STOCKS - BONDS MINING STOCKS

Cor. King and Brock Streets

We are having installed very soon a TELETYPE TICKER, the first of its kind in Kingston. The stock quotations and news will come in ordinary letters and figures so anyone can read them. We are having a good trading market. At the Mexican financial conference in New York arrangements were made regarding Mexico's external indebtedness. We believe Mexican Government 5% Bonds around present price (60) are a good purchase. In the Mining Stocks WASAPKA advanced from 7 1/2 to 10 1/2 in a few days. Buy it, will probably sell at 20c. Absolute Evidence in Favor of Ground Cylinders

All high grade automobile engines manufactured in this country as well as in Europe have their cylinder bores finished by grinding. Some of the American cars that might be mentioned are:

Apperson	Hudson	Peerless
Brewster	Kissel	Pierce Arrow
Cadillac	LaFayette	Rolls Royce
Cunningham	Lincoln	Standard
Dorris	Locomobile	Stevens Duryea
Franklin	Marmox	Stutz
Haynes	Mercer	Templar
Holmes	Packard	Winton

In fact, 84% of all the manufacturers of pleasure cars use engines with ground cylinder bores, and 91% of the commercial motor are ground. Head Machines are used exclusively.

Automobile owners we have one of these Head Cylinder Grinding Machines, and can guarantee first class work. Ground cylinders is a selling point with many cars.

Surplus Strength of the Mutual of Canada

THE Mutual Life of Canada is the first life insurance company in the Dominion to assign definitely the whole of its surplus funds to specific objects.

After strengthening its reserves beyond the government requirements, the company's general surplus, representing the excess of assets over liabilities, amounts to

\$5,790,520.70

This fund has been assigned as follows:—

First—Provision for dividends under Deferred Dividend policies issued prior to 1911.....	\$3,688,146.75
Second—Provision for interim dividends under Quinquennial policies.....	277,897.66
Third—Provision for dividends payable 1922..	1,500,000.00
Fourth—Provision for Mortality fluctuation and other Contingencies.....	324,476.29
	\$5,790,520.70

This statement, more complete than has been called for by the Government, discloses a notable financial strength. Indeed the financial position of the company is so sound and its dividend earning capacity continues to be so favorable that a

further increase in dividends

has been decided upon for the year 1923.

You May Have Kidney Trouble And Not Know It

If your back aches and you suffer from dragging pains, it is an evidence your kidneys may not be acting just right. What you need is a course with Dr. Hamilton's Pills. They contain both Mandrake and Butternut and act very beneficially upon the liver and kidneys. "I was bothered a great deal with my kidneys, but got quick relief from Dr. Hamilton's Pills. My trouble manifested itself by pain in the back and by constant headache. I quickly recovered after using a few boxes of Dr. Hamilton's Pills. They brought me health, strength and vigor." Said "everywhere, 25c., or The Cataract Co., of Montreal.

His First Knickerbockers.

When little Johnnie reached the mature age of three and was about to discard romper for manly knickerbockers, his mother determined to make the occasion memorable. The breakfast table was laden with good things as the newly-dressed child was led into the room. "Ah," cried the proud mother, "now you are a little man!" Johnnie was in ecstasies. Displaying his garments to their full advantage, he edged closer to his mother and whispered, "Mum, can I call pa Fred now?"

Thrift

The judicious practice of thrift is as much an evidence of character as it is the worth-while assurance of comfort and contentment in the years that are to come.

The regular saving of a stipulated sum of money is not only *within your power*—but a habit every thoughtful person should cultivate.

An Endowment Policy offers a splendid opportunity for regular saving. There is no better way to create an estate than through systematic life insurance deposits. Life insurance is always worth par and it is the first asset realized on in the event of death. Save regularly—and in the meantime enjoy the peace of mind and comfort that such thrift brings.

Get in touch with us for any information you may require in regard to your insurance investment.
