## NINE OUT OF TEN QUEEN'S MEN PASS THE COUNCIL

Kingston Medical Students Highly Successful in Dominion Examinations.

The results of the recent Dominion council examinations announced Friday, show that Queen's graduates are maintaining the high standard of the college, practically duplicating the results of last year when a very creditable standing was made. In the dominion examinations held this year, of the ten graduates of the local college who wrote, nine were successful. Of this number, all who took their entire course of medical studies with the year of Medicine '22 received the standing. There were forty-eight successful candidates in Canada. These certificates qualify the doctors to practice in any part of Canada.

The following are those who passed: C. W. Atchison, Loughheed, Alta.; G. Bicum, Somers; C. M. Eynon, Ottawa; H. Featherston, Ottawa; N. V. Freeman, Inverary; A. E. Friend, Wolfe Island; B. E. Knapp, Brockville; C. W. White, Prince Albert, Sask.; R. G. Yoerger, Humboldt, Sask.

It is understood that the Ontario department council results of the Ontario council examinations, which are expected to be announced in the course of a few days, will also be gratifying to the staff of the local college. Thirty-two of the local college graduates wrote these tests.

## KINGSTONIAN RECEIVES LETTER VIA AEROPLANE

W. H. Norris Has an interesting Report on Conditions Around Lethbridge.

W. H. Norris, of this city, on Saturday morning, received a letter via aeroplane, from his son-in-law, Arthur Dowsley, Lethbridge. The envelope was marked, "Greeting via the First Canadian Air Mail Plane," and was dated at Lethbridge, June 20th. The mail went by aeroplane from Lethbridge to Ottawa, and came on by rail from the capital to Kingston.

In his letter, Mr. Dowsley states that the crops are fairly good, in fact the crops in the south are better than the north.

"There is quite an oil excitement underground here," says Mr. Dowsley, "as the Montana oil field is almost up to our line at Cotts, which is on the boundary. In the last ninety days, there has been put in about thirty rigs. In a month there will be others coming in. All the geologists claim the field extends over this side. If it does, I expect to do very well. We have irrigation, coal and wheat, and oil is the only thing we want to make this a great country."

## SACRED CONCERT.

## Algonquin Days.

The indications for a very successful season at Algonquin Park this year are gratifying. Many reservations have been made at "The Highland Inn" and "Log Cabin Camps," and inquiries for literature and accommodation are coming in rapidly from residents of the United States, who have heard of this wonderful district. It is a territory "Par Excellence" for the summer vacationist, 2,000 feet above sea level, good fishing, boating and bathing. It also offers ideal opportunities for the amateur photographer, the camper and the canoe cruiser. Ask Canadian National Grand Trunk agents for a copy of Algonquin Park folder, or write N. T. Clarke, manager, Highland Inn, Algonquin Park Station, Ont.

## CHURCH SERVICES.

LaFlair, pastor. 10 a.m. Bible school 11 a.m. Sermon Theme, "Spiritual Mountain Climbing." 7 p.m. Sermon Theme, "Seeking Lost Treasure." Services conducted by the pastor. Union St. Church - George. Cowie, B.A., student pastor. 3 p.m. Bible school. 7 p.m. Public Worship.

No University Education Needed. The Ottawa Journal says: "Queen's University will include folk lore, interpretative and parlor dancing in its summer course, according to a press despatch. Still, many a gay young flapper with a neatly turned ankle in the four o'clock fashion parade on Sparks street is quite convinced that one doesn't need a university education to shake a nifty hoof or be accomplished in the grace of Terpsichore."

## Get Scared.

Get scared out of your scare. Don't let anyone know if you are afraid. Business is rapidly returning to the merchant who isn't afraid it will not pass him by. It won't pass any merchant by if he advertises - especially if he advertises in this newspaper.
