ALFRED and PRINCESS STS.

**GASOLINE PUMP FAILED  
TO GIVE FULL MEASURE**

And a Local Business Man  
Is Fined in Police  
Court.

When Inspector Hart, of the Belleville division of the department of weights and measures, made an inspection of the gasoline pump of a Montreal street resident, on May 3rd, he found that the pump was one pint short in every five gallons. The inspector made an investigation and he found that a small piece of iron and wire had been placed on the pump in such a manner as to prevent the full discharge of the pump and thus prevent the pump from giving its full measure. As a result of Inspector Hart's inspection, he had the owner summoned before Police Magistrate Farrell on Thursday morning, charged with using a false measure in his gasoline pump, and was fined \$25 and costs.

"I am guilty," said defendant, but added that he was innocent of any wrong doing, stating that he had not fixed the pump so that it would not give the correct measure. He further declared that he knew nothing whatever about anything being fixed to stop the proper discharge of the pump.

The magistrate asked Inspector Hart if he thought the blocking of the pump might have been an accident.

"No," said the inspector, "it was mechanically fixed, and my test shows that the pump was short one pint on every five gallons."

Magistrate Farrell drew attention to the fact that he was called upon to impose a fine of \$10 and costs on people who indulged in a little liquor, and he felt that the fine he was imposing in this case was little enough for such an offense.

**BIG GYMKANA FOR CHARITY**

Programme of Royal Military  
College Sports in Hart  
Arena, May 24th.

The programme of the big gymkhana and assault-at-arms to be put on by the Royal Military College cadets at the Hart Arena on Victoria Day—the afternoon performance at 2 o'clock sharp and the evening at 8 o'clock—has now been completed and the result is that the affair will be one of the biggest entertainments that have ever been seen in Kingston and is sure to be generously patronized, it being for the benefit of the Charitable Fund of the Kiwanis Club. The events will consist of mounted as well as dismounted sports and it will be a rare opportunity for the people of the city of Kingston to see the cadets of this fine institution in action.

In addition, in the afternoon, the Public School Cadet Battalion will be inspected and this of course will prove an added attraction while the fact that at both the entertainments the R.C.H.A. band will give free concerts will add to the gaiety and pleasure of the occasion.

The complete programme of the mounted and the dismounted sports to be put on by the cadets is as follows:

- March Past and Royal Salute.
- Infantry Arm Drill.
- Cavalry Display by Riding Establishment, (introducing tent pegging.)
- Lance Exercise (dismounted).
- Mounted event, individual jumping.
- Riding, Vaulting and Jumping display.
- Sword swinging.
- Brain Stimulating Exercises.
- Awkward Squad.
- Parallel Bars.
- Army Style Wrestling.
- Physical Training and Marching Exercises.
- Bayonet Fencing (2 teams).
- Vaulting Horses.
- Tableau.
- "O Canada."
- God Save the King.

Turned Down Jobs Offered.  
Two men, out of work for some months apparently, were offered a job at fair wages to assist in unloading one of the steamers just arrived at one of the local wharves Thursday morning. To the surprise of the official offering the work, the would-be job-seekers turned the offer down most dismally, and for reasons thereof, stated that the gangplank was too high and slippery for them to work on it. The official in question now believes that some men may be looking for work, but at the same time they are praying that they won't find it.

Methodist District Meeting.  
Rev. Dr. Lennon presided at the opening session of the Methodist district meeting held in Sydenham street church on Thursday forenoon. The business for the most part was of a routine nature. It was announced that the financial statement would be presented at the afternoon session.

Representatives were present from the Methodist church at Wolfe Island, asking that the island circuit be made into a mission. The question will be dealt with.

Paid Heavy Fine.  
Through his lawyer, Ambrose Shea, a citizen pleaded guilty to a charge of having liquor for sale before Magistrate Farrell on Thursday, and was fined \$200 and costs, with the option of three months in jail. The fine will be paid. The liquor was of the home brew variety.

