TE U.S. TARIFF BILL.

opposition to the pending ing from the masses of the people, D.D. and as this opposition develops there is a chance that the bill will never become law in its present form. It is but natural that this opposition should be late in developing, for public opinion is slow to educate. The interests which clamoured for the R. Cooper, B.A., B.D., Ph.D., Carhigh tariff needed no such education. They knew what they wanted. They except for them, whose wives would secured the sympathetic ear of those in high places, and the tariff bill was evolved. Meanwhile, they told the lowed by considerable discussion. A lot of folks will be disappointed people that this bill was to be a treconditions improve to the point mendous benefit to all. At first this present the subject of the contribustory was accepted, but as the real tion of personalism to religious meaning of the high tariff was borne home to the masses there grew a feelbenefit to anyone but those who shouted for it. Gradually this feeling grew, until there is to-day in the of personalism were explained briefmee in the world unless you happen United States a strong and well de- ly.
