GRANULATED SUGAR NOW DRUG ON MARKET

And It is Only Short Time Since It Was Being Hoarded.

Granulated sugar is a drug on the market, although it is only a comparatively short time since it was being hoarded, and the poor householder was compelled to give notice in advance of his intention to buy two or three pounds. Even then, he was held up to buy cereals, lard, flour, butter and several articles to the value of five dollars, before he could obtain the precious sugar. But that is history, the control of the sugar was lost, and today we see the price being cut to secure trade. Just two years ago, retailers were demanding nearly four times the present retail price. The top price before the downward revision started was \$23 per hundred pounds, and the public was then informed that costs would be higher because of the shortage of supplies. But the slump has been more or less gradual until on Saturday last, the wholesale price to the retailer was \$6.26 per cwt., and the retailer is selling it at the rate of 65 cents for ten pounds, and \$6.45 per cwt. Some dealers predict a slight reaction from now on as the decline has reached rock bottom.

FERGUSON PROMISES POPULAR LIQUOR LAW

Tory Chief Hints at a Temperance Plank for Party Platform.

Toronto, May 4.—Hon. G. Howard Ferguson, M.P.P., last night told the members of the Toronto Conservative Club that "when the proper time comes," he will submit a policy in regard to the liquor situation in Ontario.

"I am not here to make pronouncements of policy or prophecies of what will happen," he said, "but when the proper time comes to announce our policy I will be prepared to submit to the province a policy which will appeal to every broad-minded, reasonable man in the province of Ontario (applause) and which at the same time will meet with the approval of every real temperance man of the province of Ontario." (renewed applause.) Mr. Ferguson roundly scored his friend, "little Mr. Raney," for the manner in which that gentleman enforced the Ontario Temperance Act, insisting that at the present time there was no such thing as responsible government in the province. "I wish," he said, "that all of you could crowd into the Public Accounts Committee room and see the comedy which is being enacted there. If you could have seen my friend, little Mr. Raney, struggling to escape from the responsibility that it was impossible for him to escape from, splitting hairs with a witness, and endeavoring to shirk responsibility as Attorney-General for the actions of his officials, you would realize that we have not such a thing as responsible government."

In their efforts to enforce the legislation which was on the statute books, notably the O.T.A., ministers resorted to methods which made one blush with shame.

IN MEMORIAM
In fond and loving memory of our dear mother, Victoria E. Reynolds, who passed away May 4th, 1920.
We miss a mother, kind and true,
No friend like her on earth we find;
Peacefully sleeping, resting at last,
The world's weary troubles and trials are passed.
In silence she suffered, in patience she bore,
Till God called her home to suffer no more.
—Silly missed by her daughter and son-in-law, Blanche and Duff.
