The Willing Workers' Class of the First Baptist Sunday school held a successful tea on Friday, at the home of their teacher, Miss Martha Hughson, 269 University avenue. The tea-table was prettily decorated with shamrocks. Miss Etta Puley, president of the class, received the guests, while the other members served them with dainty refreshments.

Up till Saturday morning, the local police had received no word of the capture of David Palmateer, who escaped from the jail at Picton on Sunday night last, and who is wanted in Kingston, to face a charge of robbing several pay stations of the Bell Telephone Company.

One report received a few days ago stated that it was thought that the accused had gone to Oshawa, but so far no trace of him has been found in that district and it is believed that Palmateer is keeping under cover for a time.

Jail Breaker Still At Large; No Trace of His Whereabouts

Sought by New York Capital. Extensive New York hotel capital is represented in negotiations recently initiated for the purchase of the Crossman House, Alexandria Bay, N.Y., one of the best of the summer resort hotels of the Thousand Islands region, it became known today. It is understood, however, that the transaction has been delayed because of the fact that William H. Warburton, the owner of the Thousand Island House which he recently purchased and operated last year with the Crossman House has a lease of the latter for the coming season. The price is said to be around \$75,000, the amount paid by Mr. Warburton to the Colonel O. G. Staples estate.

AN ENJOYABLE SESSION

Of Victoria Home and School Club on Friday Evening.

One of the most enjoyable meetings of the Victoria Home and School Club was held in the school on Friday evening. The treasurer's report showed a balance of \$420. Mrs. Newman, convener of the sick committee, reported sixty-two pupils ill at the present time, but all recovering. Mrs. H. D. Wightman is to be the delegate for the Easter convention of the Ontario Federal convention of the Home and School Clubs, with Mrs. L. T. Best as an alternate. Master Arnold Fair sang two songs which were much enjoyed. Dr. C. G. Nash then gave an illustrated lecture, which was instructive and interesting on "Preventive Dentistry." The speaker pointed out how to keep good health by proper diet, good fresh air, caring for the teeth at home, and having them examined regularly by the dentist. Imperfect teeth retard progress in the school and cause many diseases. Proper care of the teeth in childhood will prevent practically all tooth troubles. A hearty vote of thanks was given Dr. Nash for the splendid address.

There was no session of the police court on Saturday morning.

For Saturday \$6.75
