LOTS OF LAND OFFERED

To Those Who Desire to Use Them For Food Production.

This week should see all garden seeds sown. Peas, corn, beans, carrots and beets might be put in at intervals of about a week or so in order to have a succession of them fresh and tender, but too late peas will not thrive.

Many citizens are improving their lawns and boulevards. Without particularising, however, there are fronts, sections and even whole streets that seem to be neglected and that some attention might make quite attractive. The bad habit of pedestrians of cutting corners makes it difficult for the owners of such to have a properly kept lawn. The sidewalkers are to walk on.

The greater production committees of two years ago offer a dozen or so fair sized plots of good vacant land all ready for planting to people without back yards or much employment. The Horticultural Society will give each grower a couple of pecks of seed potatoes of a very productive variety and will offer some special prizes for the best exhibits of growings of these at their annual fall exhibition. Parties wanting this land should communicate at once with R. F. Greenlees, 138 Albert street.

The prize garden competition promises to be a lively one. Anyone cultivating a garden would do well to compete, as he will be sure to win by having a better garden anyway, and the neighbor will be stirred up to emulation. And there are ten good prizes!

CONCERT BY BOY SCOUTS

Held in St. George's Hall on Monday Evening, Largely Attended.

A capacity house greeted St. George's Boy Scouts at their concert in St. George's hall on Monday evening. Dean Starr spoke a few words of congratulation to the troop, the second largest in the province, and to the Scoutmaster, Capt. Hird, M. C., and Percy Hall, and then asked Major-General Sir Archibald Macdonell to take the chair, which he did, saying he was an old Scoutmaster himself.

A splendid programme was opened by a selection from the orchestra with Miss Frances Devlin at the piano, followed by a song and encore by Harold Singleton, accompanied by R. R. F. Harvey, Mr. Singleton, who is a favorite with Kingston audiences, responded to the applause he received with another song. Miss Goodfellow gave several of her clever monologues, always greeted with shouts of laughter. Patrol Leader Arnold Fair sang twice, delightfully, and Troop Leader Fraser, Patrol Leader Kay and Scout Cunningham gave an interesting bandaging demonstration. "Jack" Elder in kilts accompanied by Miss Easson, sang several Scotch songs, and was recalled still once more. Miss Anna Mitchell, who is becoming one of Kingston's favorite soloists, sang charmingly in her fresh young voice and was brought back by a delighted audience to sing again. Major Alderson, R. C. H. A., who is a clever violinist and hear all too seldom by the Kingston public, played two numbers to Mr. Harvey's accompaniment on the piano.

Rev. W. E. Kidd, M.C., gave a short, graphic account of the scout movement of which the King is the patron, which stands for esprit de corps, usefulness to the state, discipline, kindness to animals in short-service and asked for the support of the parents of the fifty-four boys that form the troop. Patrol Leader Edgar did clever Morse signalling and Cub Newel showed the semaphore.

The final tableaux by the scouts was a fine display of what patience on the part of the instructors and desire to learn on the part of the boys can do.

General Macdonell congratulated the troop on their success and the performers on the excellent programme. Five boys of the troop have won the honor of being King's Scouts and their badges will be presented shortly. The National Anthem closed an enjoyable concert. The proceeds were for the summer camp fund.

Wanted in Ottawa.

The Ottawa Journal of Monday has the following:

"Robert Clifford, Kingston, wanted by the local police for about two years on a charge of theft, appeared in police court this morning and pleaded guilty to the charge of having stolen a bicycle. He was remanded to May 22nd.

"He was arrested in the early hours of this morning, by Sgt. Boehmer, who was cycling up Hinton avenue. Clifford appeared to be acting suspiciously and the sergeant turned around with his motor cycle and investigated. He discovered Clifford behind a tree, in the possession of a bicycle, the ownership of which he could not explain.

"Clifford has a record and is wanted since July, 1920, on a charge of breaking into the shop of K. Cohen, Wellington street, and stealing clothing and jewellery valued at \$131."

Damaged Cars.

50c per bag. Bring your own bags. Foot of Princess street. James Richardson & Sons, Limited.

W. D. Robb, Montreal, is giving a sterling silver cup for competition by the Belleville Yacht Club.

The cadets of the Royal Military College are to hold a military tournament in Montreal, in the Mount Royal Arena, May 27th.

Prof. J. L. Morrison preached anniversary sermons in Almonte Presbyterian church on Sunday and lectured on Monday evening.

George Brownlee, formerly of Prescott, and who was recently transferred from the staff of the Royal Bank, Kingston, to a Toronto branch, was last week transferred to Hamilton.

The Kingston Navigation Company will place a steamer on the Bay of Quinte route with a regular sailing schedule to look after the freight service up and down the Bay connecting with the Canada Steamship Lines at Kingston.

The main highway from Kingston to Sydenham, by way of Ralston, is very badly in need of repair. If some gravel is not placed on sections of this road, the county council will be called upon to pay for some broken springs on vehicles.

BRIG-GEN. ROSS, M.P. OF KINGSTON, whose election has been declared by the courts as valid.

RAIN GREATLY NEEDED IN THE COUNTRY NOW

Long Enough Dry Spell—The Seeding Completed—Farmers Want Showers.

The farmers of Frontenac and the surrounding counties are anxiously waiting for rain. In most sections the ground is very dry and unless rain comes very soon, the growth will be injured. For the past week or ten days, the farmers have been spending every spare minute getting in the seed. In all sections they report that the seed is practically all in the ground and what is needed most is rain, and lots of it. Farmers will soon put in corn and potatoes.

From all parts of the county come the report that the farmers who were anxious to get experienced help have been able to do so in most cases.

Monday was a very hot day in the country. In many places the farmers found it necessary to rest their horses at periods on account of the heat.

Goodness is the only investment that never fails.

"The Hat Store"

IN MARINE CIRCLES

The steamer Joska arrived from Oswego last night, and is unloading coal at the penitentiary.

The barge Warenko cleared this morning for Toronto, in tow of a tug sent down from that city.

The pumps are still at work on the steamer Aragon, and a large portion of her cargo has been unloaded on Richardson's wharf. The vessel will probably be entered in the Collingwood Shipbuilding Company's dry dock for repairs, as soon as unloaded.

The steamer Corunna cleared for Montreal last night, after receiving minor repairs at the dry dock.

Completing Front Road Down Near Finger Board

McGinnis & O'Connor, road contractors, have a gang of men putting some finishing touches on the piece of provincial highway on the front road down near the Finger Board, ten miles from Kingston. Last fall the weather got a little cold before the road work could be finished. McGinnis & O'Connor have been doing some excellent road work in this district and the motorists who have passed through Kingston state that the provincial highways in this section of the province are about the best they travel over.

Entertained Employees.

H. C. Nickle entertained the employees of the Kingston street railway at a dinner in a downtown restaurant on Saturday night. The occasion, which was a very happy one, also took the form of a conference between Mr. Nickle and his staff regarding rules and regulations, and the importance of using safety first methods. The employees are very grateful to Mr. Nickle for his kind hospitality.
