### KIWANIS PRESENTATION OF \$325 TO Y.M.C.A.

Also Makes Gift to George Brownlee—Dean Clarke, Chicago, Speaks.

The weekly luncheon of the Kiwanis Club was held in the Y.M.C.A. building on Monday evening and the meeting was marked by a very pleasing event, the central figure of which was George Brownlee, secretary-treasurer, since the formation of the club over one year ago, but who leaves the city to become manager of a branch of the Royal Bank in Toronto. He was presented with an address and a sterling silver service with tray suitably engraved, the work of Smith brothers, jewellers.

President Noble Steacy presided, and the principal speaker was Dean Clarke, assistant international secretary of Kiwanis, Chicago, whose subject was "Kiwanis from the Inside." During the luncheon Kiwanis songs were heartily sung under the direction of Kiwanian "Billy" Mills, and the Kiwanis quartette, composed of H. W. Newman, William McCallum, F. J. Wilson and Allan Lemmon, sang. The supper was in charge of the Ladies Auxiliary of the Y.M.C.A. and at the conclusion President Noble Steacy tendered a hearty vote of thanks to the management of the "Y," and to the ladies for the privilege of the use of the hall, and the splendid supper.

During the roll call the following guests were announced: S. Howard Lyon, R. H. Ward, B. Battie, S. L. Tilley, G. Young, W. J. Saunders, H. R. Filson, C. S. Anglin, Jack Elder, M. Lemmon, L. O. Kerr, Dean Clarke, A. Blakley.

Harold Davis, A. Davis and Sons, tanners, donated the attendance prizes which were won by J. D. Boyd, B. N. Steacy, Jack McKay and Percy Borland. Mr. Boyd's prize was a box of cigars which, as a non-smoker, he was required to distribute to the gathering. Noble Steacy's prize was the privilege of swimming in the "Y" tank, and Percy Borland's was a pair of Jack Sutherland's fine shoes.

The vigilance of the president kept the sergeant-at-arms busy collecting fines. Not the least pleasing event was the presentation by President Noble Steacy of a cheque for \$325 to the "Y" to defray the cost of a new roof for the gymnasium. It was received by Frank Anglin on behalf of the directors who thanked the club for its very great generosity.

J. D. Boyd reported for the underprivileged boy committee and stated that twenty-four names were submitted and of that number nine have been placed under the care of Kiwanian "daddies." Six are Protestants and three Roman Catholics. Two of the "daddies" are Ambrose Shea and B. N. Steacy. "I find, said Kiwanian Boyd, "that the members of this club are looked up all over the city, in a peculiar way and I liken this club to a religious institution. The members of this club are the cream of the churches. The work we have undertaken will cost \$500 but it is work of great importance." Three more volunteers are needed to take over the oversight of underprivileged boys.

Dean Clarke's Address.  
Dean Clarke was warmly received upon being introduced, and he returned the compliment neatly by telling of the fine institutions he found in Kingston during his visit. They were the Royal Military College, Queen's and the penitentiary. He expressed a high opinion of the penitentiary, although he had not been in one in the United States. He confined his address to the interpretation of the spirit of Kiwanis, its opportunities and responsibilities, not only in the immediate community of a club, but in the world at large. But its strength lies in the individual membership of a club, their loyalty to the chosen leaders and willingness to serve in the spirit of a true Kiwanian. It is the duty of members to make the club function, by doing what each has to do rather than by "letting George do it." "I have travelled just 3,000 miles since I started out and I find just the thing I wanted to find right here in Kingston, viz., the spirit of fellowship which we want manifested throughout the North American continent. Much depends upon us in this town to solve the problems of the world. The solution of the problems of the world can be carried out in the English-speaking world. We

### Stomach Upset, Gas, Gas, Gas

### "Diapepsin"

"Pape's Diapepsin" ends indigestion, heartburn, flatulence, gas, gassy, upset stomach, acidity, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the quick magic of Pape's Diapepsin. If your stomach is in a continuous revolt—if you can't get it regulated—try Pape's Diapepsin. It's so needless to have a bad stomach! Make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak out-of-order stomachs that gives it its millions of sales annually. Get a large, sixty-cent case of Pape's Diapepsin from any drug store. It is the most efficient antacid known. It is scientific, harmless, and belongs in every home.

must meet the problems in the same way that the business man does for if he does not meet the big problems of his community and of his country he suffers. The true Kiwanian, therefore asks himself what he can do. "I must try to help somebody else—do some service today, tomorrow may be too late."

I often ask the question: "Has this organization developed any man? I believe that it has and is. We get to know each other, and the importance of this is shown in the isolation that surrounds many individuals, fine fellows, too, but who labor under a delusion of mutual dislike. "Do we really know people?" asked the speaker. Here Kiwanis provides the opportunity to know the other fellow, the same as Rotary. In this way we find the grounds of unity that exist and a unity of purpose is the result. The thing for Kiwanis is the free-will service.

Owe Service to City.  
"I would have you to remember, too, that the citizens of a city make the business man a success, and he owes an awful lot of service to the city in consequence of that, the city that makes him. I wonder what we each are building. What are we building? Are we improving beyond what we were last year, or is our foundation standing awaiting the structure? The foundation of this club has been well built. I believe that the thing we are built on is the "Golden Rule" which, if we do not carry out daily in business we must fail."

