**HEADS THAT ACHE AND PAIN**

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

**BURDOCK BLOOD BITTERS** which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain-cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dum-  
mer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends, who were in a similar condition, and they all say it is a wonderful remedy."

**IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR**

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

**Business Chest Measure.**  
Have you ever tried to wear a coat that is several sizes too small? Comfortable—not! If your advertisement expenditure is cut too small for

your business chest measure your business will do exactly what you would do in a too-small coat. It will shrink out of sight where no one will notice it. Let your business throw out its chest-and see that its clothes (advertisements) are big enough to grow in.

**Think He Is Right.**  
The Brantford Expositor says: Professor Morrison of Queen's University, speaking at the general session of the Ontario Educational Association advocated the study of English and French by the people of Canada. There is no doubt he is right, for the French are here to stay, so are the English; and it must be an accepted fact. The advantage of knowing two languages is obvious.

**School Cadet Inspection.**  
An interesting feature in connection with the work of the school cadets in the city is that all the units will be inspected together on the date for which will be May 24th. Three witnesses gave evidence for the plaintiff and two for the defense. The jury retired and were shortly afterwards called back

and informed by Justice Latchford that it is no longer necessary for a jury to be all of the same mind in finding a verdict but ten of them may do so. Later the jury brought in a verdict for the plaintiff for \$500 and costs.
