He Knows what to Do for Backache THAT IS WHY S. SIVY RECOMMENDS DODD'S KIDNEY PILLS

Saskatchewan Man Tells Why He is Thankful He Came to Know and to Use Dodd's Kidney Pills. Bromley, Sask., March 15.—(Special).—Like every other town on the prairies Brombury has at least one citizen who is outspoken in his praise of Dodd's Kidney Pills. Mr. Sanky Sivy is the local enthusiast and he says:

"Oh, what a good medicine Dodd's Kidney Pills are. When I have pain in the back I take Dodd's Kidney Pills and the pain goes away. I am very thankful that I came to use Dodd's Kidney Pills."

A quarter of a century's experience has taught Canadians to look on Dodd's Kidney Pills as the standard remedy for disordered or diseased kidneys. Dodd's Kidney Pills are purely and simply a kidney remedy. They put the kidneys in shape to do their full work of straining all the impurities, all the seeds of disease out of the blood.

If you haven't tried Dodd's Kidney Pills ask your neighbors about them.

Don't Squeeze Blackheads—Dissolve Them Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dirt and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from many drug stores about two ounces of piroxone powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briefly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

Relieves Headache A little Musterole, rubbed on forehead and temples, will usually drive away headache. A clean, white ointment, made with oil of mustard, Musterole is a natural remedy with none of the evil after-effects so often caused by "internal medicine."

Ferguson, local superintendent for the Dickie Construction Company, has returned from Toronto, where he spent the past few days on business in connection with the new General Hospital. During the absence of the superintendent, the construction work was under the charge of J. "Sandy" Brown.

Located in the West. Frank Conway, of the C.P.R. city ticket office, while in Vancouver, B. C., had a pleasant conversation with an old Kingstonian, in the person of R. J. Ellbeck. He found "Bob" very much interested in Kingston news, and he said that he expected shortly to make a visit to both his old home at Newcastle and at Kingston. "R. J." has been away from Kingston for the past twenty years.

Mrs. James M. Nettleton Dead. At Pibroch, Alberta, on March 3rd the death took place at the residence of her son, Ivan, of Mrs. James M. Nettleton, a former well known resident of Brockville. The late Mrs. Nettleton was seventy-two years old and had been ill only two months, although in delicate health for years. Mrs. Nettleton moved from Brockville to Alberta a number of years ago.

Among the many useful presents was a handsome teapot given by the Sunday school. Miss Florence Barber read the address, with Miss Reita Burns making the presentation.

The Stage Stops Trips. The Cape Vincent stage made its last trip of the season on Wednesday between Wolfe Island and Cape Vincent. The American channel is reported to be dangerous for teams, and W. Horne who has been driving the stage decided not to run after Wednesday.

Peter McDermott and George Woodman were the only ones to cross from Wolfe Island Wednesday. They drove over with sleighs, but no teams are expected to make the crossing. The lake is open outside of Amherst Island and there is open water between Kingston and Wolfe Island.

An Excellent Number. Norman Hapgood's editorials in the April issue of Hearst's International Magazine are alone worth the price of the magazine. He takes a world view of the Farm Bloc movement. He sums up the situation in France. He comments on what the United States is doing to Russia. He suggests what the Asian situation will presently mean. "Women—Sane and Not" are given something to think about. And the Super-Bore—the dress suit person who has no

other line of conversation than "Prohibition and Its Failure" is handled unforgetably. And behind these brilliant word-pictures are some of the best fiction stories and fact articles ever printed.
