Give Your Eyes the Consideration Due Them

Seeing is by far the most important sense of the human body. And still it is the one most frequently neglected.

If your power of speech were impaired, or your hearing below normal, you would not hesitate about consulting a specialist—and yet good eyesight is

the easiest to restore if taken in time.

If you do not know what it is that is troubling your eyes, or if you are in doubt as to your seeing power, we invite you to allow us to make a thorough test to convince yourself of the truth.

SPOKE ABOUT CANADA'S WATER RESOURCES

J. B. Challies, Ottawa, Spoke to Members of the Rotary Club.

The members of the Kingston Rotary Club had a record attendance at their weekly luncheon held in their quarters at the British-American hotel, on Friday noon, and the event was marked by quite a large number of visitors.

The president, Leman A. Guild, presided and J. B. Challies, director of the Dominion water power branch of the department of the interior at Ottawa, was the speaker.

Mr. Challies is one of the lay delegates attending the Montreal Methodist conference. He extended greetings to the Kingston Rotary Club, and spoke of the good work the Rotary clubs all over the world are doing. He compared the work of the laymen's association with that of the Rotary Club, both being called upon to render service. The speaker said that the Rotary club in Ottawa had a wonderful reputation for getting results, and being at the back of any undertaking that was for good. The club went into matters very enthusiastically, and accomplished a great deal.

The speaker, whose position calls upon him to study and investigate the water resources in Canada, gave the members of the club a most interesting talk about the country's resources in this line, and remarked that no country was so fortunate in her water resources as Canada. A unique thing was in the fact that from Halifax to Victoria there was not an industrial centre of importance which did not have sufficient power to meet its needs. Canada had a larger share of water power per capita than any other country.

In a most interesting manner the speaker dealt with the water power systems as carried on by the Ontario Hydro commission under Sir Adam Beck, and also dealt with the St. Lawrence river problems, giving the members the benefit of observations he had made.

The speaker contrasted the two systems of water powers, the one in Ontario under public ownership, and that in Montreal under private interests, pointing out the advantages and disadvantages to be met with, but at the same time explained how the two systems were gradually being brought together in the web which was being formed.

Mr. Challies had many words of praise for Kingston and her people. This was the second visit he had made to the city, and he was always very glad of an opportunity to come here.

President Guild had encouraging reports to give the members about the Dominion Chautauqua, to be held here from July 1st to 7th, inclusive. The event to be held in Kingston promises to be the banner one of the many events held in Canada. Many inquiries are being made about the event, and it is expected that every day will see a record crowd at the various performances.

Members of the Daughters of the Empire have very kindly offered to co-operate with the club in making the event a success.

Lively Rotary songs, and the usual snappy roll call featured the luncheon. The following guests were introduced and given a warm welcome: Charles W. Lampkin, H. A. Craine, Ottawa; George B. Mc. Clow, Ottawa; J. Eagleson, Ottawa; C. B. Oliver, Ottawa Rotary Club; W. T. Rogers, Brockville Rotary Club; M. M. Connor, Ottawa; F. C. Elford, Ottawa; S. D. Wagar, Enterprise; W. S. Wagar, North Bay; Rev. F. G. Kirkpatrick, Wolfe Island; J. Arthur Jackson, Gananoque; E. W. Coates, St. Lambert, Quebec; Rev. W. E. Warren, Lachine; Rev. B. B. Brown, Sherbrooke, Que.; T. S. Nash, Ottawa; H. W. Mix, Ottawa.

The speaker of the day was roundly applauded at the close of his address, and Rotarian Dr. F. J. O'Connell moved a vote of thanks to him for his splendid address on a subject which was of so much interest to Kingston.

President Guild gave the visitors a hearty welcome on behalf of the club. He expressed the hope that they would enjoy their visit and come again soon.

GRAND TRUNK RAILWAY

Montreal-Toronto-Hamilton, Double Track All the Way.

The night train leaving Montreal Bonaventure Station at 11 o'clock daily offers travellers an exceptionally fine service between Montreal, Toronto and Hamilton, arriving Toronto 7.30 a.m. and Hamilton 9.03 a.m. Returning leaves Hamilton 9.10 p.m. daily; Toronto 11.00 p.m., arriving Montreal 7.30 a.m. daily.

Drawing room sleeping cars between Montreal, Toronto and Hamilton without change; compartment club cars and through coaches between Montreal and Toronto.

A special feature of this service, commencing June 4th, is sleeping cars (with washrooms at both ends) between Montreal and Toronto reserved for men only. For reservations and further information apply to J. P. Hanley, C.P. & T.A., G.T. Railway, Kingston Ont.

