A. MARTIN, Limited

A pretty wedding was celebrated at the home of William A. Reid, reeve of Sidney township, on April 18th, when their daughter, Mary Edna, was united in the holy bonds of matrimony to Aubert Ritchie, son of Mr. and Mrs. S. T. Ketoheson, Sidney.

James R. Babcock passed away on Wednesday after a serious illness of six weeks at his home in Rossmore. He was born in the county of Prince Edward and spent his entire life there. He was sixty-nine years of age. He followed the occupation of farmer.

COST OF MAKING CHEESE

All Frontenac County Factories Are Upon the Same Basis.

At the Frontenac Cheese Board on Tuesday, the cost of manufacturing cheese was discussed and it transpired that all factories were upon the same basis. The maker is paid two and one-half cents per pound. If he is also the proprietor of the factory, he pays for the making, pays the salesman and buys the supplies. The cost of operating Latimer factory last season was \$2,465, and of Thousand Islands \$2,200. Different arrangements exist between patrons and factories. For instance, at some places the patrons accept sixty-five cents per hundred pounds for the milk and their share of the butter manufactured. Glenburnie factory is operated on this system at present. The cheese maker gets only a fair wage out of the work. Where the patrons own the factory, they are able to get a little more money, but this depends upon the efficiency of the maker and his trustworthiness. The marketing of the cheese is the greatest problem, for while they know exactly what the production cost is per one hundred pounds of cheese, they are not satisfied with the difference in prices at the various boards by which a neighboring factory may get a higher price, for which there is no reason whatever. They want the same price to be paid at all boards during any one week.

LIVER TROUBLE

Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach foul and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel. The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS
They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes:—"I was troubled with my liver and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS
are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Good nature is generally born with us. Health, prosperity and kind treatment from the world are great cherishes of it where they find it, but nothing is capable of forcing it up where it does not grow of itself. It is one of the blessings of a happy constitution, which education may improve, but not produce. The wise man is never behind time.
