ZURICH SOCIETY TO TURN COLD SHOULDER TO BRIDE

If Mathilde McCormick Weds Max Oser, Swiss Livery Stable Man.

Basle, Switzerland, June 8.—Max Oser is willing to wait for the hand of Mathilde McCormick.

Intimate friends of the Swiss riding master said to-day he is so confident of the enduring quality of Mathilde's love that he would readily acquiesce if the McCormicks persuade her to wait until she is twenty before marrying.

Oser is heartily sick of the court proceedings over his engagement to John D. Rockefeller's granddaughter, and is quite ready to make concessions to keep peace in the family.

Before permitting the engagement to be announced, he begged Mathilde to re-consider it, laying stress on the great difference in their ages and asking her to wait until she was sure of her own mind. But she was determined.

He then went to Harold F. McCormick, millionaire, former president of the International Harvester Company, and told him of the situation.

"I have the utmost confidence in you because you are the only Swiss acquaintance who has not tried to get money from me," McCormick is quoted as having told him.

Oser's friends in the army are loyally supporting him, urging him to go to France and marry as soon as possible.

Turn Cold Shoulder.

Zurich, June 8.—Mathilde McCormick, granddaughter of John D. Rockefeller, will be barred from Zurich society if she weds Max Oser. The leaders of Switzerland's four hundred to-day are preparing to exclude Miss McCormick from their exclusive circles if she goes through with the marriage.

As Mathilde McCormick, member of one of the world's richest families, she is welcome if properly introduced.

But as Fraulein Max Oser, wife of a livery-stable man, she could only come in through the servants' entrance. The four hundred have nothing personal against Oser, who has always acted as gentleman, whose manners are perfect and who is rather pitted because of the general belief that Mathilde threw herself at his head—but he simply "doesn't belong."

As one man expressed it, "Oser is a perfect riding master but he can enter my house only as a servant." The blue-bloods cannot forgive Oser's father for once having managed a circus.
