**Look for His Release.**

It is expected that almost any day word will be received to the effect that Edward O'Connor, of the township of Bedford, who is serving a six-month sentence in the county jail on the charge of a violation of the Inland Revenue Act, has been granted a pardon. Although it is only a short time ago that T. J. Rigney, K.C., made application for the release of this man, papers have been forwarded to the local officials for the purpose of getting some particulars about the prisoner. It is understood that the officials, who were asked to express their opinion about O'Connor, gave him an excellent recommendation.

**WANT DEVINE RELEASED.**

An Application Is Made to the Remission Board.

The friends of Joseph Devine, who is serving a three-months sentence in the county jail on the charge of theft, have made an official application to the remission board for his release. Devine was found guilty by Police Magistrate Farrell on the charge of stealing a barrel of molasses belonging to Cochrane, the blacksmith. When the case was heard in court Devine claimed the barrel of molasses was either bought or stolen by his nephew, who was absent from the city at the time the case was tried. When the molasses was found in a shed at the rear of a home at the Grand Trunk outer station, the man who lived in the house was also charged with theft. He was able to convince the court that the molasses had been left by Devine in the shed the day previous to his arrest.

**PLEASE CUT OUT THE NOISE.**

Police Receive Complaints About a Young Man.

The police receive all sorts of complaints. They received one on Friday morning about a young man, apparently a student, who appears to take great delight in making all sorts of noise, late at night, and from the account given of his actions the people living on Johnson and Frontenac streets have good reason to complain. It is stated that the young man comes along at various hours of the night and calls and yells in passing the different houses, probably to arouse student friends, but other good residents of the neighborhood have to suffer, and it has been very annoying. The young man is known, and it is stated that if the nuisance is not stopped, a police court case will follow, so a word to the wise should be sufficient.
