Letters to the Editor.

Wants Matter Righted. Kingston, May 20.—(To the Editor): Some four years ago the Board of Works decided to re-con-struct Montreal street from James street to the G.T.R. subway.

This is no great extent is caused by speeding autos, an occasional five ton sand truck, county wagons working on the highway, and sand wagons galore.

I am writing you this letter in order that the chairman of the Board of Works and City Engineer will take a look over this expensive piece of work.

The concrete engineer expects that the concrete base for the street car tracks on the right hand side of King and Ontario and William streets going towards the City Park will be completed on Monday afternoon.

Every variety of water-craft imaginable came into use on Sunday afternoon and evening.

Death by Tuberculosis. Ottawa, May 22.—Deaths from tuberculosis in Canada (exclusive of Quebec), for the year 1921, totalled 4,773.