Will Make \$275.

The ladies of Queen Street Methodist church who served the banquet at the Montreal Methodist conference on Thursday evening in Grant Hall, will clear about \$275 as the result of their work. This money will go to the building fund of the new Sunday school.

INSPECTION OF CADETS

Of the Collegiate Institute Took Place on Friday Afternoon.

The annual inspection of the Collegiate Institute cadet battalion was held at the Cricket field at 3 p.m. Friday. The cadets paraded under command of Captain W. J. Kelly, their instructor, and the inspection was made by Brig-Gen. F. W. Hill, A.A. and Q.M.G., M.D. No. 3, and Lt.-Col. George H. Gillespie, I.S.C. M.D. No. 3.

The total strength of the battalion is 300, and there were over 200 on parade. The unit presented a very fine appearance formed up in line for the inspection and merited the words of praise given to the officers and instructors who have had the training of the lads. After the formal inspection Brig-Gen. Hill took the salute in the "march past," which was carried out in different formations, such as companies and platoons. The commanders were called upon to give an exhibition of squad drill and at the conclusion of the exercises Gen. Hill and Lt.-Col. Gillespie both gave brief addresses in which they expressed keen appreciation of the fine work of all ranks, which reflected the greatest credit upon themselves and their instructors.

Serg't Major Dryden, instructional cadre, M.D. No. 3, spent much time in getting the battalion into shape. The K.C.I. bugle band was in attendance and enlivened the inspection with the various calls. The results of the inter-company competition in drill, steadiness and appearance will be announced on Saturday.

A great deal of credit for the success of the K.C.I. cadets is due to Captain J. W. Kelly, one of the members of the staff of the collegiate, who has spent many hours of hard work getting the boys in good shape. The officers of the battalion are:

Corps instructor, Captain J. W. Kelly; battalion commander, Lt.-Col. Paul Cunningham; second-in-command, Cadet-Major Van Mills; adjutant, Cadet-Major Hawley; company commanders, Cadet Captains, Macpherson, McMahon, Anderson and Vokes; platoon commanders, Hugh Lieutenants Gordon Crawford, Hugh Gill, McKelvey, Mylks, Mannheim, Yampolsky, Mouldy, Arkley, B. Clarke, Pidgeon, Reid, Patterson, Shurtliff; signalling officer, Cadet Captain L. McKinnon; Serg't-Bugler Christmas and Serg't-Drummer Colclough.

BUSINESS ACTIVITIES IN CITY OF KINGSTON

The officials of the Rockport Navigation Company expect a good season for tourist traffic this year, as there is already a constant stream of passengers on their two vessels, the Waubic and the Missisquoi. Between Cape Vincent and Kingston especially, many motor parties are taking advantage of this route to tour Eastern Ontario and New York state, and although the season is still early there has been a record passenger list on the majority of the trips. The steamer Waubic is also in demand for a number of excursions, and some bookings are being made as far as six weeks in advance. As soon as the hot weather arrives, the boats will be kept busy handling the crowds that will take advantage of the various water trips.

Come and enjoy a delightful sail to Cape Vincent, N.Y., on June 3rd, 4th and Monday, 5th, on steamer Waubic. Return fare 75c, tickets good only on day of issue. Passengers taking steamer 7.00 a.m., Standard Time, and returning on evening boat will have an opportunity to spend three hours in Watertown. Phone 2195. The Whig will not be issued on Monday.

OLDEST PRACTISING LAWYER IN KINGSTON

G. M. Macdonnell, K.C., Still Conducts Cases Before the Courts Here.

G. M. Macdonnell, K.C., who appeared as counsel for the plaintiff in a case in the county court this week, is the oldest practising lawyer in Kingston, having been active as barrister and solicitor for nearly sixty years. He graduated in arts from Queen's University in 1860. Mr. Macdonnell has always been a close student of penology and has kept pace with the progress in prison reform, and for many years contributed to the literature on this subject. He was chairman of the last Canadian Penitentiary Commission, which conducted an exhaustive investigation into prison conditions, and made important recommendations for reform methods. He was instrumental in having all insane removed from prisons to asylums where they would receive treatment as diseased persons, rather than punishment as criminals, and his direct intervention secured the removal from prisons of all young offenders.

Mr. Macdonnell, as a leading layman in the Presbyterian church, has always taken an active part in religious matters. For many years he was a member of the board of trustees of Queen's University, and was a member of the board of Queen's theology college. He is in the enjoyment of his usual health and is still active in his profession.
