"My Boy" To Break Records. Extensive preparations are being made by Manager Smithers of the Aller theatre for the forthcoming showing of "My Boy," an Associated First National attraction, starring little Jackie Coogan, which is to be shown there for an engagement of three days, starting tomorrow. Due to the popularity of this dimi-

nutive star, Manager Smithers is anticipating crowded houses. "Pecks Bad Boy," his previous starring vehicle, took the country by storm and "My Boy" is expected to outdo that production.

"My Boy," was written especially for Jackie, and contains a story which is eminently fitted to his talents. Combining humor and pathos, it is a tale which is particularly gripping and effective. It was produced by Sol Lesser, and the sterling cast includes Claude Dillingwater and Mathilda Brundage.
