THE CHEESE PRICE RISES THURSDAY TO 14 1-2C.

J. McGrath Protests Against Board's Action Over Government Grading.

There were 203 boxes of cheese boarded on the Frontenac Cheese Board Thursday afternoon and all but one lot sold at 14 1/2 cents. The buyers were George Smith, who secured the offerings of Howe Island, Parham, St. Lawrence and Thousand Island, and L. W. Murphy, who secured that of Model. The factories boarding were Arigan 30, Howe Island 19, Model 60, Parham 20, St. Lawrence 49, Thousand Islands 25.

Edward Briceiland was elected president, W. Cordukes first vice-president, W. Fawcett, second vice-president; W. Pillar, secretary, and R. J. Draper, marker.

Joseph McGrath addressed the board at the opening and expressed his amazement over the action of the board in sending a delegate to Ottawa to oppose the plans for government inspection and grading. Any opposition to the plan which was really a system of co-operative marketing of cheese, direct from the producers to the consumers, came from export buyers or their local agents. It was apparent that the successful organization meant the control of marketing of Canadian cheese by the producers themselves, as all cheese would be shipped to cold storage either at the point of export such as Montreal, or at central points. It would not be dumped on the market as was the case last year when the market was flooded, and the price dropped seven cents in one week, only recovering after several weeks. All producers of dairy products, whether milk, cream, butter or cheese were affected by the market.

As a producer of twenty-four years, Mr. McGrath said he was vitally interested because the price of cheese had an important effect upon the price of all dairy products. The export market was open to them and government grading and inspection gave the foreign consumers an absolute guarantee respecting quality that the present buyers could not give. It was therefore of the utmost importance that the present proposals in the interest of the dairy industry be endorsed and supported by all producers.

LEFT FOR HOME TODAY.

Two Popular Methodist Ministers Who Have to Move.

Two of the popular ministers of the Montreal Methodist conference, Rev. W. H. Raney, Retrow, and Rev. W. H. Stevens, Pembroke, left for their homes on Thursday. They are men of geniality and pervasive in all good qualities. They are noble types of Christian workers, eminent in service and with a touch of human kindness that makes them beloved wherever they go.

Mr. Raney going to Pembroke, and Mr. Stevens to Quebec. It will be a wrench to both of them to leave their warm-hearted people, especially Mr. Raney, who at the end of the third year, has been practically uprooted from Retrow by the stationing committee and sent to Pembroke. The will of the conference was his command, he said. The change is a promotion and everyone who knows Mr. Raney are convinced that he will eminently do the work before him. Mr. Stevens' invitation to Quebec was unanimous. Wherever he has labored he has been wonderfully successful. Young and old soon find him a companionable man, discreet, tactful, helpful and loving. He graces his calling.
