BIG MEETING FOR ELLIOTT

(Continued from Page 1.)
must choose a man of his type to go
to Toronto and represent Kingston.
It is stated that Kingston holds more
wealth in stocks than any other of its
size but what we want is business en-
terprise right here that will give us
a fair measure of prosperity.

Another man, an engineer, declar-
ed that Mr. Elliott, if elected, would
surely be the choice of Eastern On-
tario to represent the municipali-
ties on the Hydro commission. "He has
been so actively identified with Hydro
development that his astuteness and
experience are needed to secure for
Kingston her rights with respect to
power distribution and thus make it
worth while for important industries
to locate their plants here and give
work to hundreds of men who have
been out of employment for months.
This matter of power is a most vital
one to us as we, who are in the elec-
tric business know perfectly well, and
we can depend upon Mr. Elliott, if
elected, to devote his entire energies
in our behalf."
