

WANT LARGER GRANT GIVEN

To the Wesleyan College in Montreal.

Methodist Laymen Censure Management of General Board of Education.

Although according to schedule the conference should conclude its sessions to-day, the present indications are that it will be at least another twenty-four hours before the business of the conference is completed.

The general educational board of the Methodist church came under review at the conference on Tuesday morning, following the presentation of resolutions by the educational committee of the conference.

The situation of the Wesleyan College was discussed after being explained by Principal Smyth. The college has had its grant decreased by the board and is at the present time receiving but thirty-five per cent. of the givings of the Montreal conference.

The business management of the general board of education also came up for censure especially by the laymen. It was said that twenty per cent was required to administer the educational fund and this was considered too much, one of the laymen stating that "they would not stand for it."

The proposal to change the curriculum of the colleges so that Greek need not be required to be studied and that the students may receive their education from the English Bible, drew much discussion. Some of the delegates were of the opinion that the proper study of the Bible must be made from the language in which it was written, considering that the proper viewpoint of the scriptures could be obtained best in this manner.

The statistical committee's report was presented and several resolutions pertaining to the work of the committee were passed. The immense amount of work entailed in preparing the report was emphasized. Rev. T. P. Shaver was the secretary.

The sustentation fund committee reported, showing that this committee had filled a big place in the work of the conference, supporting weak circuits and in many cases supplementing ministers' salaries where the circuits were not able to meet them.

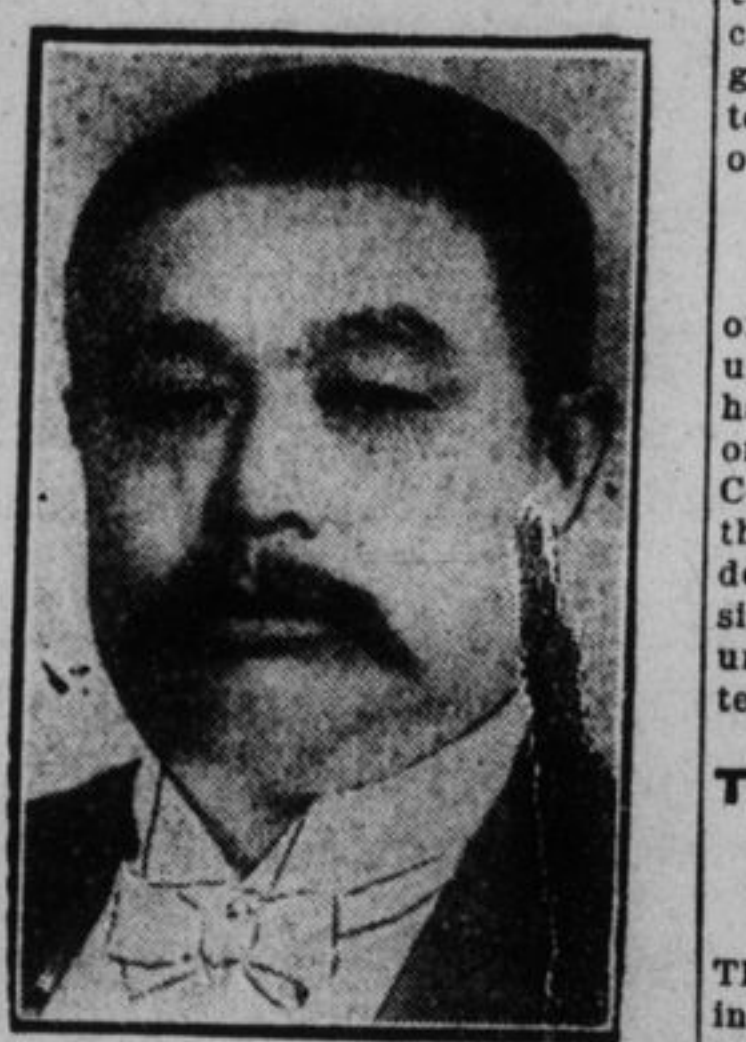

Rev. W. T. G. Brown pointed out that but \$3,680, forty-one per cent. of the amount asked, had been received. Kingston district was the banner district, giving sixty-six per cent. of its assessment. The same sum as last year will be asked for this year. Rev. E. W. S. Coates presented the report.

DIFFERENT VIEWS TAKEN BY BOARDS In Regard to the Burning Question of Freight Rates.

Ottawa, June 6.—Four organizations of business men have presented written pleas regarding freight rates before the special house committee on transportation rates. The Winnipeg Board of Trade asked for a return to the Crow's Nest Pass agreement; the Hamilton Chamber of Commerce, and the transportation bureau of the Montreal Board of Trade asked that it be further suspended. The Canadian Pulp and Paper Association urged that the rates be reduced to the basis in force before the increase made in September, 1920.

Lad's Ankle Torn By Large Firecracker

Hubert the little son of Mr. and Mrs. Earl, 238 Wellington street, was badly injured on Monday afternoon, when a large fire-cracker exploded and tore away a large portion of the flesh on one of his ankles. The lad was removed to the General Hospital, where he is now resting nicely, though weak from loss of blood.

