CAMPBELL BROS.

SCHOOL PRESENTS PLAY INCIDENTS OF THE DAY

To Large Audience in Sydenham Street Methodist Hall.

"Mrs. Tubbs From Shantytown" was presented to an audience which filled the lecture hall of Sydenham street Methodist Bible school on Tuesday evening. The play was staged in three acts and was very interesting. The proceeds, which will amount to about one hundred dollars, will be in aid of the bible school funds. The success of the entertainment is due to Mrs. W. M. Campbell and Miss Hattie Chown, who had charge of the training of the cast. Last evening Mrs. Campbell, who was taken ill during the afternoon, had to be conveyed to the General Hospital and for that reason was unable to be present. At the close of the entertainment, E. P. Jenkins, superintendent of the school called upon W. M. Campbell to come to the platform and on behalf of the teachers of the school Miss H. L. Chown asked him to carry a bunch of roses and a handsome necklace to Mrs. Campbell.

The cast of the production was composed of members of the bible school. Miss Eva Newell took the part of "Mrs. Tubbs" to the entire satisfaction of the audience. Miss Dora Amey, Miss Violet Anglin and Miss Florence Purdy took leading parts. The remainder of the company was made up of the younger children in the school. Little Miss Anrovo, daughter of Dr. and Mrs. Harold Anrovo, was very cute. During the evening a piano selection was given by Mrs. (Dr.) McQuay, Portage La Prairie, and vocal solos were given by Miss Dora Amey.

MISSION AT ST. GEORGE'S

Rev. Ensor Sharpe Speaks of Reward For Knowing Jesus Christ.

Rev. Ensor Sharpe began the mission service in St. George's cathedral on Tuesday by saying that the question he would try to answer that evening was "What am I going to do? If I know Jesus Christ?" People are often afraid to try to know Him, afraid they will have to give up more than they would like of their pleasures, but if they realized what really loving God and living in His Love meant, they wouldn't weigh one against the other for an instant. "Perhaps you think we ought not to ask, 'What are we going to get?' as if it was a bargain, but Christ didn't tell St. Peter that when he said, 'Lord, we have left all and followed Thee.' His answer was that in this world they would receive an hundredfold and in the world to come, eternal life." Again, said the speaker, we must go back to the knowledge of the best and purest of human love, that of a mother for her child, of husband and wife, to learn of the Love Divine. As human love means perfect trust, so Divine Love means a life of serenity and security that gives perfect happiness.

After the singing of a hymn the mission address began, and the missioner told the story of man's free will, of his fall and the sin that estranged him from God, of the Heavenly Father's sorrow, for the estrangement, and of the impossibility of man, tainted with sin, entering the sinless courts of heaven; of God sending His own Son to be born of woman, the first sinless man since Adam, of His death upon the cross, His resurrection and His ascension in His human body to the right hand of His Father, of His church left on earth, unto which, as He ascended, He gave command that His people should be baptized in the name of the Trinity, thus becoming members of that ascended body which had opened the gates of heaven to all mankind, who will avail themselves of the blessings a loving Father has provided for them to lead them to a perfect salvation. The cathedral was well filled and many petitions had been sent in which were added to the usual intercessions.

IS TELEPHONE TO BE ROBBED OF SECRECY?

The Discovery by a Providence Man Would Indicate This.

Is the secrecy of the telephone to be destroyed? Is a fellow to be deprived of the pleasure of calling up his affinity from the quiet of his office? It would seem so judging from the following from Providence, R.I.:

Albert E. Proffit discoverer of a new link between the radio and telephone by which he can listen in on neighbors' telephone lines, demonstrated its efficiency when he and a newspaperman heard a Pawtucket swain in a supposed secret conversation with the Providence lady of his choice, and listened to two women discussing a dress worn by a newly-wed at church.

The feeling set used by Proffit is located in the attic of his home. A short aerial attached to 25 foot poles on the roof are used. The apparatus is of the four step audio frequency amplifier circuit type, home-made with modifications.

Proffit, a switchboard repair man in the Providence exchange, says he has discovered three circuits never known previously.

Veteran Teacher Honored.
 Recently George Malcolm, M.A., vice-principal of the Stratford Collegiate Institute, resigned, owing to falling health. Recently the members of the staff, student body and ex-students waited on Mr. Malcolm at his home, and showed in a tangible way their appreciation of his long and faithful services as teacher of English and history, over a period of thirty years. He was handsomely remembered, a very substantial purse being given the veteran teacher, accompanied by an address of good wishes. The recipient is a brother of Prof. Malcolm of Queen's.
