Supreme as a Gift—A compliment to any bride

HOLMES & Edwards Silverware is a gift which combines rare, enduring beauty with years of faithful service; it is a superb compliment to any bride.

The veritable glitter of precious gems—radiance of unusual beauty—that is the charm the exclusive Holmes & Edwards hand-burnished lustre will bring to her table.

And Holmes & Edwards yields the lasting satisfaction which comes only from the generous use of sterling silver. It is sterling silver's only competitor for wear.

In SILVER-INLAID, solid blocks of pure silver are set in on the back of the bowl and handle before plating, and in SUPER-PLATE, a heavy extra plating of silver is given to protect these points against wear.

High-class jewellers will show you the beautiful Jamestown Pattern, strikingly simple and artistic—as well as table appointments such as flower baskets, casseroles, pie plates, cake and bread trays—of the same high quality.
