"THE KID"

The boy or girl of to-day does not need to be handicapped in school from poor eyesight—many children who are backward at school and complain of the inability to study have headaches or eyepain, can be relieved by a proper pair of glasses.

Our examination will reveal the trouble if in the eyes and our glasses will enable them to keep pace with their chums, which is the ambition of most children.

ST. ANDREW'S CHURCH HOLDS ANNUAL MEETING

A Splendid Year's Work Reported—Total Givings Were \$15,677.40.

The annual congregational meeting of St. Andrew's Presbyterian church was held in the church hall on the evening of January 25th. The large attendance at the meeting evidenced the keen interest taken by the church members in the various schemes of the church. The pastor, Rev. J. W. Stephen, occupied the chair. He presented a report on the church session in which was shown that the membership had increased by twenty-five to over 500. Many interesting reports were submitted and the welfare of the church enthusiastically discussed.

The manager's report presented by the chairman, Dr. Macphail, showed receipts of nearly \$11,000 toward the support of the various schemes of the church, and in addition a sum of nearly \$8,000 to date toward the Forward Movement. The finances were found to be in a very satisfactory condition notwithstanding several heavy expenditures in repair, etc., a feature of the expenditure being a new motion picture machine for the Sunday school.

The Sunday school, under the efficient superintendency of R. J. Rodger, made good progress during the year. The attendance was given as 173 pupils with twenty teachers. A special feature was the infant class of fifty and the children's orchestra of five string pieces. The receipts amounted to \$413.

The Women's Missionary Society report was presented by Miss L. Mowat and showed a very successful year with receipts of \$354, all contributed to various missionary purposes.

Miss E. Mowat submitted the report of the Women's Home Association, a society with manifold activities. They during the year nearly \$1,000 and after placing \$500 on the plate on anniversary Sunday and numerous other expenditures, showed a balance of \$1,100.

The Young Women's missionary auxiliary report presented by Miss M. Gavine showed a contribution to missions of \$235. The Juvenile Guild report presented by Miss N. Ferguson showed contributions to charities and missions of \$157.58. The benevolent fund contributions were \$161.

The choir was shown to be in a very efficient state under the leadership of H. Hill as director and Prof. Milner at the organ.

Summary of receipts:

Revenue	\$ 7,822 24
Missions	2,289 95
Sundry charities	552 98
Forward Movement	2,969 92
Sunday school	483 00
W.M. Society	354 38
W.M. Auxiliary	235 14
W.H. Association	875 97
Juvenile Guild	93 82
	\$15,677 40

The ladies of the congregation provided refreshments during the evening.

William H. Coulter, Vancouver, late gunner in the C.F.A., C.E.F., is in the city, after his trans-Canada hike from Vancouver to Halifax on foot.

EXCELSIOR LIFE RESULTS

Large Increase in Surplus, High Interest Earnings.

Notwithstanding many conditions unfavorable to the writing of a large volume of business, applications were received by the Excelsior Life Insurance Company for amounts totalling \$11,297,011. Insurance in force now totals \$46,000,506.27, a gain during the year of \$5,425,615.62.

Total receipts for premiums, interest, rents, etc., were \$1,756,467.70, an increase of \$150,887.08.

Payments to policyholders or their beneficiaries were \$500,571.43. Adding to this the amount set aside during the year for policyholders' future benefit, a total amount was received by, or set apart for, policyholders of \$1,422,232.98, although only \$1,392,759.29 was received in premiums. In other words, for every dollar of premiums received from policyholders during the year \$1.02 was returned or set aside for their benefit.

Total assets available for policyholders, amounting to \$7,389,327.10, include a well selected list of government bonds, municipal debentures and first mortgage loans. An average interest rate of 7.2 per cent. was earned in 1926.

The Policy Reserve Fund was increased by \$731,849, and now amounts to \$5,929,726. Out of the surplus earned during the year \$71,676.52 has been carried to special reserve accounts.

The total surplus on policyholders' account, exclusive of paid up capital now stands at \$945,158.97, an increase of 24 per cent., convincing evidence of satisfactory results of the operations of the year.

COUNTY COUNCIL BUSINESS

Sydenham High School Board Appointments—Want Continuation School.

The Frontenac county council has been engaged chiefly in committee work during the past two days, and its session on Thursday afternoon was brief. A notice of motion was given by Councillors Gray and Gommil that they would move that a continuation school be established at Sharbot Lake.

With regard to the request of Dr. Chamberlain that a survey be made of the boundary line between Frontenac and Leeds counties, each county and himself pay one-third of the cost, the council decided that the opinion of the county solicitor should at first be secured.

The following were appointed members of the Sydenham high school board: R. J. Vair, J. Quinn and Harvey Shannon. The latter succeeds Joseph Duff, who resigned. A discussion took place with regard to the Ontario Good Roads convention which is to be held in Toronto about the first of March, and it was suggested that the whole council should attend in order to press upon the government the advisability of relieving the municipalities of the twenty per cent. levy for maintaining the provincial highway. It was considered that it would be money well spent if all county councils would go to Toronto in a body, and show the government the feeling that exists throughout the eastern part of the province against the high levies being made upon municipalities for the Ontario highway.

THERE IS A CAUSE

For most music lovers ignoring the question of a miniature Grand Piano, and as wholly unfounded as it is, they will persist that a miniature Grand Piano is far too large for the average home.

We are willing for our part to disprove this, inasmuch as we will send one of our salesmen to take measurements of your room and submit to you in writing specifications showing just how one of these Pianos will comfortably take the place of an upright.

We have some beautiful instruments which will interest you, we are sure.

MR. AND MRS. J. W. HENSTRIDGE.

Of 31 Pembroke street, Kingston, who are both ninety years of age. Mr. Henstridge was born in London, England, on January 2nd, 1832, and Mrs. Henstridge in the same great city on Jan. 6th, 1832.

TWICE TOLD TALES

News of Kingston

TEN YEARS AGO.
Irregularities in the voting may result in the quashing of the local liquor license reduction by-law. Varsity defeated Queen's, 6 to 5, in the senior intercollegiate hockey here last night.

A deputation waited on the county council to ask \$5,000 for the new wing of the Kingston General Hospital.

William Cooper, driving a cutter, was struck by Street Car No. 21 and had a narrow escape from serious injury.

A cab, with Elmer Davis as passenger, was also struck by a street car today.

TWENTY-FIVE YEARS AGO.
The county council had difficulty in choosing its auditor for the coming year but finally decided on A. Cranston.

Certain of the aldermen are far from satisfied with Engineer Kennedy's report and want more details. J. L. Haycock, M.P., is working in North Ontario for the patron candidate, Mr. Graham.

J. Frank Karch, formerly of the Whig, is managing the Canadian secret service agency, Montreal.

W. Hamilton will probably replace Rigney at point for Frontenac's senior hockey team.

PILES

Do not suffer another day with itching, bleeding, or protruding Piles. Be surgical operation required.
