920 show that only 64 Mormon babies out of a thousand die before they are one year of age, as compared with 161 out of a thousand in the United States at large. The Latter Day Saints are the most prosperous people in the world. Here is the proof. The Country Gentlemen for January 29th, 1921, on page 12 says, "Utah should be called the home owner state. Out of 26,642 farms in Utah seven-eighths of them are owned by the men who operate them." The Latter Day Saints lead the world in education. Here is the proof. The Toronto Evening Telegram for July 23rd, 1920, at page 11 quotes Dr. A. E. Winship of Boston as saying: "No state is within hailing distance of Utah in an efficient attempt to solve the civic, industrial and educational problems of the youth between twelve and eighteen years." The Latter Day Saints have the highest standard of morality. Here is the proof. In a letter published in Collier's Magazine, April 27th, 1911, on page 13, Col. Theodore Roosevelt said: "Indeed among these Mormons the standard of sexual morality was unusually high."

TWICE TOLD TALES

News of Kingston

TEN YEARS AGO.
William McCammon has fixed the limits for ice-cutting in the harbor. The local policemen have put in an application for an increase in salary. Aemilius Jarvis & Co. have issued a statement clearing up several matters concerning the Canadian Locomotive Company.

The Variety hockey team arrived at two-thirty to play Frontenac this evening.

Four men engaged in cutting ice around a steamer in the harbor were dumped into the water and had a hard time getting out.

The Scotch curlers have arrived in town and will be royally entertained while here.

TWENTY-FIVE YEARS AGO.
Queen's defeated R. M. C. cadets in an exhibition game of hockey last night.

The city council for 1897 has recalled the previous council's burden concerning the city of limits.

Lieut.-Col. Smith announces that the 14th regiment will revert to its former six companies.

A. H. Ypans, Ottawa, has been released from the general hospital and will proceed home.

Dr. A. P. Knight has been attending a session of the Ontario Educational Council in Toronto.

Some person unknown tried to break into Mrs. Lacey's little store on the corner of King and Queen streets, today.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacist; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

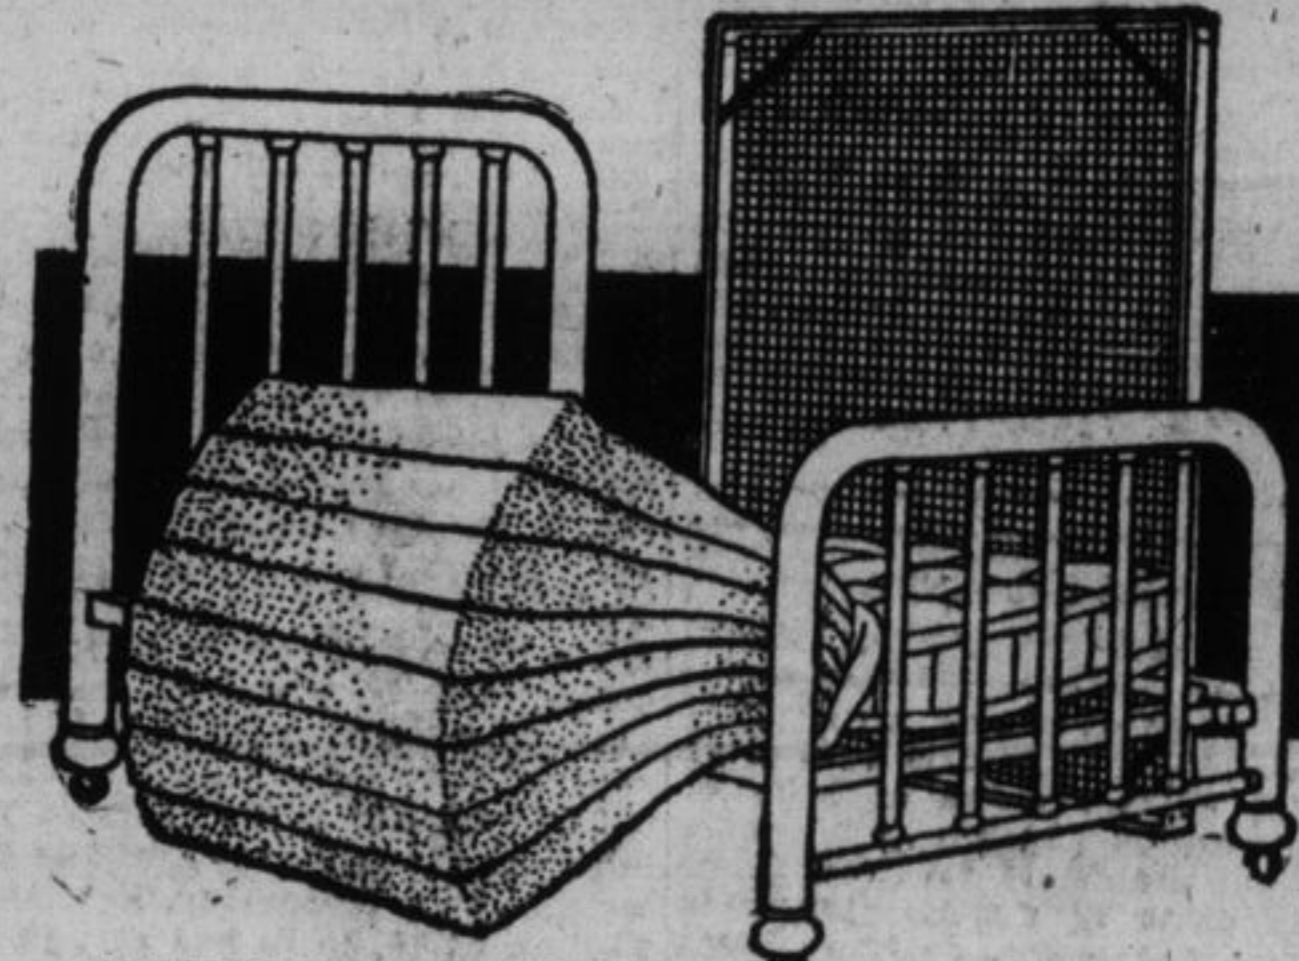

The Latter Day Saints have the purest spirituality. Here is the proof. Col. Wm. J. Bryan, who is the greatest living Presbyterian, at the close of a session of the Mormon conference in April, 1920, which he attended, said publicly, "I have never witnessed such religious fervor in my life before."

Such are the fruits of Mormonism as attested by scholars, statesmen, and moralists of international note. I challenge you to make out as good a case for the Presbyterians or any other church in the world.

Now in conclusion let me give you a bit of advice. Stop throwing mud, and preach the truth if you have any to preach. Throw away your hammer and get a horn. Knockers are out of date.

Yours truly,
—NEMPH JENSEN.