Killing cats was the sin of a dog in today's short story in the Junior British Whig.

"Paint up, clean up, keep it up."  
Lieut.-Col. Gillespie is to inspect the Napanee cadets on Friday.

John Taylor, reeve of Storrington township, was in the city on Wednesday.

The rain on Thursday was much needed and will do a lot of good. Farmers have been asking for rain.

The woman who applied at the police station for shelter on Tuesday night has been placed in a local institution.

Rev. R. C. Tait, Morven, Ont., has been invited to North Battleford, Sask., Methodist church, and Rev. W. H. Tanton, North Battleford, will come east to Trinity church, Napanee.

Fraser Reid, son of James Reid, Earl street, who is mining engineer and general manager of Coniagas mine, Cobalt, will have charge of new operations in developing the Newray mine which the Coniagas owners have secured.

"The Pirates' Cove" is a mysterious place. Find out about it in today's Junior British Whig.

Capt. Alan Cockeran, secretary-treasurer of the 21st Battalion memorial committee, received a number of telegrams from ex-members in distant places sending greetings on the occasion of the big banquet.

The Wednesday evening gathering of the Kingston Methodist District meeting took the form of a concert held in the Sunday school hall of Sydenham street Methodist church. Prof. McFayden, Queen's University, gave a very interesting talk on mission work in India.

**PROF. MORISON RESIGNS  
FROM STAFF OF QUEEN'S**

Accepts Position on Staff of  
Newcastle University—on  
the-Tyne, England.

J. L. Morison, professor of history in Queen's university, announces that he has tendered his resignation to the trustee board of the university. Prof. Morison, when speaking to the Whig, stated that it was with very great regret that he had for personal reasons been forced to sever his connection at Queen's. He has accepted a position on the staff of Newcastle University-in-the-Tyne, England. The principal of the Newcastle university is Sir Theodore Morrison.

Prof. Morison was appointed to the teaching staff at Queen's in 1907 and during the past fourteen years he has done most brilliant work. His removal is a great loss to the university and city.

Prof. Morrison intends to carry on the Queen's school of research at Ottawa during the months of July and August, and has informed the university officials that if it is their wish he will come to Canada and again carry on this school at the capital.

During the period of the war, Prof. Morison served as an officer in Egypt, Palestine and France, having enlisted with the 38th battalion, C.E.F., and later transferred to the Imperial Expeditionary Force.

**MILLINERY  
SALE**

REDUCED PRICES ON ALL

**IN MARINE CIRCLES**

A survey of the damage to the steamer Aragon, which is now in the Collingwood Shipbuilding Company's drydock, opened today. Several experts are on hand for the investigation. It is understood that if the total cost of salvage service and the cost of repairs to the vessel, including the replacement of all equipment amounts to approximately \$75,000.

The steamer City of Hamilton arrived from Hamilton and Toronto this morning.

The steamer City of Ottawa arrived up from Montreal last night.

The steamer Glenadam passed down last night to Montreal.

The steamer Joyland will be sold today, this being the closing date for tenders.

The steamer Brockville arrived down this morning with package from Bay of Quinte ports.

The steamer Buena Vista returned to Seely's Bay yesterday, and will probably lay over for some time. Very little freighting is being done along this route.

**Verona Doctor Sues  
Minister For Slander**

Ambrose Shea, representing Dr. W. J. Geddes, Verona, has entered an action for slander and libel against Rev. Dr. James Lawson of the Verona Methodist circuit. The action will be tried at the sitting of the supreme court in September, before judge and jury.

Fell From Wagon.  
Mr. Rathbun, of Kinnear & D'Esterre's jewelry store, received painful but not serious injuries when he fell from a delivery rig driven by Mr. Harkness Thursday morning. Mr. Rathbun was standing in the back of the wagon, and when a turn was made on Queen street, he lost his balance and fell off. His ankle was twisted slightly.
