**A Settlement Reached.**  
"The old grey mare is not what she used to be many years ago." The above are line from an old song, and they were recalled in police court on Saturday morning, in a case which came before Magistrate Farrell when the ownership of a grey mare was in dispute. Two black horses also figured in the case. An interesting part of the evidence came from one of the witnesses who claimed that he would not give more than \$7 for the three animals, so the steeds could not have been very valuable. After evidence had been taken the two lawyers on the case, C. R. Webster and Ambrose Shea, had a consultation with the magistrate and a satisfactory settlement of the case was made, but it was not given out for publication.

**Headaches Gone**

Perhaps you can imagine what this means to one who had suffered terribly with headaches for ten years.  
Read about it in this letter.  
Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:  
"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."
