### DR. BELL'S SHAVING CREAM

Brushes up quickly; creamy lather and retains its moisture

300 shaves ..... 35c. a tube

### Insurance and Your Estate

No matter what your wealth, unless you leave some life insurance your heirs are bound to suffer.

Life insurance will provide your heirs with ready money immediately and so will remove any necessity for selling securities in what may be an unfavorable market. You can take out insurance to be used to pay the succession duties on your estate, and thus have it kept intact.

As a business man, the value of insurance to your estate must be apparent.

Let me have a talk with you on business insurance.

We Have Just Received Our Spring Shipment of

## NORMAN PLATE

Every piece of this Silver Plate is beautifully made, being hand finished back and front, and of exceptional merit.

Norman Plate is superior in our opinion to all other makes, prices this season are very reasonable and will bear all comparisons, quality for quality, even under present conditions.

### MOTOR CAR SERVICE.

Has Been Established Between Belleville and Deseronto.

Deseronto, April 4.—The snow and rain of Friday and Saturday left the streets in bad condition. Rev.

Canon Gould, general secretary of the M.A.C.C., Toronto, preached two very powerful and impressive sermons in St. Mark's church on Sunday morning and evening to large congregations.

The provincial garage has started a motor car service between Deseronto and Belleville, making stops at Marysville and Shannonville. We have a similar service between Napanee and Deseronto and with the C. N. R. passenger service, it looks as if Deseronto people are going to have travelling made easy and convenient for them.

Paul Berry spent Sunday with his family. Mr. Berry is a C. N. R. conductor at Capreol. John Ward, of Kingston Mills, spent a few days at W. H. Henderson's recently. Mrs. Miller, Kingston, has been visiting her sister, Mrs. A. J. Bowen. Reggie Bowen is very sick.

Mr. Gibbs, of the Richmond Wire Works, has moved his family from Peterboro, and has taken up residence in Mrs. John Berry's furnished house on Mill street. W. Milligan, of Campbellford, has moved his family into Mrs. Aesselstine's house on Brant street. Mr. Milligan is the manager of the Dominion store in this town.

Roy Peters, living near Sydenham, paid a visit to Mr. and Mrs. R. Moon, "Bay View," recently, and Miss Mildred Moon, accompanied Mr. Peters home for a short visit. Edward Roach, butcher, has purchased the fine property on St. George street, recently vacated by Cole Martin and family. Maple syrup is very scarce here.

### Building at Pembroke.

Pembroke, April 5.—Contractors and builders in Pembroke state that during this coming season close on to a million dollars will be spent on building in Pembroke. Part of this will go to erecting stores and places of business in the gaps left by the great fire of 1918, which destroyed so much of the business section of the town. Owing to the high cost of building these were not replaced, but contracts have recently been given for business places to be built in these vacancies. This is only one of the many indications that Pembroke real estate men and builders expect the coming season to be an unusually busy one.

### To Oppose Gas Boost.

Ottawa, April 5.—The Ottawa Gas Company's application to increase the capital stock from \$2,000,000 to \$5,000,000, which will come before the private bills committee of the House of Commons Thursday morning, will be opposed by the city.

Nothing can be made out of nothing.

### RECITAL OF BIG FIGURES

Ministers Reel Off Millions in Answering Questions on Order Paper.

Ottawa, April 4.—A little Canadian Northern Railway history, as it is related to the Dominion government, is contained in the answers by the Minister of Railways and Canals to three questions asked by William Irvine, East Calgary. The first cash subsidy paid to the Canadian Northern Railway by the Dominion government was on September 7, 1900. The total amount received by that railway from the Dominion government up to the time the railway surrendered control to the government was \$31,870,016.56, and the total amount of deficits paid to date by the Canadian government for the operation of the Canadian Government Railways is \$46,097,072.56.

Coal for the use of Canada's railways, when imported from the United States, looks more like a luxury than a necessity when the amount of duty that must be paid is considered. In answer to a question by E. M. Macdonald, Pictou, the Minister of Railways and Canals stated that during the calendar year of 1921, 1,823,000 net tons of coal were imported from the United States for and on account of the Grand Trunk Railway. The cost at the mines of this coal was \$4,725,000; delivered in Canada, with duty, it cost, \$11,250,000. Of this last figure there is \$963,000 for duty.

On January 31, 1922, the returned soldiers established on farms in Canada were distributed through the provinces as follows: British Columbia, 3,252; Alberta, 8,674; Saskatchewan, 7,722; Manitoba, 4,432; Ontario, 1,595; Quebec, 415; New Brunswick, 583; Nova Scotia, 402; Prince Edward Island, 334.

During the crop year of 1920-1921 the total amount of overages received by the government from terminal elevators was 98,455 bushels and 671,078 pounds of mixed grain. The total value of this was \$130,524.06.

In answer to a question by E. M. Macdonald, Pictou, the Minister of Railways and Canals stated that the amount of annual premium payable on the \$12,590,338 insurance carried on the property of the Canadian Northern Railway Company was \$506,656.52, and the amount of the annual premium payable on insurance carried on the Grand Trunk Pacific Railway property was \$362,098.65.

Question put by William Duff, member for Lunenburg, Nova Scotia, read: "What was the total cost for the year 1921 of all flags used on every public building in all parts of Canada?" In answer the Militia and Defence Department's figure is given as \$2,027.30, and that of the Department of Public Works as \$3,650.49.

### YOUNG MAN'S ARM MAY BE AMPUTATED

Knives in a Furniture Factory Ripped the Flesh Off.

(From Our Own Correspondent.)  
Napanee, April 5.—A distressing accident occurred about six o'clock on Monday evening at the Gibbard Furniture Co.'s factory. Harry Johnston, a young lad of seventeen years, came in contact with the knives of a planer and tore the flesh almost from the shoulder to the wrist in such a manner that the hand had to be amputated and it is thought that the arm will have to come off below the shoulder.

Dr. Galbraith rushed the injured boy to the Kingston General Hospital and everything is being done that can be to try and save the arm.

Mrs. William Meng, Honolulu, who has been visiting her father-in-law, H. Meng, left Tuesday morning for Vancouver, B.C., to meet her husband and proceed to her home in Honolulu. Mr. and Mrs. Jack Andrews are visiting Mrs. Andrews' uncle, J. F. Walsh, John street, who is quite ill. Mrs. Nell Mathewson, Toronto, is renewing acquaintances in Napanee this week.

Miss Lena Graham, Herkimer, N. Y., arrived home on Tuesday to be with her mother who is quite ill. Mrs. J. A. Birrell is quite ill with pneumonia.

### Manitoba Elections.

Winnipeg, April 5.—The Provincial general election will be on or about June 29th, according to an announcement in the legislature by Premier C. Norris. It was made in reply to J. T. Haig, leader of the Conservative group, who had suggested a date within the last two weeks of June as being the most suitable to people in the country and city alike.

He who makes a mistake loses.