The speaker was strongly impressed by an address given by Sir Arthur Currie at Providence, R.I., on the subject of comradeship which was so wonderfully exemplified by the soldiers of the Allies during the war. We must not lose the important lessons but translate them into the citizenship of our countries. We have, therefore, a definite purpose but if we miss the mark we are lost. Referring to the coming international convention at Toronto Mr. Clarke said that it would be a most important event to Canada and to the Americans who will leave this country with a new idea of Canada. "For my part I can't see any difference. I might still be in the United States. You speak better English, perhaps, but you look the same. There are 750,000 men in the Kiwanis clubs and when you think of the force they represent you must feel proud of your organization. Many men have spoken of the value of their experiences in our club, but it is a matter of friendships after all," said Dean Clarke in conclusion. A hearty vote of thanks was tendered to Dean Clarke on the motion of Harvey Milne, seconded by Harry Wilder.

Presentation to Mr. Brownlee.  
President Noble Steacy asked ex-President Frank Hoag to make the presentation of the silver service to George Brownlee, one of nature's noblemen. Kiwanian Hoag paid a high tribute to George's excellent qualities, his zeal for Kiwanis and the efficient manner in which he discharged the duties of secretary and treasurer. He helped lay the foundation of the Kingston club and gave unstintingly of his time and abilities to make it the success it is today. He expressed regret at the loss of the club sustained by his removal to Toronto and asked him to accept the gift as a token of good fellowship from his fellow members. George made a suitable reply. It was beyond him, he said, to adequately express his feelings at the moment from the kind words of the president and ex-president. He believed that a member received back from Kiwanis exactly in proportion to what he put into it. He felt that he was much benefited in many ways that would be a lasting benefit. He concluded by thanking the club very warmly, and Kiwanian Mills called for the song "For He's a Jolly Good-fellow" and a "tiger."

The president announced that the next meeting would be held at the Frontenac Hotel on Monday next.

The Late Miss Somerville.  
The death occurred at Brockville General Hospital on Tuesday, March 21st, of Velma Lolla Somerville, Lyndhurst, in her seventeenth year. Although she had been ill two weeks with influenza her death came as a severe shock to her many friends. Throughout her illness she was carefully nursed but in spite of the best medical aid and nursing as a flower before the reaper's sickle her frail life thread snapped suddenly, setting free her white soul to speed straight to her Heavenly Father's home. Velma was a general favorite with old and young alike, her gentle and cheerful personality making her a host of friends. She was born in Morton, January 3rd, 1905.

The funeral took place at her home on the Kingston Road, on Thursday afternoon, the service being conducted by Rev. D. A. Cowan, B.A., B.D. The remains were followed to their last resting place in the Brockville cemetery by a large number of sorrowing friends. All who knew the beauty of her young life and character deeply deplore her early demise and extend to her family and relatives sincere sympathy. Placed on her casket were a great many beautiful floral tributes. Besides her father and mother she leaves five brothers and three sisters.

The First Robin.  
It is even now flying toward our city. That means new shoes, undergarments, hats, lighter coats, dresses, suits, porch furniture, screens, paint, moving vans, vacation necessities; Great Caesar, it means unlimited things that must be purchased for the home, the individual, and business. Tell in a good advertisement that will reach everybody, just what you propose to supply.

Sale 25c. Ointment 25c. and 5c. Tubes 25c. Sold throughout the Dominion, Canadian Depot: Lyman, Limited, 34 St. Paul St., Montreal.

Cadets as Minstrels.  
The gymnasium at the Royal Military College is the scene of busy preparations for the minstrel show, which will be staged by the cadets on Wednesday afternoon and evening. An elevated stage has been constructed at the south end of the big "gym," and appropriate scenery has also been arranged. The affair promises to be a big success, and the cadets are practicing diligently for this annual demonstration of their dramatic talents.

Hospital's New Ice Plant.  
The new ice plant for the General Hospital service building will not be completed until the main building is to be handed over to the hospital board of governors. A. W. McLean, representing the Linde Refrigeration Co., Ltd., Montreal, left Monday for Toronto and will return to the city about the middle of April when the power will be installed at the building and a trial of the new machine may be made.

Rideau Tourist Route.  
Marine men do not expect to see very heavy traffic on the Rideau system this season. There will probably be the usual number of tourist motor boats, but the only freight will be the small coal carriers that go as far as Smith's Falls. There is practically no through service to or from Ottawa. The reason assigned for this is the splendid train service due to the C.N.R.

A Barren Waste.  
Wilfrid was sitting on his father's knee, watching his mother arranging her hair. "Papa hasn't any marcel waves like that," said the father, laughingly. Wilfrid looked up at his father's bald pate and replied: "No, no waves; it's beach."

A Sign of Spring.  
Seeds for spring planting are given a prominent place in the local stores these days, showing that spring is very close at hand. The man around the house will now put away his snow and coal shovel and use the spade to advantage.

Looked Like Water.  
As a result of the rain on Monday the harbor looked as if it was all clear water from a distance, but the ice bridge has not been shaken yet.

Marshall Joffre has arrived in Canada to start on a mission for peace aims.

### When They Stop to Look at Him!

Of course, they'll admire him—you take that as a matter of course—isn't he very healthy, happy baby, the object of comment and praise wherever he goes? And furthermore, isn't this particular baby just a little bit handsomer and more adorable than any other baby in existence? Of course! Then be sure that you provide him with a CARRIAGE to set off his beauty and make him show to even greater advantage. There is nothing like our smart English Perambulator to add to the attraction of the very young.
