THE TORTURE OF INDIGESTION

Thousands Made Miserable By This Trouble

"FRUIT-A-TIVES" Relieves It
What is indigestion and what causes it? As you know, solid food must be changed into a liquid by the stomach before it can be taken up as nourishment by the blood.

The stomach acts as a churn. It is covered by a strong, muscular coat and lined with a soft, delicate membrane which secretes the Gastric Juice which digests or dissolves solid food.

When food enters the stomach, the muscular coat squeezes and presses the food from end to end, or churns it, with the gastric juice to dissolve or digest it.

But if the stomach muscles are weak—or if the dissolving fluid is poor or insufficient—then food cannot be digested properly and you have indigestion.

"FRUIT-A-TIVES" is the most wonderful medicine in the world for strengthening the stomach muscles and providing an abundance of pure, full-strength dissolving fluid to completely digest every meal.

"FRUIT-A-TIVES" does this because it keeps the kidneys active, the bowels regular and the blood pure, which insures pure Gastric Juice.

"FRUIT-A-TIVES" will correct your indigestion or dyspepsia and enable you to enjoy every meal. Try it.

Paid Visit to Gananoque. Louise Lodge of Rebeekahs, No. 10, went to Gananoque on Thursday night and paid a visit to Harmony Lodge, No. 15, and exemplified the Rebeekah degree. About fifty of the local members were present, and following the degree work they were entertained at a banquet.

Gilpin-May Wedding. At the Methodist parsonage, Lyn, on May 25rd, Rev. George Mosop united in marriage Florence Louise, elder daughter of Mr. and Mrs. William May, Lyn, to Thomas J. Gilpin, son of James Gilpin, Brockville. The young couple were attended by Miss Anna May, sister of the bride, and Robert N. Gilpin, brother of the groom.

Too Many Abandoned Boats. There is considerable adverse comment over the treatment of the Kingston inner harbor as a graveyard for discarded vessels. One citizen directs attention to the fact that vessels are constantly being added to the number while none are removed, and asks how long it will be before some effective action is taken. It is pointed out that a few years ago an order was issued calling for the removal of sunken hulks regarded as a menace to navigation but the order was not followed by any action to compel compliance with it.

Had Leg Injured. When he was thrown against the window of his caboose as his train was entering a siding at Gananoque Junction, Holton P. Washburn, Grand Trunk conductor, was severely cut about the ankle and is off duty for a few weeks. First aid was rendered by members of the train crew and later Mr. Washburn was attended by

physicians at Kingston and Belleville. He is now at his home in Brockville.

Will Manage Clayton Park. Samuel J. Kyriacus, of Syracuse, will manage Clayton Park during the coming summer. He will manage the dining room, souvenir booth, ice cream and confectionery stands, the slides and bath houses and the dancing pavilion. Mr. Kyriacus has had years of experience in this line, having been connected with concessions at Coney Island.

A Child's Injury. A little girl named Bidult, whose parents live on Collingwood street, suffered a painful accident at Lake Ontario Park on Wednesday afternoon, when she fell from a swing and broke her wrist. The youngster was a member of a picnic party, and after the accident her friends took her to Rockwood Hospital where first aid treatment was rendered. She was later removed to the General Hospital, where she is getting along nicely.

Canadian Pacific Great Lakes Service. Commencing Saturday, May 27th, and each Wednesday and Saturday thereafter, the steamships Assiniboia and Keewatin, will leave Port McNicoll on arrival of special boat train which leaves Toronto Union Station 12.40 p.m., for Sault Ste. Marie, Port Arthur and Fort William. For information and reservations, apply Canadian Pacific Ticket Office, 180 Wellington street.

Nomination at Tweed. At Tweed on Monday a nomination meeting was held to fill the position of reeve caused by the resignation of Dr. Kindred, owing to illness and the resignation of John J. Quinn as a councillor. Those nominated for the reeveship were Samuel B. Rollins, ex-reeve and John J. Quinn and for councillor S. B. McGee, and J. J. Parrott. Mr. McGee did not qualify thus leaving Mr. Parrott elected by acclamation as councillor. The contest for reeve will be between Messrs Rollins and Quinn, and a lively contest is anticipated.

Bought Artificial Leg. A harness repair shop located in a village in the Kingston district has a curiosity in the form of an artificial leg. One day recently, when a representative of the Whig happened to drop into this place of business, he was surprised to find an artificial leg hanging on the wall. The Whig was anxious to find out if the leg was in for repairs and to his astonishment he learned that the harness maker had bought the leg from some stranger. The harness maker thought some day a person who was in need of an artificial leg might call at his place of business and he would be able to dispose of the leg.

Frontenac School Event. On Tuesday afternoon, May 23rd, Frontenac school held its annual Empire day celebration. The chief feature of the programme was an interesting and inspiring talk by Rev. W. E. Kidd, St. George's Cathedral. The following programme was given by the pupils with Master Winford Hogle in the chair: Chorus "O Canada"; song by eight girls from Jr. III.; reading by Walter Smith; recitation by three girls from Sr. III.; chorus, "May God Preserve Thee Canada"; recitation by Leslie Newton. A vote of thanks to Mr. Kidd was moved by Master Charles Janeway and the meeting closed with the National Anthem.

Big Watertown Excursion Coming. J. Ernest Gribbin, publicity director of Camp Vimy, Watertown, N. Y., Command, British Great War Veterans of America, Inc., writes the Whig that plans have been completed for their big excursion to Kingston on the 1st of July. Mayor Robert Cahill of Watertown, will accompany the excursionists, who will number 500. The 34th United States infantry band of forty pieces will also come, as well as a delegation from the American Legion. The writer says that Kingston on the 1st of July will see

a most representative gathering of British-Americans. The visitors will reach Kingston about 11.30 a.m. and will be given a civic welcome. Mayor Corbett will arrange a programme of events in conjunction with the city council, the G.W.V.A., the commandant of the Royal Military college and the district officer commanding.

Tea Shortage—Higher Prices. In 1920, so much more tea was produced than required throughout the world, that the market dropped to a very low level. The situation was so serious for the growers that they agreed to reduce their production 20% during 1921. Consumption, which has increased tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea tax in England has further stimulated consumption, which means that even higher prices may soon be expected.

Few Factories Making Cheese. An evidence of how the cheese factories are affected by the low price of cheese is shown in the fact that all the factories on the main road between Kingston and Battersea have ceased making cheese and are shipping their cream to Kingston to be made into butter. The factories are not closed, but the milk is being taken in and separated. In most cases the cheese makers are being kept on and in case the price of cheese gets to be anywhere near the amount of money paid for butter these factories will immediately commence making cheese. The cheesemakers also have to do the work of separating the cream. It is stated that it will not require much coal to run the separating machine and for that reason there will be a great saving.

PALE, WEAK GIRLS AND DELICATE WOMEN Can Find New Health by Enriching Their Blood Supply.

Nature intended every girl and every woman to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins, and sunken lusterless eyes, are in this condition because they have not enough red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the blood becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing woman, or pale breathless girl who has a good word to say for this medicine. Among them there is Miss Laura Monaghan, Campbellton, P.E.I., who says:—"Before using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale, thin and scarcely able to go about. The least exertion made my heart palpitate so violently that I actually was afraid one of those spells might carry me off. Often my nights were sleepless, and as the treatment I was taking did not help me I was almost in despair. Finally a friend advised the use of Dr. Williams' Pink Pills, and in the course of a few weeks after beginning this treatment there was a decided improvement in my condition. I continued using the pills, and am now enjoying good health. I am glad to give you my experience in the hope that some other sufferer may find the way to better health."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
