WAS TROUBLED WITH HER STOMACH FOR FIVE YEARS.

Mrs. Samuel Ward, Millerdale, Sask., writes:—"I feel that I must write to you before another day passes I am so happy and so grateful to your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better. I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I had four doctors attend me, but they did me no good. I was in no pain, but felt so ill, at times, I thought I would die, in fact, all my friends were sure I could not live many weeks. This time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however, he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out a little every day, but could not go alone I was so weak. But I soon got so I could walk and eat, and I have not quite stout. I am nearly seventy years of age and I feel better than I have for years and can now do all my housework. You may make use of this letter if you wish, as it may be the means of making others as well as myself happy as I am."

In connection with this churn the company is also installing the equipment necessary for the making of carbonated butter. The dairy company will have alterations completed not later than June 1st.
