DR. VOLUME APPOINTED

To Attend the Provincial G.W.V.A. Convention in Ottawa Next Week.

At a well-attended meeting of the Great War Veterans' Association on Monday evening it was decided to forward a resolution to the provincial command asking for consideration and action regarding "free medical attendance for members and their dependents, or sickness and accident benefits (group insurance), providing ways and means can be found to finance the venture." They also considered various schemes of insurance or the appointment of a medical officer for the local branch which will be thoroughly investigated and acted upon in the near future.

Comrade James Halliday presided at the meeting in the absence of President Volume. The majority of the members present were in favor of some medical benefits or insurance, but many thought that the local branch should not take action with the scheme being first approved by the provincial or dominion commands. Considerable discussion took place regarding the report submitted by the committee appointed to investigate the various plans.

One of the comrades asked regarding the report that the visit of the Scots Guards' band to Kingston had been cancelled. Although this city was formerly included in the tour, it was later disregarded. A strong resolution was passed, directing the secretary to press the claims of this city upon Dr. Harris who is in charge of the tour. The band plays in the various cities under the auspices of the G.W.V.A., and the local veterans are highly incensed over the fact that Kingston may be ignored in the tour.

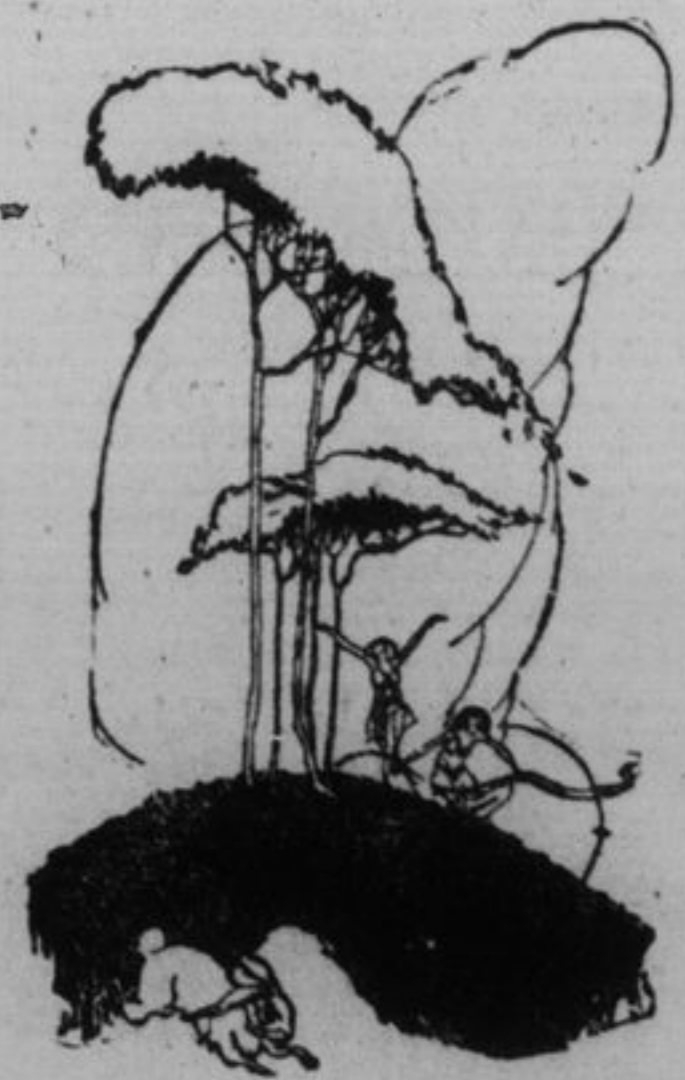

The provincial convention opens in Ottawa on April 20th and it was decided to send Dr. D. A. Volume, the president, as a delegate, owing to the important matters which are expected to come up for consideration this year.

On Saturday the death occurred at Ballycane of one of the most highly esteemed residents in the person of Mrs. Martha Leader, aged seventy-nine years, widow of George Leader.

The death occurred of a well-known resident of Brockville in the person of Mrs. Jane C. Webster, widow of Robert B. Webster, in her eighty-seventh year.

It is reported that A. R. Brown has purchased from the Green estate the stone building on Main street, Athens, comprised of two stores.

If thou must deal be sure to deal with an honest man.
