OUT Belleville Curlers would not let it count. Swartman In the First of the County Hockey Finals From

The wellworn old term of "hardfought battle" must again be used in reference to the game between Barriefield and Sunbury, in the first of the final games in the County Hockey series, which was won by the former at the Jock Harty Arens Wednesday afternoon, by a score of 4 to 2. Both sixes tried their utmos from the beginning of the first period until the last gong, welcomed by Barriefield, heard with dismay by Sunbury, and if the laurels were to be awarded for grit and sticking to it the game would have to be replay-

The first period made it look like a Barriefield game without much T. J. Hurley trouble. The men from across the W. H. Bottum Cataraqui River skated much better than their opponents and marked up two tallies, D. Stanton and E. Worministon doing the work on individual

at Indianapolis. "Stubby" Holmes, 118 lb. intercollegiate boxing champion of Canada, who was the only Queen's boxer to come through with a complete win in the recent assault in Toronto, has been selected as one of the men to represent the Canadian universities in the big international intercollegiate meet in Indianapolis on the eleventh of this month. The Queen's authorities have sanctioned his going and he will give a good account of himself for Canada.

CITY LEAGUE FINALS.

In the junior series Portsmouth and Frontenacs will stack up against each other and Y.I.C.B.A. and Civil Service will try conclusions in the senior class. These games will be good and large crowds are antidipated for them.

Nothing Further. There is nothing further in the wind in regard to a move from Queen's on the part of "Billie" Hughes, the popular trainer of that institution. No announcement has been made by the authorities and he has been ascertained, however, that "Billy" has received several definite offers from other big seats of learn-

MAY HAVE CANADIENS.

Team May Play Here.

There is a possibility that Kingstomans may have a chance to see the Canadiens of 1921-22 before this season is over. Two or three local parties have been trying to arrange the game and, although nothing definite has yet been arranged, the prospects are considered good. With their present chances for a play-off in the National League, it is not likely that the "Flying Frenchmen" would consider a match until the close of the N.H.L. season, but, should they be definitely eliminated, they may come here at an early date.
