AVERSION TO WORK.

A man remarked some years ago. says the Oswego Times, that no would prefer to suffer severe pain rather than work. There are a good toms almost as soon as they stepped many like him in the world-and not upon our shores? a few live in Kingston-and they constitute a problem for their friends and the community.

There are some men who are born tired. In some cases their feeling is the result of a poor physical condition. They may have ruined their health through vices, or perhaps inherited enfeebled constitutions and never made any effort to build them up by wholesome outdoor exercise. A philosopher is one who has Such men are entitled to some symyet cure them by a resolute effort for physical improvement.

ally agreeable. They go through life in a happy-go-lucky way, accepting If revealing her person affects a favors from friends, never feeling girl's character for the worse, let us under obligation to make return. garded with a certain degree of contempt, as they consume their full The world is growing better, but share of the world's comforts and make no return for the same.

The man who said he preferred pain to work was a quite different type. He lived on a farm, but was by nature a bookworm. The plow and the hoe were hated objects to him. Not the least interest could be arouse in corn, hogs or cabbages. But you give that man some subject to look up in a library, and he would produce a very intelligent report of

A man like that is a misfit in life, representing all the important forand somebody should have steered eign countries of the world. him into his proper calling. If he had been trained for library work, "the cradle of Canadian history?" or some form of investigation or research, he would have made good, Canadian history," having been rendered useful service to the world. and could have lived a happy life. 060. What a pity it is that the gifts of se many people are never discovered and that they blunder through life The reason the pioneers were doing things that look worse to