DENIES THAT DELORME MADE ANY CONFESSION

Detective Lajoie Repudiates the Statement in the Montreal Herald.

Montreal, June 6.—The Herald on Saturday published a statement that Detective Georges Lajoie testified before the grand jury that Ex-Father Adelard Delorme had confessed to him that he murdered his half-brother, Raoul, on the afternoon of Friday, January 6th, in his home by chloroforming him and firing six shots into his head, after which he drove the body to the outskirts of Montreal and dumped it into the road, where it was found. Next day, according to the confession, the elder Delorme said mass for the repose of his brother's soul.

The Gazette on Monday said: "Not only do I deny ever having stated that Adelard Delorme, now awaiting trial on the charge of the murder of his half-brother, made a full confession of the crime, but I affirm that no such confession was ever made," said Detective Georges Lajoie, to the Gazette, at his home Sunday afternoon.

Insanity Experts Summoned. Montreal, June 6.—Insanity specialists have been summoned from the American Psychiatric Association convention at Quebec on instruction of Judge Monet, to examine Adelard Delorme and report on his fitness to stand trial on the charge of having murdered his half-brother, Raoul. The test will last probably less than two days, as the trial begins June 9th.

TO RECEIVE A GRATUITY

On Their Retirement From Naval Service.

Queen's University is Asked to Accept Second Year Naval Cadets.

Ottawa, June 6.—Provision for the payment of a gratuity on retirement of officers and men of the Royal Canadian Navy has been made by the government. The officers retired from the active list will be granted a gratuity of one month's pay and an allowance for each completed year of service. Those with a service of three years or less will receive one month's pay and an allowance; those of three and less than seven years' service, two months' pay and an allowance, and those of seven and over three months pay and an allowance. The men in excess of the number required will be discharged according to ratings. The gratuity will be allowed according to service on the same basis as the officers.

To Accept Naval Cadets.

Ottawa, June 6.—The Department of Naval Service announces that the universities of McGill and Toronto have agreed to accept successful second year cadets of the Royal Naval College of Canada in the first year of the course of applied science. The department is requesting the university of Queen's, Kingston, and the university of British Columbia to extend similar privileges.

Three Asylum Inmates Killed by a Train

Binghamton, N.Y., June 6.—Three persons were killed and three injured when the Pacific express train No. 7, on the Erie Railway, hit a truck at the Binghamton state hospital waterworks crossing in this city this morning. The dead are inmates of the state hospital for the insane. The engineer of the train is believed fatally scalded.

Counterfeiting Plant Discovered on Island

Montreal, June 6.—Royal Canadian mounted police yesterday raided a farmhouse on St. Therese island and seized nearly \$100,000 worth of forged United States Federal reserve bank notes. Phillip Briere, alias Derocher, and Alfred Briere were arrested. A large modern printing press was discovered in the house. The bogus bills were clever imitations of American currency, officials said.

Was Awarded Damages. Belleville, June 6.—Miss Josephine Parker was awarded \$1,500 damages in the supreme court against Harry Dingman and his father, Edward Dingman, for injuries sustained on the corner of Pinnacle street and Campbell street on October 15th last when she was struck by a motor driven by the first defendant and owned by the second. Her expenses in connection with the resultant illness were \$650 and Justice Mowat, who presided, allowed her \$850 for her injuries. The award carried costs.

Finish for Sun Yat-Sen.

Pekin, June 6.—General Wu Peifu, who recently erased Chang Tso-Lin, Manchurian war lord, from the stage of Pekin politics, today declared that if Sun Yat-Sen, president of the Republic of South China, persists in opposing plans for the unification of China, he, too, must be eliminated, by the sword, if necessary. Yuan-Hung, deposed from the presidency of China by the militarists in 1917, was invited to resume that office.

When International President Crawford C. McCullough of Fort Williams, Ont., called the convention to order three thousand accredited delegates faced him in Philharmonic Auditorium, the largest hall in the city. The galleries were packed with Rotarians that accompanied their delegations. California Rotarians as a unit are entertaining the visitors who fill every hotel here, in Pasadena, Santa Monica and nearby cities. The programme for entertainment is one of the most elaborate that has been planned, and one of its special features was planned at the request of the heads of the motion picture industry who wish to show the Rotarians of the world that motion picture making really is and have obtained an entire day of the convention for this purpose.

One hundred and fifty delegates from outside the continental limits of the United States travelled more than three quarters of a million miles to attend the convention.

Professor William A. Osborne of the University of Melbourne, Australia, made the longest journey and started on his way more than a month ago. Professor Osborne is president of the Rotary Club of Melbourne. Two Rotarians, one of them a well known Chinese, are coming from Shanghai, and two are on hand from Manila. Uruguay sends one delegate, Ireland is represented by two, France by one, England, Scotland and Wales have forty. Cuba is sending forty and Mexico three.

