**Cheese Factories Opening—Mr. and Mrs. William Keys Go To Bath.**

Wolfe Island, April 26.—Frank Briceland, Kingston, has done a rushing business in cattle and hogs since the opening of navigation. Some of the farmers have commenced seeding. William Weir has purchased a new Ford coupe. H. Hinckley is improving his water front by adding a wharf and basin for his small boats.

William Keys has purchased the farm consisting of one hundred and seventeen acres from Mr. Mallow, Kingston. The farm lies five miles from Bath. Mr. and Mrs. Keys were very obliging and good neighbors always ready to give a helping hand to the needy. They will be greatly missed in the community where they lived.

Duff Cosgrove has returned from Toronto where he went to attend the teachers' convention. James Russell is giving his house a fresh coat of paint. J. B. Grant has purchased James Stevenson's house and lot in the village.

John Weir has returned from Toronto where he went to interview the minister of education in view of opening the continuation school here. Father Scott, Kingston, conducted the services in the Catholic church on Sunday. Rev. Father Fleming was slightly indisposed.

Leonard McGlynn has gone to Rochester where he has received a lucrative position. George Russell has gone to Buffalo to sail on the upper lakes. Thomas Flynn has returned from Watertown after spending the past two months with relatives accompanied by his son John. Mrs. Rodney Moore, Cape Vincent, N.Y., and Willie and his sister Laura Moore, who have been visiting relatives here, had returned home.

Sodo Eccles is painting Mr. King's summer cottage here. A number of farmers are starting to plough. The condition of Mr. C. Pyke remains about the same.

The Ontario and Wolfe Island cheese factories will open the first of May.

E. A. Smythe will make for the former factory and John O'Shea, proprietor of the latter, will make for his patrons.

Harold Burke has purchased the St. Lawrence cheese factory. He has had it remodelled and fitted out with the latest improvements. John Smith has been engaged as maker. Frank Creamer, Kingston, spent Wednesday here. Mrs. Jas. Stevenson spent a day here this week.

Delco-Light for Battersea.  
S. J. Lake, the popular hotelman, is installing a Delco Light in his hotel and, no doubt, will receive a great deal of comment from the travelling public and also from his American tourists this season. Mr. Lake is to be congratulated on his progressive-ness.

**How to Grow New Skin!**

Nothing is more wonderful than the human skin. It breathes through tiny mouths called pores. If it is kept whole and strong it improves the entire bodily health.

Those who know most about the complex structure of the skin appreciate the care that must be taken in deciding what is the safest, purest and best dressing to apply in time of accident or disease.

Much scientific thought and experiment was expended in the search for an ideal natural healing substance, but it has actually been found at last, in Nature's own storehouse of medicinal herbs.

Never in the world's history has there been another preparation like zam-buk. Amongst other virtues, it possesses that rare quality of actually growing new skin in Nature's own way.

A MIRACLE BEFORE YOUR EYES.  
Healing the injured and diseased tissues by this precious herbal balm is a miracle that may be performed before your own eyes. Children remember zam-buk best for its great power in soothing and healing their hurts, whilst in the treatment of eczema, ringworm, chronic sores, ulcers and poisoned sores, zam-buk powerful antiseptic and tissue-building properties ensure success; again, many thousands have zam-buk alone to thank for their complete release from torturing piles.

Differing fundamentally and in action from all ordinary ointments, zam-buk is free from animal fats and mineral compounds. It is highly refined and contains no ingredient which the skin cannot readily absorb. A fifty-cent box of zam-buk may save you dollars in doctors' bills. It is a unique preparation with a wonderfully wide range of usefulness.

**"IRENE" AT THE GRAND.**

Miss Irene Dunne in Leading Role Is a Fine Actress.

Heralded as the most talked of musical play of both continents, "Irene", was presented at the Grand on Thursday night, and delighted a large audience. "Irene" is a musical comedy quite out of the ordinary. It is of the refined type and most delightful.

Miss Irene Dunne, in the leading role, is a fine actress, and the supporting cast is an excellent one. In the role of Irene O'Dare, Miss Dunne is all that could be desired. She is pretty and graceful, and carries out her part with a finished touch that is most pleasing. Her singing is sweet and her rendition of that ever-popular song, "My Alice Blue Gown," was indeed a rare treat.

Rollin Grimes, in the role of Donald Marshall, the romantic lover, was most fascinating. He ably fills the part of the millionaire who falls in love at first sight with Irene, of the tenements. To Charles Jerome "Massinger" goes the honor of being one of the best singers in the company. His singing with Miss Dunne of the "Charming to Love You," was the musical hit of the evening. As Mme. Lucy, Busby Berkeley gave an admirable performance. He is a finished comedian, and as the man-dresser, put over some great fattery. He is a graceful dancer too. The "Mrs. O'Hare" of Beatrice Belnap, was truly lively and very funny. "To Be Worthy of You," "To Love You," and "There's Something in the Air," and "Sky Rocket" are choice numbers.

The staging and costumes call for special mention. There is a grand array of gowns, wraps, and hats, and for the women folk especially this was a big show in itself. There is style and fashion up to the minute. The lighting also calls for special commendation. And there is a wonderful transformation from the luxury and millionaire "Starburbs" to tenement land in West Side, New York. The entire production is clean and wholesome, and truly a wonderful performance. The company has its own orchestra.

The Ontario and Wolfe Island cheese factories will open the first of May.

E. A. Smythe will make for the former factory and John O'Shea, proprietor of the latter, will make for his patrons.

Harold Burke has purchased the St. Lawrence cheese factory. He has had it remodelled and fitted out with the latest improvements. John Smith has been engaged as maker. Frank Creamer, Kingston, spent Wednesday here. Mrs. Jas. Stevenson spent a day here this week.

aid of such a valuable and charming helpmate. In the six months that he has been incumbent of the parish of Selby he has endeared himself to his parishioners, the services have been better attended than ever before, a greater number of communicants, and more hearty interest evinced in the work of the church. In addition to his popularity and undoubted ability both as a parish worker and a preacher, he has whatever advantage that accrues to heredity; his father is Archdeacon Branch of St. John's, Antigua, his grandfather was the late Bishop Branch of the Diocese of Antigua, and his uncle the Most Rev. Edward Hutson is Archbishop of the West India.

**Spent Pleasant Time.**

A pleasant time was spent on Thursday evening at the home of Rev. A. S. and Mrs. Duncan, 155 Frontenac street, where about twenty-five of the young people of Bethel church gathered to "show" the happy couple and extend their congratulations. A social hour was spent together and refreshments were served before the guests departed. Mrs. Duncan was formerly Miss Alice Moxley of this city.
