CURRAN SHUT-OUT MOVIES

Bow to Bankers on Thursday Evening—Baker's Dozen to Zero.

The first shut-out of the Mercantile league this season was chalked up against the Movies on Thursday evening, when they fell victims to the shoots of Curran, coupled with splendid fielding on the part of the winners. Incidentally the Bankers won their first game, and their twirlers enter the Mercantile hall of fame. The final score was 13 to 0.

Old Butter-Fingers was very prominent on the line-up of the Movies.

LITTLE BITS.

The fans will be surprised at the ability of the Mercantiles who have been chosen to defend Kingston against the Watertown baseballers who will invade this city on Saturday.

The Printers and Webers play their return game at the Cricket Field on Saturday afternoon, and a loss for either will eliminate them from the race.

Somebody asks how many teams are in Odessa. One thing certain, reports have been circulating that the Tanners, Printers and Retailers are to play in the village on Saturday.

President W. J. Hanley, of the O. A. L. A., has notified all lacrosse clubs that rough play will not be tolerated.

tolerated and that if any dispute occurs on the field it must be conducted by the captains of the teams "in a dignified respectful way." Officials are to be given absolute protection and the invasion of the field by spectators will result in the expulsion of the home team.

All that is needed now is some dry weather for Saturday when the big game will be on.

Wolfe Island and Sydenham are well up in the Inter-County league race, and one of these teams will certainly enter the finals.

The Islanders were greatly disappointed when the Lake Views failed to play their return game there on Wednesday.

The canvassers for the Limestone Rugby Club are meeting with great success in the city, and everything points to a splendid year for the new season.

Morvich is expected to face the barrier again July 6th in the historic Dwyer stakes at the Aqueduct track, New York.

At Los Angeles, Jess Willard, former world's heavyweight champion, has begun training for what he hopes will be a return match with Jack Dempsey, who wrestled the title from him at Toledo.

SULLIVAN TO UMPIRE GAME

Cherry and Goodfriend Will Probably Twirl—Infield and Outfield Strong.

The Kingston senior baseballers are rapidly rounding into one of the strongest aggregations that ever represented this city against an outside nine. The players are all lined up, and although two or three substitutes will be in uniform, the final selection of the team will be made during the practice tonight.

It looks as if Cherry will bear the brunt of the pitching, while Goodfriend, the ace of the Wolfe Island County league team, will also be on the job. Curran and Penning, of the Mercantile, have also been mentioned as utility twirlers. Curran, especially, is a southpaw of rare ability for a youngster, while the Plumbers' mainstay is also considered a corner. George Sullivan will umpire the game, and this will assure the best of satisfaction for all concerned. The "Umps" for Saturday will be well-known to the Watertown visitors, having handled many important games in New York state.

The "Stars" were hard at work on Thursday evening, and the management of the team are highly satisfied with the talent they have gathered together for the all-important contest. The Kingstonians are out to win a game, and they well know the calibre of the team they have to battle with. The K. of C. aggregation are about the best collection of baseballers within some few miles of this town, and the locals will have to go the limit to gather in the bacon. Win or lose, the game will be fast and furious, and the fans will be tickled to death anyway.

The team will be picked from the following: Cherry, J. Quinn, Goodfriend, Twigg, Squire, Arnell, Ada, Daly, Watts, Evans, Coyne, Curran, A. Quinn and Pound.

Explanation by Hamilton. The Hamilton Spectator says: Hamilton is in second place in the Michigan-Ontario league standing this morning and Sandy Ballantine blames morning baseball for it. Alexander the Great claims that if yesterday's game had been played at a sane hour, the Hams would have won, for he says that high-salaried athletes cannot perform as well in the morning as after they have partaken of their noonday meal. But until the Hamilton pitching staff is bolstered up, it does not look as though the team is going to get better than second.

Win For Oshawa. The Oshawa team, with it Kingston lineup defeated the Bowmanville team in the Central League at Bowmanville, on Wednesday by a score of 8 to 0. Gallagher played in centre field and Patton, who was on the mound, struck out seven men and was given gilt-edged support.

AMERICA'S GREATEST THOROUGHBRED

Every year there is a new turf idol—a champion all racegoers love. But never was there a more popular thoroughbred in this or perhaps any other country than Wills Sharpe Killmer's grand old horse, Exterminator. This seven-year-old unsexed son of McGee and Fair Empress upset all the dope when he defeated Grey Lag in the Brooklyn handicap at Aqueduct for the \$10,000 purse. Exterminator has won forty-three races out of eighty-one starts and was out of the money only a few times. He has won more than \$213,000—more than any other horse in the history of American turf, with the exception of Man o' War, and comes well within striking distance of the latter's mark.

CRIGUI'S PROGRAMME LAID OUT

Eugene Criqui, French featherweight, wants to win the championship of Europe from Arthur Wynn, the Belgian, before going to the United States. Efforts have been under way to sign up Criqui for a bout with "Pepper" Martin in New York, in July, but it now appears from statements by Criqui's manager that this affair will be held later in the summer.

SWIMMER'S HARD TEST

Towing a row boat occupied by five persons, Charles Toth, who will attempt to swim the English Channel this summer, swam five miles from L. Street bathhouse, Boston, to Castle Island and returned. The first half of the swim was against wind and tide. His time was two hours and two minutes. The total deadweight of the tow was 1,436 pounds. Toth showed no signs of fatigue after the test.

DID BRITTON HAND LEONARD THE RAZZ

Benny's Friends Say That Jack Had His Angora.

New York is still trying to find out what induced Benny Leonard to throw away the welterweight championship the other night by walking around the referee and pasting Jack Britton when he was down.

Friends of Leonard and Britton become indignant at even a hint that it might have been a pre-arranged bit of acting to pave the way for another meeting at some future date. Leonard still stoutly maintains that Britton was not officially on the floor when he hit him and others of the lightweight champion's following defend him by claiming that he lost his head.

Apparently the New York boxing commission has no doubts about the fight being "on the up and up." The commission suspended Charley Leonard, the champion's brother, for jumping into the ring and making it a double foul, but the solons didn't

pay the slightest attention to the stories going up and down Broadway about "funny business" in that thirteenth round. Stories in defense of Leonard have it that the lightweight champion was than anything else to win his last worked into a frenzy by the verbal

shots of Britton during the fight and he had shown signs of being rattled several times earlier. Britton is a great kiddier in the ring. It was his razzing that did more than anything else to win his last fight with Ted Lewis.