There is no such word as "foreign" in Rotary, according to the officers of the organization, and the principle business of the convention this year will be the adoption of an international form of constitution. The draft that has been prepared by a representative committee, which includes delegates from every section of the Rotary world, provides for re-

TO OBSERVE FULL TERMS

Of Anglo-Irish Treaty, Is the Report.

The Irish Constitution Altered to Satisfy the British Demands.

London, June 6.—Arthur Griffith and his colleagues on the Irish delegation, which has been discussing the Irish situation with the British cabinet, will leave Dublin tonight, it is announced, for the resumption of their negotiations with Colonial Secretary Churchill tomorrow. The Daily Mail political correspondent says British government circles believe Griffith and Collins have agreed to observe full terms of the Anglo-Irish treaty.

To Satisfy British Demands.

Dublin, June 6.—The Irish constitution, drafted following the Collins-De Valera agreement, has been altered to satisfy British demands, it was learned, following conferences of the Irish treaty signatories. The constitution, which is lengthy, containing thirty clauses, now entirely conforms to provisions of the treaty with Great Britain, it was said. Several clauses which had been formulated to satisfy De Valera following his agreement with Collins have been eliminated.

Free State leaders, it was reported, have determined to satisfy British demands regarding the constitution, and to brave the Republican chief-tain's wrath, hoping to deal with him after the elections. Arthur Griffith has formulated a reply to Winston Churchill's demands regarding the constitution and forthcoming elections, which has been unanimously approved by Collins and other treaty signatories.

INTERNATIONAL ROTARY.

Ten Thousand Attend Gathering in Los Angeles. Los Angeles, Calif., June 6.—Consideration of the draft of a new constitution and by-laws for International Rotary that give national groups of clubs authority to organize national associations and make other radical departures in the form of government of the organization is the most important feature of the thirteenth annual convention of the world-wide organization which opened here to-day. In anticipation of these discussions ten thousand Rotarians representing every section of the world have gathered in Los Angeles. Twenty-two countries are represented at what is regarded as the greatest international gathering this city has ever entertained. Each of the sixty-eight clubs in the British Isles are represented—the English, Irish, Scotch and Welsh Rotarians in the city number almost one hundred, from far off Australia, from China, the Philippines, South America, Cuba, Mexico, Porto Rico, to say nothing of the thousand clubs in Canada and the United States, the delegates have been flocking into Los Angeles on every regular train and on dozens of specials from all quarters.

Finally Accept Train Home.

Ottawa, June 6.—(Special)—The veterans' trek is ended. The hours of bivouacking in the rain was sufficient to make them change their minds after another appeal by Hon. James Murdock, who arrived on the scene by motor at two o'clock. After a lengthy talk with "General" Riley, he persuaded him that it would be in the best interests for the men to come into Ottawa and take the train to Toronto. A special of four coaches was made up, and left at nine o'clock via Canadian Pacific. At three o'clock the hikers arrived at the union station here, glad to get out of the storm, and headed for home. Riley stated that they could not have gone very far without any food at all. Four men fell out in the five-mile march last night. On arrival in Toronto the men will march to Queen's Park and disperse. It is proposed to acquire temporary club rooms for the organization, where they will write up the grievances of the individual hikers to be forwarded to Ottawa for government action.

HIGH WALL IS OPPOSED

In U.S. Senate—Reflection of Sentiment.

Effect Will Be to Increase Trade With Latin America And Within Empire.

Washington, June 6.—Progress of the discussion of the tariff bill is serving to bring out more and more clearly the fact that there is strong Senate opposition to building up an unduly high tariff wall between the United States and Canada. This Senate opposition unquestionably reflects a powerful public sentiment of the same nature. Those who object to building high the tariff wall between this country and the Dominion are Democrats, and some of the more moderate Republican protectionists. For that matter, they declare danger exists in the high rates generally carried in the pending bill. They perceive the danger of a large curtailment of trade between this nation and Canada, and of closer trade relations between Canada and Latin America, at the expense of the United States. Moreover, although there has been surprisingly little attention given it here, they perceive that high tariffs by this country against Canada will drive Canada into closer preferential trade relationship with the United Kingdom, and the rest of the British Empire, to the detriment of United States trade.

THE "HIKING" VETERANS TAKE A TRAIN HOME

Premier Told "General" Riley That S. C. R. Committee Would Hear Delegates.

Ottawa, June 6.—The "hiking" veterans refused a train home and started back to Toronto, dissatisfied after being addressed by the premier. They declared they would walk back. With the army of unemployed war veterans after its march from Toronto resting at ease in front of the parliament buildings "General" Riley and his staff were received by Premier King and members of his cabinet in the office of the minister of labor at 10:30 yesterday morning. "General" Riley presented the demands of the army, which he claims represent all of the war veterans of Canada, and was told by the prime minister that they would have the sympathetic and concerned consideration of the government and also that he had arranged that delegates from the army would be heard by the special committee of parliament on soldier re-establishment if it were desired.

At the conclusion of the interview "General" Riley asked the prime minister if he would speak to the men in front of the buildings. Mr. King did not consent and Riley returned to his army.
