NOW DO MY WORK WITH EASE
Because Lydia E. Pinkham's Vegetable Compound Restored My Health
Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of your medicine and wanted me to try it. So at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAR. BAKER, 21 Spencer Ave., Hornell, N. Y.
In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

Change Your Ideas.
Everybody is doing it. People are developing fearlessness, assurance, confidence. With this change is coming success, new business, universal prosperity. A Card From Germany.

Wilson, general secretary of the local Y.M.C.A. received a card from Hamburg, Germany, on Tuesday morning, setting forth the "hospitality service" conducted by an association in that city styled the "World's Alliance of Y.M.C.A.'s." The writer claims to give "assistance to immigrants and travellers coming to Europe, members and non-members alike, and in this way to serve

all." Evidently the Germans are trying to establish relations with the Canadian and American associations, and it is well-known that the soldiers were very envious of the Y.M.C.A. service to our troops during the recent war.

THE PLAY MAN'S GAMES
By E. D. ANGELL

RUN SHEEP RUN
Dear Steady: Do you remember that old grove that used to live on the corner across from where you lived when you were here? Well, you know how he used to get so when his kids played ball in front of his house, or ran across his lawn? Mr. Brewster, ran across his lawn? Mr. Brewster, I mean. He's the one who got so mad when Pete Campbell shared his window with soap on Halloween. Well, you would hardly believe it, but I can prove it by all the bunch and it happened last night. He had a grandson come to visit him. This grandson is a kind of a Percy guy. He wore socks and the kind of pants little kids wear and his hair was bobbed. Can you beat that? Well, he didn't play with us kids but stayed in Mr. Brewster's yard and watched us. He came out and sat on the curb and when Bob tried to catch a fly he ran back and fell over this kid's feet. Bob got mad and before you knew it there was a fight, but the little kid didn't run and even if he did wear socks, he looked like a sissy he could fight pretty good.

Mr. Brewster came out and, oh, boy, he was mad. He grabbed Bob but the new little kid hollered don't touch him, grappa. And then he told Mr. Brewster that it was his fault. And Mr. Brewster didn't know what to make of it, and the new kid, his name is Harry, and Bob got to be good friends.
But the part you would hardly believe came at night. After supper we were out in front and Mr. Brewster was called us over. We thought he was going to bowl us out, but he asked us if we had ever played Run Sheep Run. He was surprised when we hadn't. He said it was a great game in the country when he was a boy and he showed us how to do it.
You have two captains and two teams, and one team stays near the goal and the captain of the other team takes his bunch and hides them. Then he comes back and the other team starts out to find the ones that are hiding. The captain who hid them goes along too, he's secret words to warn his team and he holler these

words out as the hunting bunch gets close.
We had cabbages, lobsters, pickles and ice cream for our secret words. Al was captain and when he hollered cabbages we knew the other team had started and when he hollered lobsters we knew they were near and when he hollered pickles we knew they were awful close any when he hollered ice cream it meant get ready to run. Then when he thought we had a good chance to get to the goal before any of their team he hollered Run Sheep Run. If one of us got to the goal before any of their team we could hid again, but if one of them got there first they could hide and we had to hunt. If they saw us before the captain hollered Run Sheep Run they could beat it to the goal, too.
It's a shivery game when it's dark, and lots of fun. You would hardly have thought of it. Brewster even knew a game, would you?
Your friend, your truly,
CHIEF.
