DUBLIN'S BLOODY BATTLE CONTINUED ON THURSDAY

(Continued from Page 1.)

Lay Mine in Street.

London, June 29.—A Central News despatch from Dublin today reports members of the I.W.W. in possession of some buildings in that city, including Moran's hotel. They are all armed with revolvers and rifles, the message declares, and have an electric mine laid in the centre of the roadway outside the hotel in Talbot street. The cable is visible from the mine into the hotel, a correspondent says, the intention evidently being to ambush any Free State forces that attempt to renew yesterday's attack.

Railway Station set Afire.

London, June 29.—An unofficial report was received here this morning that the railway station at Foynes, twenty miles from Limerick, occupied by Irish provisional government troops, was attacked and set on fire.

Increases in Intensity.

London, June 29.—Fighting in the streets of Dublin is increasing in intensity, says a Central News despatch from the Irish capital at 5.20 o'clock this afternoon. Irregulars on the outskirts of the besieged Four Courts district are receiving reinforcements, the message says. Three civilians were killed in today's fighting, bringing the total number of deaths to nineteen.

Insurgent Irish forces have captured seventeen of the troops of the provisional government in Dominick street area, according to a report late this afternoon, which could not be officially confirmed.
