Going to Rome.

Rev. Father Dowdall, the widely-known Pembroke cleric and educationist, will leave early in May to attend the Eucharistic Congress in Rome; he will be abroad for some weeks.

TWO DEATHS AT WILTON

Late Mrs. Charles Marshall and Wesley Babcock—Take Milk to Napanee.

Wilton, April 10.—On Wednesday evening, April 5th, about 9.30 o'clock, Sarah Lake, wife of Charles Marshall, passed peacefully away after a lingering illness of several months. During her illness she had the constant care, and attendance of a nurse, her husband and sister, whose companionship was a comfort and help to her in her last hours of suffering. The funeral was held at the home of her brother-in-law, J. E. Miller, on Friday afternoon. Services were conducted by Rev. H. J. Latimer, and the remains were placed in the family plot in the Wilton cemetery. She leaves to mourn her loss her husband, one son, Bruce, her father, B. W. Lake, one sister, Mrs. J. E. Miller, and one brother, W. B. Lake, Odessa.

The funeral of Wesley Babcock, an aged resident of Wilton, occurred on Thursday morning at the home of his son, John Babcock. Mr. Babcock had been in his usual health until a short time ago when he had a fall and suffered a broken hip. The funeral was held at the home of John Babcock on Saturday afternoon, conducted by Rev. H. J. Latimer. The remains were placed in Wilton vault. The deceased leaves two sons, John, of Wilton, William, of Odessa, and one daughter, Mrs. Yina Hunter, Watertown, N.Y.

Kenneth Babcock has purchased a Ford truck and will use it to deliver milk to the Napanee condensory. Several of the farmers are busy in the sugar bush as there is quite a large quantity of syrup being made and selling at two dollars a gallon. Mrs. C. E. Hartman and two sons, Leo and Donald, Verona, spent a few days last week with her sister, Mrs. Freeman Mills. Mr. and Mrs. John Owens, Fort William, are visiting friends in Odessa and Wilton. Mrs. John Carr, spent Thursday last with her cousin, Mrs. Harold Day, King street, Kingston. Miss Lella Simmons is spending the week-end with friends in Kingston.

Mrs. N. Simmons, who has been in poor health for some time, is improving. Mr. and Mrs. Henry Hutchison made a trip to Napanee on Thursday last. Miss Thompson, nurse, left on Saturday for her home in Saskatoon, Sask. Charles Marshall and son, Bruce, are leaving for their home in Saskatoon accompanied by Mr. Marshall's father, Frank Marshall.

TELLS OF CANADA'S RESOURCES

Dr. Ryan, of Rockwood, Ont., Addresses Kiwanis—Friendship of Two Nations.

Waterbury, N. Y., Times. "If the United States and Canada stand shoulder to shoulder, fighting for their common civilization, no power on earth could ever overthrow them," declared Dr. Edward F. Ryan, superintendent of the Rockwood hospital for the insane at Rockwood, Ont., Canada, speaking before the Kiwanis Club at its meeting Thursday night in the Hotel Woodruff held to observe Canadian day.

"Your hopes and ambitions are ours," he continued. "So are your ideals for advancement, your sorrows and your fears. What affects you affects us; we feel your distresses as keenly as do you. There may come a test for this solidarity of kinship that has been built up through the 108 years of friendship between the two countries. Perhaps the sleeping giant of the east will awake; perhaps Russia will arouse herself from her stupor. It may be that the Union Jack and the Stars and Stripes will have to blend their colors to defend the civilization both love, but if that time ever comes, the nations together, can exercise an impregnable power."

The meeting Thursday night was held, common with other meetings by the Kiwanis clubs of the United States, to observe the day fixed at the international convention in Cleveland last summer as Canadian day and United States day, when the various clubs should celebrate the friendship still further.

Dr. Ryan in his address dwelt on the vast economic resources of Canada, giving many statistics that surprised his hearers. He described Canada as a country as yet hardly touched in the products of the field, the mine, and the forest, declaring that of some goods Canada would have a supply lasting as long as civilization itself.

"Only about fifteen per cent. of the arable land of the Dominion is under cultivation," he said, "but the rest holds enormous riches in its bosom. The dairy industry alone last year yielded \$262,000,000; the fisheries of Canada, scattered along its 10,000 miles of coast line, gave products valued at \$49,000,000 in 1920. Our lumber products in 1920 were valued at \$222,000,000, and we have hardly skimmed the mighty forests of the land. Our paper and pulp industry is of vast importance; in 1920 its products were worth \$363,000,000, and in Labrador, in the northern part of Quebec and Ontario, there is a supply of pulp wood almost inexhaustible, with proper care."

"Our livestock is another great source of revenue. In 1920, the five-stock of Canada were worth \$233,000,000. The mineral wealth of the country is almost incredible. We produce 90 per cent. of the world's cobalt; 85 per cent. of the world's asbestos; 85 per cent. of the world's nickel, and we have within our borders silver and gold mines second only to the finest in the world."

Wheat is one of Canada's most important products, said the speaker, the export value of the 1920 crop being \$233,000,000. The Peach River valley, a few years ago practically unknown, has been developed in recent years, and the attraction of oil discovered is drawing thousands to the great Canadian northwest.

Canada's railway systems, admitted Dr. Ryan, are not so profitable as some of the other sources of revenue of the country. The Dominion has one of the largest government owned systems in the world, comprising 22,700 miles.

Canada's dependence on the United States as a buying source was also emphasized by the speaker. In 1920 Canada purchased from the United States \$356,000,000 worth of goods, he said.

President H. A. Bernstein spoke briefly in introducing Dr. Ryan, telling of the long friendly relations between the countries, and stressing the need for the continuance of these and strengthening of these ties of amity.

After the address by Dr. Ryan Rev. Ure Mitchell, lecturer on Canada, gave an illustrated lecture showing many of the historical points of interest in the Dominion.

Gerald Moran entertained club during the dinner with a tenor solo, "Mother Macbrree." Chorus singing was led by "Scotty" Matraw.

FOUR QUEBEC JUDGES RESIGN FROM BENCH

Will Retire on Full Salary—Ill-health Given as the Reason.

Montreal, Que., April 11.—Judge F. X. Choquet, Judge Alphonse Bazin, Judge Seth P. Leet and Judge Hosmer Lanctot, all of them Judges of the Sessions of the Peace for the Judicial District of Montreal, have sent in their resignations to Hon. L. A. Taschereau, Attorney-General of the Province of Quebec. In special recognition of the services of the retiring judges, Hon. Mr. Taschereau last session put through a measure providing for retirement on full salary (\$5,000 in each case) if they resigned within a period of 30 days when asked to do so. The retirements are in conformity with this legislation. Ill-health is given as the reason for the retirements, which will come into effect probably during the present week, when the Provincial Government has had opportunity to name their successors.

PROBS:—Wednesday, mostly fair and quite cool.

Captivating Spring Modes For Easter

Women everywhere will don new Hats, Suits and Coats for Easter Sunday. That Easter will find you smartly attired we suggest an early selection. Our stock of new apparel is complete in generous and distinctive assortments—at prices that are little short of sensational for value.
