THE COUGH WITH THAT Tickling Sensation

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties. Mrs. P. Johnson, Port Albert, B. C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and I have not been troubled since. I shall always keep it in the house." Be sure and get "Dr. Wood's" when you ask for it. Price, 35c. and 50c. a bottle; put up by The T. Millburn Co., Limited, Toronto, Ont.

THIS IS THE SORT OF RELATIONSHIP

That exists between the Lion Clothing House and its hundreds of customers. It takes many years of service to build up this sort of relationship in any kind of business, and especially the clothing business, for the Suit or Overcoat a man buys sticks pretty close to him. He can like it or he can dislike it. If he likes it he won't forget the store that served him. If he doesn't like it he will try to forget the store. This splendid retail business of ours has been built around service and satisfaction to the customer. That is what interests us most—always. Then again, we always sell our goods closer than any other store in the city in ordinary times, and our GREAT CLEARANCE SALE brings our prices still lower. I have no HALFWAY METHODS, NOR DO I TRY to sell you a GOLD BRICK. I want to be a PERSONAL FRIEND of every one of my customers, and I want them all to be my friends. I want you to consider me in your EMPLOY—to HIRE me for the purpose of supplying your clothing wants. I want every customer to be my employer and I want to keep MY JOB.—ARTHUR.

You can't spend a price you haven't, so we're spending our energies and devoting our thoughts to the creation of prices you have.

Some people never stop to count the cost because they realize they haven't got the price, anyway.
