MATCH COMPANY SEEKS MARKETS

Production on Large Scale at Pembroke—Sales Campaign Perfected.

Pembroke, Ont., April 8.—A match manufacturing company, which associates in its directorate three of the largest match companies in the world, and which combines in its industrial and technical operation the most modern and up-to-date equipment of two continents, has invaded the Canadian market with marked success.

The firm is known under the name of the Canadian Match Company, Ltd. One-third of the stock is owned by MacGuire, Paterson & Palmer Company of Canada, Ltd., another third by Byratt & May Ltd., of London, England, and another third by the Diamond Match Company of the United States. The firm, therefore, is mainly British in its make-up.

It will be only a short time until Pembroke becomes the largest centre of match production in the Dominion. Already the large splint manufacturing plants of the town are supplying the whole of the industry in England. The new plant of the Canadian Match Company also has been in operation since December.

The trade mark of the superior product is "Maple Leaf." Among the notable features of the Canadian-made article is the chemical treatment of the matches, which is of such a nature that rats and mice will not gnaw them; the sticks are unusually long and strong. The most remarkable innovation is the fact that the matches are absolutely non-poisonous.

The personnel and directorate of the firm is made up as follows: President, Sir Alexander MacGuire, London, England; vice-president, A. G. Woodruff, in charge of production at Pembroke, Ontario; directors, George Cahoon, Jr., of the Laurentide Paper Company; E. A. Dunlap, B. C. Sneed, D. P. MacGuire and W. A. Fairburn.

The general sales office at Montreal are located in the Beaudry Building, 59 St. Peter street, with George C. Cummings in charge as general sales manager.

In an interview, Fowler Manning, who is director of sales of the Diamond Match Company, said: "The sales operations of the Canadian Match Company began February 20th, and the reception accorded by the wholesale dealers and their salesmen could not have been more cordial and encouraging. We have 24 salesmen in the field, who are meeting with pleasing success."

BUMPER SATURDAY MARKET

Maple Syrup Plentiful and Season Not Yet Ebbing—Eggs Down Again.

Saturday morning's market, resembled the horn of plenty and amply made up for the poor showings during the past two or three weeks. Farmers flocked from far and near and the crowd was swelled by the breaking of the ice jam and the influx of those who have been marooned on neighboring islands.

One of the features of the large market was the great quantity of maple syrup offered for sale. Farmers state that such a long and plentiful flow of sap has not been seen in many years and many of them are boiling it down to sugar in order to save it until the market will not be glutted. The price this morning was 45c and 50c per quart for the syrup and 10c, 25c and 40c for cakes.

Eggs went another step lower and were obtainable almost anywhere on the market for 25c a dozen. Butter sold at 40c a pound.

The prices of meats were: Pork, 19c to 24c per pound; veal, 7c to 15c per pound; home-cured bacon, 25c per pound; turkey 45c per pound; dressed chickens, \$1.50 to \$2 per pair. Live pigs were offered at \$15 per pair.

In the vegetables and greens lettuce was 10c per head; new cabbages, 20c and 25c; 15c per bunch; potatoes, \$1.75 per bag; green onions, 10c per bunch; celery, 25c to 30c per head. Home-grown radishes were offered at 2 bunches for 25c; spinach, 20c per bunch; home-grown rhubarb, at 25c per bunch. Mrs. Charles Simpson being the first on the market with home-grown greens this season.

AN ENJOYABLE EVENT

Was Held in Sydenham Street Methodist Church.

The semi-annual mite box tea was held at Sydenham street Methodist church hall on Friday afternoon and was a most enjoyable affair. While the committee were engaged in counting the contents of the heavy boxes, a much enjoyed programme was arranged, consisting of a piano solo by Mrs. Russell McQuay, Portage La Prairie, a song by Mrs. K. McMahon, accompanied by Miss Irene Shaw. Mrs. Latta gave a clever reading, Miss Violet Posselwatz recited and Miss Helen Charlesworth and Miss Mae Millan sang a duet. Tea was served and a pleasant hour spent. This is the second of these teas and it is hoped when all the money has come to have \$400 for the cause of missions.

The steamer Wolfe Islander brought a very large number of islanders to the city on Saturday morning. Many of the islanders have been unable to reach the city for some time and were very anxious to get the opportunity of bringing quantities of butter and eggs to the city.

W. F. McDonald was re-elected as chairman of Smith's Falls Board of Health.

OBITUARY

Late Miss A. Brady. Miss A. Brady passed away at the House of Providence on Friday afternoon after a short illness. The deceased was seventy-five years of age and had been at the institution but three weeks. Her former home was Prescott, but she has no surviving relatives. The funeral took place from M. P. Keyes, undertaking parlors on Saturday to St. Mary's cathedral, and thence to St. Mary's cemetery under arrangements made by P. K. Halpin, barrister, Prescott.

Rose Coghlan Played Big Houses in Kingston

Once a comedy star, now penniless in New York, Rose Coghlan, has taken her first tragedy role, according to despatches from New York. She is now seventy years old, and unable to act. It is recalled that Rose Coghlan used to play in Martin's opera house here in the eighties, and as one old theatregoer remarked, "She used to pack the house every night." Miss Coghlan liked Kingston very much and for a number of years spent her summer holidays around the city, and down the river.

CONDOLENCE OFFERED.

By Club to Family of Late William Cook.

At the meeting of the Frontenac Hockey Club on Friday night a resolution of condolence was passed on the death of the late William Cook, for many years an enthusiastic and popular member of the organization. The secretary was instructed to communicate to the family of the late member the sincerest sympathies of all those belonging to or in any way connected with the club.

Practising Economy.

Spring work on the steamships in the harbor is proceeding, but unlike former years there is very little money being spent, particularly on the vessels of the Canada Steamship Lines, as the orders being carried out call for the strictest economy in expenditures. Only the necessary machinery is being overhauled, while replacement of equipment parts is being cautiously carried out. Many vessels will not leave the wharves at all. Little paint is being used. Inside the LaSalle Causeway there are six steamers that will never go into commission, some of them very old and encumbering the bay.

Lemon Drinker Fined.

A lone and lonesome drunk was the only offender in police court on Saturday morning. Samuel Cole was the unfortunate one, and admitted that he had been drinking lemon extract. Cole was before the court for being intoxicated on Feb. 24th so Magistrate Farrell imposed a fine of \$20 and costs.

Fox Farm Population Grows.

The population of the Purdy Bros. fox farm at Murvale is increasing, according to the last census taken. A few days ago the colony was augmented by the arrival of five fox pups of the silver black variety. They are valued at \$2,500.

Popular or classical music, Dutton's.

G. B. Denke has rented the premises lately occupied by Messrs. Harris and Bailey, Picton, and intends taking occupation in the near future.

H. A. Anderson has moved to his new farm at Yereville. He intends to go into the milk and cream business and will start a route in Picton. Kingston had quite a lively electrical storm between 8 and 9 o'clock on Friday night. There was quite a heavy downfall of rain.

At Moira Chapter, Royal Arch Masons, Belleville, Dr. Farley and William Thompson were presented with gold-mounted walking sticks.

Willis Yerey has moved from his farm at Yereville and occupied his new property on Burns avenue, Picton.

Herbert Noonan has purchased Miss Sutherland's residence on Drummond street, east, Perth.
